Handing One Another Along Literature And Social Reflection:

Handing One Another Along Robert Coles, 2010-08-31 In this book on shaping a meaningful and ethical life the renowned Pulitzer Prize winning author explores how character courage and human and moral understanding can be fostered by reflecting on the lives of others through stories Based on Robert Coles legendary course at Harvard this provocative book addresses such questions as Who are we Where do we come from Where are we going It calls on us to become stronger and more aware by reflecting on ourselves and others with the help of great literature and art Dr Coles shows how the work of writers artists and thinkers of the past two centuries can inspire our own reflections on the daily lives we lead He offers a compelling call to venture outside of our own selves and lives and to listen attentively and with growing humanity to the way others get through life Coles encourages us to examine our own character kindness and complexity by looking carefully at our perceptions of others and by studying the wisdom of authors from Charles Dickens to Flannery O'Connor from James Agee to George Orwell and many others In this influential conversation about empathy and engagement Coles inspires us to seek out deeper meaning in our lives and guides us toward achieving greater clarity strength and richness of understanding amid the moral psychological and social complexities of the modern world *The Lord Roars*

(Theological Explorations for the Church Catholic) M. Daniel Carroll R., 2022-08-16 The world cries out for a prophetic word to the chaos unrest and destructiveness of our times Can the biblical prophets speak into our world today Old Testament ethicist M Daniel Carroll R shows that learning from the prophets can make us better prepared for Christian witness In this guide to the ethical material of Old Testament prophetic literature Carroll highlights key ethical concerns of the three prophets most associated with social critique Amos Isaiah and Micah showing their relevance for those who wish to speak with a prophetic voice today The book focuses on the pride that generates injustice and the religious life that legitimates an unacceptable status quo both of which bring judgment as well as the ethical importance of the visions of restoration after divine judgment Each of these components in the biblical text makes its own particular call to readers to respond in an appropriate manner The book also links biblical teaching with prophetic voices of the modern era **Creative Learning in**

Puzzling Portraits A.J. Culp, 2013-07-08 How are we to see the Old Testament s characters typically a tangle of both virtue and vice as models for our own ethical living It is clear that Scripture intends for us to embody some qualities while eschewing others and at times these are immediately obvious David s wholehearted pursuit of God is admirable while his adultery with Bathsheba and murder of Uriah are deplorable But more often than not we are left with shades of gray not really knowing whether the narrator approves disapproves or is indifferent to the behavior of these characters The present work seeks to address this issue situating itself at the fault line of the problem character portrayal It argues that often what we take to be the narrator s silence about a character is not silence at all rather the narrator is simply speaking in ways that we are not attuned to By becoming attuned to the voice of biblical narrative and by understanding its role in ethics therefore we are better able to understand the characters as resources for our own ethics This work develops its ideas by leveraging pertinent literary and ethical models which are then trained upon a particular case in point the Gideon account in Judges 6 8

Pragmatic Humanism Marcus Morgan, 2016-01-29 Is sociology best understood as simply chipping away at our ignorance about society or does it have broader roles and responsibilities If so to what or perhaps to whom are these responsibilities Installing humanity as its epistemological and normative start and endpoint this book shows how humanism recasts sociology as an activity that does not merely do things or effect things but is also self consciously for something Rather than resurrecting problematic classical conceptions of humanism the book instead constructs its arguments on pragmatic grounds showing how a pragmatic humanism presents an improved picture of both the nature and value of the discipline This picture is based less around the claim that sociology is capable of providing authoritative revelations about society and more upon its capacity to offer representations of the social in epistemologically open transformative ethical and hopeful ways Ultimately it argues that sociology s real value can only be disclosed by replacing its image as a discipline aimed towards disinterested social enlightenment with one of itself as a practice both dependent upon and at its best self consciously aimed towards human ends and imperatives It will appeal to

scholars and students across the social sciences and to those working in social theory sociology and philosophy of the social sciences in particular

My Eyes Feel They Need to Cry Martha Aladjem Bloomfield, 2013-07-01 As intimate as they are inspiring these stories of transformation drawn from the oral histories of formerly homeless adults testify to the determination of the human spirit and the healing power of sharing one's journey This gripping collection gives voice to the traditionally voiceless inviting men and women from a variety of cultural and ethnic backgrounds to share their experiences of what it was like to live on the streets in cars under bridges and of how they discovered the inner motivation to change the course of their lives in a positive direction An important contribution to understanding how destructive patterns can be broken this book examines some key questions How do those who have suffered from homelessness and the hardships that accompany it find the inspiration and courage to break the seemingly endless cycle transform their lives and become self sufficient What emotional price do they pay When do they realize that enough is enough How do they learn to trust new people when so many have disappointed them Homeless people can and do find a way off the streets as these men and women reveal through their stories paintings and poetry

Cosmopolitan Sexualities Ken Plummer, 2016-09-26 How are we to live with the wide varieties of sexuality and gender found across the rapidly changing global order Whilst some countries have legislated in favour of same sex marriage and the United Nations makes declarations about gender and sexual equality many countries across the world employ punitive responses to such differences In this compelling and original study Ken Plummer argues the need for a practical utopian project of hope that he calls cosmopolitan sexualities He asks how can we connect our

differences with collective values our uniqueness with multiple group belonging our sexual and gendered individualities with a broader common humanity Showing how a foundation for this new ethics politics and imagination are evolving across the world he discusses the many possible pitfalls being encountered He highlights the complexity of sexual and gender cultures the ubiquity of human conflict the difficulties of dialogue and the problems with finding any common ground for our humanity Cosmopolitan Sexualities takes a bold critical humanist view and argues the need for positive norms to guide us into the future Highlighting the vulnerability of the human being Plummer goes in search of historically grounded and potentially global human values like empathy and sympathy care and kindness dignity and rights human flourishing and social justice These harbour visions of what is acceptable and unacceptable in the sexual and intimate life Clearly written the book speaks to important issues of our time and will interest all those who are struggling to finding ways to live together well in spite of our different genders and sexualities

The Hebrew Prophets after the Shoah Hemchand Gossai, 2014-06-30
The Shoah is without question the defining moment in modern history and it has transformed the manner in which the Bible is read and how God is understood Questions that hitherto were rarely posed publicly must now be posed and the human drama born out of exile bondage and genocide must be reckoned with in a new light These are issues that are predicated on a faithful God to whom challenging and even unanswerable questions must be voiced So how might the Hebrew prophets address such contemporary issues as imperial militarism eminent domain trust and trauma hunger and power memory and shame blame and self critique madness and exceptionalism The daring words of the Hebrew prophets must have voices of testimony and witness in our time This book speaks to that challenge

Why Men Hurt Women and Other

Reflections on Love, Violence and Masculinity Kopano Ratele, 2022-09 This book represents Kopano Ratele's meditations on love violence and masculinity Men in our society Ratele contends suffer from an unrecognised painful yet consequential love hunger that sets in during boyhood This need for love may lie at the root of some masculine violence Ultimately the book seeks to imagine the possibility of a more loving masculinity in a society awash with violence Ratele argues that just as the beliefs and practices relating to gender sexuality and the nature of love are constantly being challenged and revised so our ideas about masculinity and men's and boys capacity to show genuine loving care for each other and for women can evolve too Back cover

Traces 2 Meaghan Morris, Brett De Bary, 2001-01-01 This book explores complex relations between violence historical memory and the production of ethnicity and race Some essays analyze the panicked othering that has led to violence against Chinese Indonesians and to the little known massacres of Hui Muslims in nineteenth century China and of Cheju Islanders in Korea in 1948

Social Class Supports Georgianna Martin, Sonja Ardoyn, 2023-07-03 Historically higher education was designed for a narrow pool of privileged students Despite national state and institutional policies developed over time to improve access higher education has only lately begun to address how its unexamined assumptions practices and climate create barriers for poor and working class populations and lead to significant disparities in degree completion across social classes The data shows that higher education substantially fails to provide poor and working class students with the necessary support to achieve the social mobility and success comparable to the attainments of their middle and upper class peers This book presents a comprehensive range of strategies that provide the fundamental supports that poor and working class students need to succeed while at the same time dismantling the inequitable barriers that make college difficult to navigate Drawing on the concept of the student ready college and on emerging research and practices that colleges and universities can use to explore campus specific social class issues and identify barriers this book provides examples of support programs and

services across the field of higher education at both two and four year public and private institutions that cover Access supports Examples and recommendations for how institutions can assist students as they make decisions about applications and admission Basic needs supports Covering housing and food security necessary clothing sense of belonging through co curricular engagement and mental health resources Academic and learning supports Describes courses and academic programs to promote full engagement among poor and working class students Advising supports Illustrates advising that acknowledges poor and working class students identities and recommends continued training for both staff and faculty advisors Supports for specific populations at the intersection of social class with other identities such as Students of Color foster youth LGBTQ and doctoral students Gaining support through external partnerships with social services business entities and fundraising This book is addressed to administrators educators and student affairs personnel urging them to make the institutional commitment to enhance the college experience for poor and working class students who not only represent a substantial proportion of college students today but constitute a significant future demographic

In Search of Human Nature Carl N. Degler, 1992-11-05 Winner of the Pulitzer Prize in History in 1972 and a past president of both the Organization of American Historians and the American Historical Association Carl Degler is one of America's most eminent living historians He is also one of the most versatile In a forty year career he has written brilliantly on race Neither Black Nor White which won the Pulitzer Prize women's studies At Odds which Betty Friedan called a stunning book Southern history the New Deal and many other subjects Now in The Search for Human Nature Degler turns to perhaps his largest subject yet a sweeping history of the impact of Darwinism and biological research on our understanding of human nature providing a fascinating overview of the social sciences in the last one hundred years Just how much of human nature is determined by genetics With this sweeping book Pulitzer prize winning historian Carl Degler provides an engrossing account of how we have grappled with that question by tracing the impact of Darwinism on the social sciences in the last hundred years The idea of biological roots to human nature was almost universally accepted at the turn of the century and was used to reinforce prejudice against women non whites and the poor whose positions were seen as the result of genetic weakness until it was discredited by the likes of Franz Boas Margaret Mead and B F Skinner But more recently Degler writes under the influence of Konrad Lorenz Jane Goodall Edward O Wilson and others a more objective approach has uncovered new links between evolution and human behavior A masterful work by one of America's preeminent historians In Search of Human Nature sheds brilliant new light on an essential question and how changing times have influenced the answers we have found

The Saturday Review of Politics, Literature, Science and Art, 1862

An Unlikely Journey Eduardo Silveira Mufarej, 2025-03-28 In his book An Unlikely Journey Mufarej emphasizes the urgent need for new ethical and competent leaders in Brazilian politics and argues that the existing political class has failed to address the country's deep rooted issues effectively The book is intended to inspire readers to engage in the political process and contribute to the country's renewal

Mufarej calls on citizens to take an active role in shaping Brazil's future by supporting new political candidates and holding existing leaders accountable. Sharing his vision for a better Brazil, Mufarej highlights the importance of transparency, accountability, and public service. The book also details the creation and mission of RenovaBR, the organization Mufarej founded to train and support new political leaders. He explains the criteria for selecting candidates and the comprehensive training program they undergo, which includes courses on public policy, ethics, and effective governance. Throughout the book, Mufarej provides personal anecdotes and reflections on his journey from the business world to social entrepreneurship. He discusses the motivations behind his shift in focus and the challenges he faced along the way. *Unlikely Journey* serves as both a manifesto for political renewal in Brazil and a guide for aspiring leaders who wish to make a positive impact on their country.
