Happy Days Uncle Sergio:

Happy Days, Uncle Sergio Magali García Ramis, 1995 The effect on a Puerto Rican family which is without a man in the house of a visit by an uncle from New York For the first time the conversation rises above the mundane The novel is narrated by a girl who describes the joy of having her horizons widened **Chicano/Latino Homoerotic Identities** David W.

Foster, 2014-07-16 This collection which grew out of a research conference held at Arizona State University in November 1997 examines varieties of Chicano Latino homoerotic identities It includes essays by a group of scholars who are engaged in defining the parameters of these identities and who are concerned with how those identities interact with the dominant ones articulated by a hegemonic Anglo society in the United States **Encyclopedia of Hispanic-American Literature** Luz

Elena Ramirez, 2015-04-22 Presents a reference on Hispanic American literature providing profiles of Hispanic American writers and their works *Saddling La Gringa* Phillipa Kafka, 2000-09-30 Because of their ethnic identity Latinas sometimes face discrimination in the United States Latinas are additionally oppressed because of their gender because they are women they hold a subordinate position in patriarchal Latino culture The oppression of Latinas is maintained through various cultural mechanisms which sustain power relations based on gender This book gives special attention to the role of female cultural gatekeepers in novels by contemporary Latina writers These gatekeepers enforce and perpetuate patriarchal cultural constraints onto future generations of Latinas They construct and police female identity including their own through the use of idiomatic expressions epithets jokes morality tales and myths The volume begins by examining Judith Ortiz Cofer's *Silent Dancing* a work that clearly illustrates the role of gatekeepers in perpetuating gendered power relations It then turns to the writings of Christina Garcia Julia Alvarez Rosario Ferre and Magali Garcia Ramis Through their highly critical yet loving characterizations of female gatekeepers these Latina writers suggest a different way of life for Latinas a feminist way

Queer Ricans Lawrence La Fountain-Stokes, 2009-07-13 Exploring cultural expressions of Puerto Rican queer migration from the Caribbean to New York Philadelphia Chicago and San Francisco Lawrence La Fountain Stokes analyzes how artists have portrayed their lives and the discrimination they have faced in both Puerto Rico and the United States Highlighting cultural and political resistance within Puerto Rico's gay lesbian bisexual and transgender subcultures La Fountain Stokes pays close attention to differences of gender historical moment and generation arguing that Puerto Rican queer identity changes over time and is experienced in very different ways He traces an arc from 1960s Puerto Rico and the writings of Luis Rafael Sánchez to New York City in the 1970s and 1980s Manuel Ramos Otero Philadelphia and New Jersey in the 1980s and 1990s Luz María Umpierre and Frances Negrón Muntaner and Chicago Rose Troche and San Francisco Erika Lopez in the 1990s culminating with a discussion of Arthur Aviles and Elizabeth Marrero's recent dance theater work in the Bronx Proposing a radical new conceptualization of Puerto Rican migration this work reveals how sexuality has shaped and defined the Puerto Rican experience in the United States **Family Matters** Marisel C. Moreno, 2012 Adopting a comparative and

multidisciplinary approach to Puerto Rican literature Marisel Moreno juxtaposes narratives by insular and U S Puerto Rican women authors in order to examine their convergences and divergences By showing how these writers use the trope of family to question the tenets of racial and social harmony an idealized past and patriarchal authority that sustain the foundational myth of la gran familia she argues that this metaphor constitutes an overlooked literary contact zone between narratives from both sides Moreno proposes the recognition of a transinsular corpus to reflect the increasingly transnational character of the Puerto Rican population and addresses the need to broaden the literary canon in order to include the diaspora Drawing on the fields of historiography cultural studies and gender studies the author defies the tendency to examine these literary bodies independently of one another and therefore aims to present a more nuanced and holistic vision of this literature

"They Take Our Jobs!" Aviva Chomsky, 2007-06-01 Claims that immigrants take Americans jobs are a drain on the American economy contribute to poverty and inequality destroy the social fabric challenge American identity and contribute to a host of social ills by their very existence are openly discussed and debated at all levels of society Chomsky dismantles twenty of the most common assumptions and beliefs underlying statements like I m not against immigration only illegal immigration and challenges the misinformation in clear straightforward prose In exposing the myths that underlie today s debate Chomsky illustrates how the parameters and presumptions of the debate distort how we think and have been thinking about immigration She observes that race ethnicity

and gender were historically used as reasons to exclude portions of the population from access to rights Today Chomsky argues the dividing line is citizenship Although resentment against immigrants and attempts to further marginalize them are still apparent today the notion that non citizens too are created equal is virtually absent from the public sphere Engaging and fresh this book will challenge common assumptions about immigrants immigration and U S history *Bibliographic Guide to Chicana and Latina Narrative* Kathy Leonard,2003-08-30 There has been a dramatic increase in the amount of narrative work published by Chicana and Latina authors in the past 5 to 10 years Nonetheless there has been little attempt to catalog this material This reference provides convenient access to all forms of narrative written by Chicana and Latina authors from the early 1940s through 2002 In doing so it helps users locate these works and surveys the growth of this vast body of literature The volume cites more than 2 750 short stories novels novel excerpts and autobiographies written by some 600 Mexican American Puerto Rican Cuban American Dominican American and Nuyorican women authors These citations are grouped in five indexes an author title index title author index anthology index novel index and autobiography index Short annotations are provided for the anthologies novels and autobiographies Thus the user who knows the title of a work can discover the author the other works the author has written and the anthologies in which the author s shorter pieces have been reprinted along with information about particular works **Her True-true Name** Pamela Mordecai,Betty Wilson,1989 31 women writers from throughout the Caribbean express the loss and the longing the pride and passion of the Caribbean identity

Encyclopedia of the American Novel Abby H. P. Werlock,2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **Vulnerable States** Guillermina De Ferrari,2012-06-29 According to Martinican theorist douard Glissant the twentieth century has been dominated in the Caribbean by a passion for the remembrance of colonial history But while Glissant identifies this passion for memory in the thematizing of nature in Caribbean modernist life scholar Guillermina De Ferrari claims it is the vulnerability of the human body that has become the trope to which Caribbean postmodernist authors largely appeal in their efforts to revise the discourse that has shaped postcolonial societies In *Vulnerable States Bodies of Memory in Contemporary Caribbean Fiction* De Ferrari offers a comparative study of novels from across the Caribbean arguing that vulnerability symbolic and therefore political should be seen as the true foundation of Caribbeanness While most theories of the region have traditionally emphasized corporeality as a constitutive aspect of Caribbean societies they assume its uniqueness is founded on race itself understood either as a fact of the body or as the ethnic fusion of distinctive cultures of origin In reconceptualizing corporeality as vulnerability De Ferrari proposes an alternative view of Caribbeanness based on affect that is on an emotional disposition that results from the alienating role historical medical and anthropological notions of the body have traditionally

played in determining how the region understands itself While vulnerability thus addresses the role historically played by race in determining systems of social and political powerlessness it also prefigures other ways in which Caribbeanness is currently negotiated at local and international levels ranging from the stigmatization of the ill to the global fetishization of the region's physical beauty material degradation and political stagnation Positioned at the intersection of literary and anthropological study Vulnerable States will appeal to Caribbeanists of the three major language areas of the region as well as to postcolonial scholars interested in issues of race gender and nation formation
