Handbook On Policing In Central And Eastern Europe:

Handbook on Policing in Central and Eastern Europe Gorazd Meško, Charles B. Fields, Branko Lobnikar, Andrej Sotlar, 2013-04-16 Policing in Central and Eastern Europe has changed greatly since the fall of the Berlin Wall. Some Central and Eastern European countries are constituent members of the European Union while others have been trying to harmonize with the EU and international requirements for a more democratic policing and developments in accordance with Western European and international policing standards especially in regard to issues of legality and legitimacy. Changes in the police training system, basic and advanced internationalization of policing due to transnationalization of crime and deviance, new police organizational structures and agencies have impacted new cultures of policing from exclusively state to plural policing. This timely volume examines developments in the last two decades to learn the nature of these changes within Central and Eastern Europe and their impact on police culture as well as on society as a whole. The development of police research has varied widely throughout Central and Eastern Europe; in some countries it has developed significantly while in others it is still in its infancy. This work will allow for a transfer of ideas and models of police organization and policing is also needed to be studied closely with an aim to provide consistent and comparable data across all of the countries discussed. For the twenty countries covered, this systematic work provides short country-based information on police organization and social control, crime and disorder trends in the last 20 years with an emphasis on policing, police training and police educational systems, changes in policing in the last 20 years, police and the media, present trends in policing, public and private, multilateral, plural policing, policing urban and rural communities, recent research trends in research on policing, specificities of research on police and policing, researchers and the police, inclusion of police researchers in policy making and police practice and future developments in policing.

The Oxford Handbook of Police and Policing Michael Dean Reisig, Robert J. Kane, 2014 The police are perhaps the most visible representation of government. They are charged with what has been characterized as an impossible mandate: control and prevent crime, keep the peace, provide public services and do so within the constraints of democratic principles. The police are trusted to use deadly force when it is called for and are allowed access to our homes in cases of emergency. In fact, police departments are one of the few government agencies that can be mobilized by a simple phone call 24 hours a day, 7 days a week. They are ubiquitous within our society but their actions are often not well understood.

Policing European Metropolises Elke Devroe, Adam Edwards, Paul Ponsaers, 2017-02-03 Understanding the politics of security in city regions is increasingly important for the study of contemporary policing. This book argues that national and international governing arrangements are being outflanked by various transnational threats including the cross-border terrorism of the attacks on Paris in 2015 and Brussels in 2016, trafficking in people, narcotics and armaments, cybercrime, the deregulation of global financial services and environmental crime. Metropolises are the focal points of the transnational networks through which policing problems are exported and imported across national borders as they provide

much of the demand for illicit markets and are the principal engines generating other policing challenges including political protest and civil unrest This edited collection examines whether and how governing arrangements rooted in older systems of national sovereignty are adapting to these transnational challenges and considers problems of and for policing in city regions in the European Union and its single market Bringing together experts from across the continent Policing European Metropolises develops a sociology of urban policing in Europe and a unique methodology for comparing the experiences of different metropolises in the same country This book will be of value to police researchers in Europe and abroad as well as postgraduate students with an interest in policing and urban policy **Handbook of Policing** Tim Newburn,2012-08-21

This new edition of the Handbook of Policing updates and expands the highly successful first edition and now includes a completely new chapter on policing and forensics It provides a comprehensive but highly readable overview of policing in the UK and is an essential reference point combining the expertise of leading academic experts on policing and policing practitioners themselves **Measuring Police Integrity Across the World** Sanja Kutnjak Ivković,M.R.

Haberfeld,2015-06-10 This book brings together research on police integrity on regions worldwide The results for each country indicate whether police officers know the official rules how seriously they view police misconduct what they think the appropriate and expected discipline for misconduct should be and how willing they are to report it Police misconduct refers to everything from corruption and use excessive force to perjury falsification of evidence and failure to react Police Integrity and police misconduct are topics of great concern worldwide Police integrity is envisioned as the inclination to resist temptations to abuse the rights and privileges of police occupation Using their extensive experience studying police integrity in the United States the editors have created an applicable framework for measuring police integrity in other countries The results of their research are brought together in this timely volume including contributions from both established democracies and countries in transition which each present unique challenges for improving police integrity Each chapter follows the same format and contains a theoretical analysis of the relevant legal historical political social and economic conditions in the country followed by the analyses of empirical results and policy recommendations In the last chapter editors Kutnjak Ivkovi and Haberfeld take a comparative look across the countries by engaging in the in depth comparative analysis This work will be of interest to researchers and policy makers studying policing both in the United States and internationally presenting a theoretical framework that can be applied to other regions for further research **Compliance, Defiance,**

and 'Dirty' Luxury Tereza Østbø Kuldova,Jardar Østbø,Cris Shore,2024-07-31 This book interrogates the transnational field of anti corruption and elite crime Using the lens of luxury art and antiquities the contributors reconceptualize the driving dialectics of corruption and anti corruption Compliance Defiance and Dirty Luxury brings together scholars across criminology anthropology sociology and the humanities to tackle these dialectics from different angles and positions digging deeper into these corrupt zigzags of compliance and defiance This approach reveals a self reinforcing accelerating neoliberal

perpetuum mobile churning out a frenzy of public private crime fighting initiatives that stimulate the expansion of various control and surveillance architectures which time and again fail This volume opens new theoretical and empirical paths of investigation for criminologists and anthropologists alike While the book speaks primarily to academic audiences and graduate students it also appeals to a broad range of professionals Tereza stb Kuldova is Research Professor and a social anthropologist based at the Work Research Institute Oslo Metropolitan University Norway Jardar stb is Professor and Head of Programme for Russian Security and Defence Policy at the Institute for Defence Studies Norwegian Defence University College Cris Shore is emeritus Professor of Anthropology at Goldsmiths University of London UK and currently Senior Research Fellow at the Institute for Advanced Study Central European University Hungary Municipal Policing in the European Union D. Donnelly,2013-01-21 The book applies a model of municipal policing to compare a number of police systems in the European Union suggesting that in the future local communities will have some form of police enforcement mechanism that will not always include the sworn police officer Under Siege Scott N. Romaniuk,2022-02-07 Under Siege Counter Terrorism and Civil Society in Hungary critically examines the effects of Hungary s counterterrorism and security policies on civil society organizations since the Fidesz party s sweeping victory in 2010 It explores the historical and political depths of the government s security apparatus including the formation and implementation of its counter terrorism laws polices and institutions as well as the terrorism landscape The author draws upon survey research conducted across four categories of civil society organizations including peacebuilding development human rights advocacy and humanitarianism and extensive data collected through semi structured interviews with members of the civil society community security actors legal experts politicians and scholars This book argues that the Hungarian government s counterterrorism and security regime has significantly altered the autonomous space in which civil society organizations operate and severely strained state society relations **Rural Criminology in Global Perspective** Matt Bowden,Gorazd Meško,2025-01-30 This timely collection crosses international boundaries to highlight criminological issues with a rural focus Using a variety of different perspectives the contributors offer lessons from research on rural crime justice and security from the seven continents with a macroscopic perspective on issues of international concern The book identifies the global context in which rural crime takes place presenting insights on crime prevention safety and security to students researchers policymakers and practitioners Chapters 2 and 8 available open access digitally under CC BY NC ND licence Community Policing - A European Perspective P. Saskia Bayerl,Ruža Karlović,Babak Akhgar,Garik Markarian,2017-05-24 This book provides a view into the multi dimensional and multi contextual nature of community policing It brings together important conceptual discussions as well as numerous case studies and real life examples of European community policing practices It further offers insights into how the primarily locally focused concept of community policing fits into an increasingly interconnected world Our book is intended for professionals working in community policing academics and policymakers developing community policing

procedures In addition the book aims to provide information for readers who are new to the subject of community policing The wide range of examples and case studies make it also an excellent resource for teaching materials Leading Policing in Europe Cales, Bryn,Tong, Steve,2017-01-18 In this unique book the authors present for the first time information from over a hundred strategic police leaders in 22 countries about how they are selected for high office how they are held to account and what their views are on current and future challenges in policing Comparative Policing from a Legal Perspective Monica den Boer, Public police forces are a regular phenomenon in most jurisdictions around the world yet their highly divergent legal context draws surprisingly little attention Bringing together a wide range of police experts from all around the world this book provides an overview of traditional and emerging fields of public policing New material and findings are presented with an international comparative perspective it is a must read for students of policing security and law and professionals in related fields The Making of a Police Officer Tore Bjørge,Marie-Louise Damen,2020-02-17 Does a more academic type of police education produce new police officers that are reluctant to patrol the streets What is the impact of gender diversity and political orientation on a police students career aspirations and attitudes to policing These are some of the questions addressed by this longitudinal project following police students in seven European countries The unique data material makes it possible to explore a wide range of topics relevant to the future development of policing police education and police science more generally Part I presents an overview of the different goals and models of police education in the seven participating countries Part II describes what type of student is attracted to police education taking into consideration educational background political orientation and career aspirations Part III shows the social impact of police education by examining students orientations towards emerging competence areas students career aspirations and students attitudes concerning trust cynicism and legalism The overall results show that police students are strikingly similar across different types of police education Students in academic institutions are at least as interested in street patrolling as students in vocational training institutions Gender and recruitment policies matters more in relation to career preferences than education models The national context plays a more important role than the type of police education system Written in a clear and direct style this book will appeal to students and scholars in policing criminology sociology social theory and cultural studies and those interested in how police education shapes its graduates **Trust and Legitimacy in Criminal Justice** Gorazd Meško,Justice Tankebe,2014-11-18 The book explores police legitimacy and crime control with a focus on the European region Using comparative case studies the contributions to this timely volume examine the effects of a transition to democracy on policing public attitudes towards police legitimacy and the ways in which perceptions of police legitimacy relate to compliance with the law Following these case studies the authors provide recommendations for improving police legitimacy and controlling crime in these particular sociopolitical environments where the police are often associated with previous military or paramilitary roles The techniques used by these researchers may be applied to studies for policing in

other regions with potential applications within Europe and beyond Chapters present topical issues of crime crime control and human emotions regarding crime criminals law enforcement and punishment in contemporary societies This book will be of interest to researchers in criminology and criminal justice as well as political science and public policy This book is highly recommended for anyone interested in procedural justice and legitimacy encounters between citizens and the state the effectiveness of governmental institutions and democratic development It stands alone in its broad cross national contributions to understanding these issues Wesley G Skogan PhD Professor of Political Science Northwestern University Chicago IL USA

The Routledge Handbook of Gender in Central-Eastern Europe and Eurasia Katalin Fábián, Janet Elise Johnson, Mara Lazda, 2021-07-25 This Handbook is the key reference for contemporary historical and political approaches to gender in Central Eastern Europe and Eurasia Leading scholars examine the region s highly diverse politics histories cultures ethnicities and religions and how these structures intersect with gender alongside class sexuality coloniality and racism Comprising 51 chapters the Handbook is divided into six thematic parts Part I Conceptual debates and methodological differences Part II Feminist and women s movements cooperating and colliding Part III Constructions of gender in different ideologies Part IV Lived experiences of individuals in different regimes Part V The ambiguous postcommunist transitions Part VI Postcommunist policy issues With a focus on defining debates the collection considers how the shared experiences especially communism affect political forces organization of gender through a broad variety of topics including feminisms ideology violence independence regime transition and public policy It is a foundational collection that will become invaluable to scholars and students across a range of disciplines including Women s Gender and Sexuality Studies and Central Eastern European and Eurasian Studies

Security Community Practices in the Western Balkans Sonja Stojanović Gajić, Filip Ejdus, 2018-07-04 In the early 1990s the Western Balkans were the scene of prolonged and bloody inter ethnic wars Numerous issues remain unresolved Bosnia is a dysfunctional state Kosovo a disputed territory Macedonia a fragile republic however it is hard now to imagine the renewal of inter state armed conflict Investigating the causes and mechanisms driving peaceful transformation in the Balkans this book examines developments in the region and contributes to discussions on security community building Focusing on how different professional communities work together in the creation of regional peace and security it sheds new light on how diplomats policemen soldiers and others brought about the transformation from conflict to peace through their everyday practices Conducted collaboratively by a research community based within the region this volume will be highly relevant to scholars and researchers studying the Balkans regional security security communities and policymakers

Policing Tim Newburn, Jill Peay, 2012-06-22 Bringing together a range of leading social scientists and criminologists this volume explores a number of key themes raised by the work of Robert Reiner Arguably the leading policing scholar of his generation Reiner s work over some 40 years has ranged broadly in this field taking in the study of police history culture organisation elites and relationships with the media Always carefully situated

within an analysis of the changing socio political circumstances of policing and crime control Robert Reiner's scholarship has been path breaking in its impact The 13 original essays in this volume are testament to Reiner's influence Although reflecting the primarily British bent within his work the essays also draw on contributors from Australia Europe South Africa and the United States to explore some of the leading debates of the moment These include but are not limited to the impact of neo liberalism on crime control and the challenges for modern social democracy police culture equality and political economy new media and the future of policing youth policing and democracy and the challenges and possibilities posed by globalisation in the fields of policing and security

Women Police in a Changing Society Mangai Natarajan, 2016-02-11 Offering a fascinating account of the development of women police over the past twenty years this book refers to the author's extended research in India to examine how the Indian experience demonstrates a valuable alternative to the Anglo American model not only for traditional societies but for women police in the West as well With reference to the establishment in 1992 of all women units in Tamil Nadu this unique experiment proved highly successful in enhancing the confidence and professionalism of women officers and ensuring the effectiveness and efficiency of the police At a time when policing is being rethought all over the world not only in traditional societies the Tamil Nadu practice illustrates important lessons for western countries that are finding it increasingly difficult to recruit and retain women officers Natarajan's remarkable book is an important and original contribution to the literature on gendered policing which to date has concentrated almost exclusively on the US and British experience

Challenges of Contemporary Policing Vicente Riccio, Di Jia, Dilip K. Das, 2024-10-02 This edited collection reflects contemporary challenges faced by police forces across the globe and the role of technology in addressing them The use of science and technology raises questions about ethics training the well being of people and freedom New technologies promise to foster police practices based on intelligence accuracy and preparedness and are considered necessary to overcome challenges such as declining budgets lack of personnel and legitimacy However technologies can also be used for authoritarian and nefarious purposes For those reasons this book aims to discuss related topics from various contexts to establish connections among common problems in the field of policing across the globe This book provides an internationally relevant assessment of the use of technology in the field of policing as well as the impact on training and police well being It is ideal for an academic audience at both graduate and undergraduate levels in the fields of criminal justice studies police studies legal sociology and public policy and will be of interest to police practitioners legal professionals social service workers and public sector managers

Trends and Future Directions in Security and Emergency Management Irena Tušer, Šárka Hošková-Mayerová, 2022-01-27 This book aims to inform about the current empirical results of the work of experts in the field security and emergency management and risk management in connecting science theory and practice in various fields related to security management and emergency management The chapters present research work and case studies from international state as well as regional levels The book is divided into five

sections which deal with Safety and Security Science Security and Emergency management Threats and Risks Cyber Risks and Extraordinary Event Preparation and Solutions The book is intended primarily for scientific communities established in security sciences theorists and experts working in various positions and levels of security organizations universities with specializations in security studies but also for the expert public interested in security issues or entities directly responsible for security and emergency management
