billionaires that are dismantling public school systems across the United States He exposes how the greed of prominent US corporations and Wall Street banks was instrumental in creating the world s largest prison population and our most extreme anti immigrant policies Freeman also demonstrates how these racism profiteers prevent flagrant injustices from being addressed by pitting white communities against communities of color obscuring the fact that the struggles faced by white people are deeply connected with those faced by people of color Rich Thanks to Racism is an invaluable road map for all those who recognize that the key to unlocking the United States full potential is for more people of all races and ethnicities to prioritize racial justice
