

## Why the Koala Has a Stumpy Tail

The following story is based on a traditional Dreaming story of how the Koala came to have a short, stumpy tail.

Long, long ago in the Dreamtime, there lived Koala and Tree Kangaroo. They were the very best of friends. Back then, Koala had a very long, furry tail just like his friend, Tree Kangaroo.

One year, there was no rain. All of the streams, rivers and lakes were dried up and no water was found anywhere. Even the leaves in the trees were dying. Koala said, "What are we going to do? We are going to die if we don't get some water to drink." Just then, Tree Kangaroo had a plan. He remembered back to the last dry season when his mother dug a hole in a dry stream bed. "She dug for hours until water began to fill the bottom of the dry hole," said Tree Kangaroo. "Let's try that!" said Koala.

So, Tree Kangaroo and Koala walked until they came to a dry stream bed. It was as dry as the desert. Koala said, "I am so thirsty and tired. Before I can start digging, I need to have a rest." So Koala climbed up the closest tree, and left Tree Kangaroo to start digging for the water.

After lots of digging, Tree Kangaroo called out to Koala, "Hey Koala, come and help me dig!" Koala began to climb down from the tree until he let out a big "Ouch!"
