landscape **Cradle of America** Peter Wallenstein, 2014-08-15 As the site of the first permanent English settlement in North America the birthplace of a presidential dynasty and the gateway to western growth in the nation's early years Virginia can rightfully be called the cradle of America Peter Wallenstein traces major themes across four centuries in a brisk narrative that recalls the people and events that have shaped the Old Dominion The second edition is updated with new material throughout including a new chapter on Virginia and world affairs from the Korean War through 9 11 and beyond and an expanded bibliography Historical accounts of Virginia have often emphasized harmony and tradition but Wallenstein focuses on the impact of conflict and change From the beginning Virginians have debated and challenged each other's visions of Virginia and Wallenstein shows how these differences have influenced its sometimes turbulent development Casting an eye on blacks as well as whites and on people from both east and west of the Blue Ridge Mountains he traces such key themes as political power racial identity and education Bringing to bear his long experience teaching Virginia history Wallenstein takes readers back even before Jamestown to the Elizabethan settlers at Roanoke Island and the inhabitants they encountered as well as to Virginia's leaders of the American Revolution He chronicles the state's dramatic journey through the Civil War era a time that revealed how the nation's evolution sometimes took shape in opposition to the vision of many leading Virginians He also examines the impact of the civil rights movement and considers controversies that accompany Virginia into its fifth century The text is copiously illustrated to depict not only such iconic figures as Pocahontas George Washington and Robert E Lee but also such other prominent native Virginians as Carter G Woodson Patsy Cline and L Douglas Wilder Sidebars throughout the book offer further insight while maps and appendixes of reference data make the volume a complete resource on Virginia's history Death Threat Michael Brandman, 2023-09-12 Buddy Steel's maverick behavior as a police officer has won his commander's respect and a promotion to LAPD homicide detective Almost immediately he is asked to join a task force working to bust a major meth shipment to LA from Mexico One of the two undercover agents on the case has gotten himself killed by the Mexican cartel but not before spilling that a female agent is deeply enmeshed within their organization The agent in question Kara Machado barely learns that her true identity may soon be exposed to the cartel when she is whisked abruptly to their family compound in Mexico cut off from any communication with the outside world But Buddy has personal history with Kara and he's determined to bring her home safely Enlisting the aid of three friends from his military days and working through back channels Buddy launches an off the books foreign invasion to find not only Kara but also the storage location of the drugs bound for LA With the odds and time against them Buddy and his team know it will take a miracle to accomplish either objective and another to get them all out alive **House & Garden** ,1927 **Working Mother** ,2000-09 The magazine that helps career moms balance their personal and professional lives **Good Housekeeping** ,1929 **Working Mother** ,2001-06 The magazine that helps career moms balance their personal and professional lives *Working Mother* ,2000-09 The magazine that helps career moms balance
