

Many people think of knights as fighting men in armor, but it's a *bit* more complicated than that.

In lands like The Barony, La Palais, and Regno, knights are vassals appointed by the sovereign. It is common for them to take vows in a religious knightly order.

Knights in Die Grafschaft are hereditary nobles that rule over the individual states. They serve the Graf but have more power than most other knights on the continent.

There are knights in the Occident as well. Tsarstvo has legendary Bogatyrs. The Far West is *famous* for its fearless samurai.

Tercios even tell tales of crossing the Lata Oceani and fighting with "jaguar knights" while exploring the jungles.

However, there's no proof of these tales.

I trust you found this enlightening. Fare the well until next time!

The Knight's Lore: Book 1 of Ancient Lore Godwin U. Nkere, 2015-12-14 London present day The party to end all parties Everyone will be there And everything The Kings and Queens of the Syndicate to bring life crews from all over The Capital to add soul the spirits of a fell and fallen world to wield judgement Gee and the gang were the last ones to remain that night Three young guys and three young gals fresh funky and fearless But also foolish Krador a world dating back from time itself a place where even The Angels feared to tread Their destination after unleashing the baneful forces of Lucifer Two elves two guides a friendship borne in necessity Plus the legend of the Ten Keys which unlock all the portals in the space time continuum treasures hidden since a time out of mind to protect the innocent until the times of the end And the almighty Zagen Warriors of the Ancient Lore The mighty men of antiquity born to battle brawl and bring retribution The Immortals This is a tale of how love and loyalty sacrifice and bravery can overcome all things The first saga in a series that is like no other The last chapter of a story that began here on Earth A work of powerful imagination that transforms the North London life of our youth into a mysterious other world Dr Tom Jones Senior Lecturer in English St Andrews University The Knight's Lore is a charismatic parallel world fantasy adventure with some beautiful writing The flowing prose beautiful descriptions and natural dialogue create an atmosphere that is engrossing and compelling L B Tor Pan MacMillan A new name in fantasy You're going to like him James Herbert Author **A Catalogue of Old, Rare and Curious Books** George E. achievements of the book world And so it still deserves to be Arranged not chronologically but alphabetically mostly under the names of authors but in some cases of literatures or special subjects such as Icelandic literature or Arthurian legend this set is no dry reference work These eminently browsable volumes available through Cosimo for the first time in decades in both paperback and hardcover editions are meant to be read and enjoyed by anyone who loves the written word Volume 45 features more synopses of notable works from Adam Bede by George Eliot to Zury The Meanest Man in Spring County by Joseph Kirkland including many not previously referenced in the set but highlighted as well worth a serious reader s time and attention This volume also includes a General Index to the 45 volume set **Books Added** Chicago Public Library,1916
