God The Ingenious Alchemist Transforming Tragedy Into Blessing:

God the Ingenious Alchemist John Claypool, 2017-08 God is an ingenious alchemist with the capacity to take lead and make gold out of it God can take evil and turn it into something that makes for growth and blessing In the stories of Jacob who stole his brother's birthright and his family and in the stories of contemporary people Claypool shows us how God works through people even at their worst Page 4 of cover [God the Ingenious Alchemist](#) John R. Claypool, 2005-04 A exploration of how God works with us to bring about blessing [God the Ingenious Alchemist](#) John R. Claypool, 2005-04-01 God's goodness is bigger than all human badness writes best selling author John Claypool God's power and willingness to forgive are greater than our human capacity to sin The Bible is often held up as a source of family values but it is also full of families who falter and do so generation after generation Few families have visited as much evil on each other as Abraham's descendants in Genesis Using these stories Claypool explores how God turns the lead of evil like Jacob's theft of Esau's birthright and Joseph's brothers selling him into slavery in Egypt into the gold of abundant blessing as alchemists were said to do in the past God is always more interested in our future according to Claypool than in our pasts In this book as in his other books Claypool explores the biblical texts carefully and with a pastoral eye for the characters from Genesis and his contemporary readers This book offers challenge and comfort to people who feel that their sins may be beyond God's concern and their lives beyond redemption
