**The Scripture Text Book**, 1847

**God in our Nature** Peter Kenneth Stevenson, 2007-09-01

Arguably the leading Scottish theologian of the nineteenth century, John McLeod Campbell's theology is much criticized and often misunderstood. Previous accounts have tended to overlook both his sermons and his Christology. This reassessment of his thought breaks new ground by offering a detailed study of his sermons and by identifying the distinctive Christology which contributes to a clearer understanding of his doctrine of atonement. Drawing upon the full range of Campbell's work, *God in our Nature* brings to light a trinitarian theologian whose pilgrimage represents a journey within evangelicalism rather than a departure from the evangelical fold.

*Revelation* Grant R. Osborne, 2023-10-17

The Book of Revelation contains some of the most difficult passages in Scripture. Grant Osborne's commentary on Revelation interprets the text while also introducing readers to the perspectives of contemporary scholarship in a clear and accessible manner. Osborne begins with a thorough introduction to Revelation and the many difficulties involved in its interpretation. He discusses authorship, date of writing, and the social and cultural setting of the work. He also examines elements that complicate the interpretation of apocalyptic literature, including the use of symbols and figures of speech, Old Testament allusions, and the role of prophetic prediction. Osborne surveys various approaches commentators have taken on whether Revelation refers primarily to the past or to events that are yet future. Rather than exegesis of the text narrowly in a verse-by-verse manner, Osborne examines larger sections in order to locate and emphasize the writer's central message and the theology found therein. Throughout, he presents his conclusions in an accessible manner. When dealing with particularly problematic sections, he considers the full range of suggested interpretations and introduces the reader to a broad spectrum of commentators. *Revelation* seeks to reach a broad audience with scholarly research from a decidedly evangelical perspective.
