The Vacuum Cleaner Carroll Gantz, 2012-10-05 House cleaning has been an innate human activity forever but only since the early 19th century have mechanical devices replaced the physical labor performed mostly by women Mechanical carpet sweepers were replaced by manual suction cleaners which in turn were replaced by electric vacuum cleaners in the early 20th century Innovative inventors who improved vacuum cleaners as electricity became commonly available made these advances possible Many early manufacturers failed but some such as Bissell Hoover Eureka and others became household names as they competed for global dominance with improved features performance and appearance This book describes the fascinating people who made this possible as well as the economic cultural and technological contexts of their times From obscure beginnings 200 years ago vacuum cleaners have become an integral part of modern household culture **The Market Makers** Peter Scott, 2017 Inter war Britain saw a boom in mass markets for consumer durables such as new suites of furniture radios and electrical and gas appliances while items like refrigerators telephones and automobiles didn't reach the mass market until the 1950s Peter Scott explores these market makers and how US innovations influenced British markets **Moody's Manual of Industrial and Miscellaneous Securities**, 1922 **The United States Patents Quarterly**, 1982 **Journey to a Sound Mind** Grace Iksrog, 2025-03-18 At every turn the enemy tried to take Grace out of the game but God Grace endured satanic ritual abuse multiple rapes a bilateral mastectomy financial devastation and extreme emotional abuse The repeated multiple traumas in her life caused her to suffer from MPD DID which she calls her gift from God Her perspective is never one of defeat Even in the midst of life's storms she finds a way to encourage us and add humor Grace walks us through her investigation as she finds the true cause of her paralyzing fear flashes of horror and tormenting internal voices Her journey led her to a strong faith and deep personal relationship with Jesus Christ Enjoy how Grace teaches her sons about God allowing us a front row seat to watch them grow in their faith God never took His hand off from Grace and He will not take His hands off from you This is a story about victory over the enemy and his schemes Grace brings a sense of strength to the process that can only come from God This is a true example of God's provision of hope for all who are hurting and long to be renewed *You Can Be Anything You Want to Be!* Claudia Sellin, 2019-04-05 Being a fan of humorist and author Erma Bombeck and enjoying her take on life the author has brought her own style and insight to everyday situations and life moments from a Baby Boomer's perspective For example do you feel invaded by a doctor prescribed colonoscopy Does exercise in general make you feel there has to be a better way to lose weight and feel good Does dealing with people sometimes leave you feeling like chewing glass would be less grating Or that being dragged by a horse could certainly give you a new appreciation for life in general Do others' opinions leave you feeling incompetent as to what you want to do with your life And if death or divorce enters the stage do you feel divided dissected and defeated These and more of life's little surprises along with original poetry born from some of those experiences and observations await you
