Joseph, Nixon S. Cleophas, 2016-05-05 One glaring lacuna in studies of Haitian Vodou is the scarcity of works exploring the connection between the religion and its main roots traditional Yoruba religion Discussions of Vodou very often seem to present the religion in vacuo as a sui generis phenomenon that arose in Saint Domingue and evolved in Haiti with no antecedents What is sorely needed then is more comparative studies of Haitian Vodou that would examine its connections to traditional Yoruba religion and thus illuminate certain aspects of its mythology belief system practices and rituals This book seeks to bridge these gaps *Vodou in the Haitian Experience* studies comparatively the connections and relationships between Vodou and African traditional religions such as Yoruba religion and Egyptian religion Such studies might enhance our understanding of the religion and the connections between Africa and its Diaspora through shared religious patterns and practices The general reader should be mindful of the transnational and transcultural perspectives of Vodou as well as the cultural socio economic and political context which gave birth to different visions and ideas of Vodou The chapters in this collection tell a story about the dynamics of the Vodou faith and the rich ways Vodou has molded the Haitian narrative and psyche The contributors of this book examine this constructed narrative from a multicultural voice that engages critically the discipline of ethnomusicology drama performance art anthropology ethnography economics literature intellectual history philosophy psychology sociology religion and theology Vodou is also studied from multiple theoretical approaches including queer feminist theory critical race theory Marxism postcolonial criticism postmodernism and psychoanalysis **The Funk Movement** Reiland Rabaka, 2024-10-23 Rabaka explores funk as a distinct multiform of music aesthetics politics social vision and cultural rebellion that has been remixed and continues to influence contemporary Black popular music and Black popular culture especially rap music and the Hip Hop Movement The Funk Movement was a sub movement within the larger Black Power Movement and its artistic arm the Black Arts Movement Moreover the Funk Movement was also a sub movement within the Black Women s Liberation Movement between the late 1960s and late 1970s where women s funk especially Chaka Khan and Betty Davis s funk was

understood to be a form of Black musical feminism that was as integral to the movement as the Black political feminism of Angela Davis or the Combahee River Collective and the Black literary feminism of Toni Morrison or Alice Walker This book also demonstrates that more than any other post war Black popular music genre the funk music of the 1960s and 1970s laid the foundation for the mercurial rise of rap music and the Hip Hop Movement in the 1980s and 1990s This book is primarily aimed at scholars and students working in popular music studies popular culture studies American studies African American studies cultural studies ethnic studies critical race studies women s studies gender studies and sexuality studies

Intellectual, Humanist and Religious Commitment Peter Forrest,2019-07-25 This book offers a rigorous analysis of why commitment matters and the challenges it presents to a range of believers Peter Forrest treats commitment as a response to lost innocence He considers the intellectual consequences of this by demonstrating why for example we should not believe in angels He then explores why humans are attached to reason and to humanism recognising the different commitments made by theist and non theist humanists Finally he analyses religious faith specifically fideism defining it by way of contrast to Descartes Pascal and William James as well as contemporary philosophers including John Schellenberg and Lara Buchak Of particular interest to scholars working on the philosophy of religion the book makes the case both for and against committing to God recognising that God s divine character sets up an emotional rather than an intellectual barrier to commitment to worship
