Gn Netcom 9120 User Manual:

The Internet: The Missing Manual J.D. Biersdorfer, David Pogue, 2006-07-21 The Internet is almost synonymous with change that's one of its charms and one of its headaches You may think you know the Internet but are you really up to speed on internet telephones movie and TV downloading blogging gaming online banking dating and photosharing This utterly current book covers Getting Online Readers will have all the information they need to decide what kind of broadband connection works best for them which browser they should use and what kind of spyware fighting and virus and spam protection measures they need to protect themselves Finding Information Google may be the leading search site but it's certainly not the only game in town This book introduces a diverse and useful collection of sites that help uncover everything from health care information to shopping travel and finance to dependable reviews and ratings Movies music and photos The Web's teeming with entertainment and not just the sort of postage stamp sized videos that only a geek could love Learn where to download movies watch TV online listen to music play games and post and share photos with friends Keeping in touch Email's only the beginning This book introduces readers to the many tools that make the modern Internet such a great way to stay connected From Web based discussion groups to instant messaging programs and from blogs and podcasts to Internet based phone calls this book will help you join the conversation Ideal for anyone just venturing into cyberspace this book is also perfect for more experienced users who could use an update to today's most exciting internet applications
