new believers to veterans of the faith will discover anew one of the richest sources of wisdom ever written **What You Need to Know About Spiritual Warfare in 12 Lessons** Max Anders, 1997-03-18 What does the Christian faith say about spiritual forces Spiritual Warfare outlines what the Bible says about good angels bad angels Satan and the nature and activity of each This non sensational overview shows how believers can resist evil and stand firm in their faith **Charisma and Christian Life** ,1995 Do Ask, Do Tell, Let's Talk Brad Hambrick, 2016-03-01 Conversations among friends accomplish more than debates between opponents Conversations on controversial issues do not to go well when the dialogue happens community to community or figurehead to figurehead Whether it s race religion or politics groups don t talk well with groups Too much is at stake when we feel like our words and actions speak for the collective whole Platforms and podiums will never accomplish what can only be done around dinner tables and in living rooms Two individuals from those respective groups are much more likely to forge a good relationship influencing one another in various ways Unfortunately an individual who listens well is often viewed by his or her collective compatriots as engaging in compromise at the group level representing each side fairly feels too much like agreement That is why the aim of this book is friendship Friendship is the level at which influence can be had because the dialogue does not seek to represent an agenda but to understand a person Friendship is what protects good points from becoming gotcha moments The subject for which this approach may be most vital for the modern church may be homosexuality and same sex attraction SSA Yet our approach has tended to be more polemical or political than pastoral and personal Churches have articulated their position on a conservative sexual ethic Churches have re examined the key biblical texts that are challenged in defense of a progressive sexual ethic As important as these things are however they do not equip everyday Christians to develop meaningful friendships with people who experience same sex attraction or have embraced a gay identity In the absence of relationship our theology becomes theory Many Christians are seeing that the church s unwillingness to befriend people who experience SSA has blocked us from engaging with the subject of homosexuality on a person to person level We are reticent to engage relationships where it feels probable that there will be awkwardness Admittedly this book is not as neat as you might like for it to be Many tensions will be navigated maybe not all contradictions will be avoided However when it comes to being salt and light for the sake of the gospel it seems far better to choose possible messiness over guaranteed ineffectiveness That means we must realize that it is good for us to have conversations where we don t know what to say This is part of the essence of being a growing person When we re not having conversations that challenge us to think about new things we will commit sins either of pride or apathy We should always be praying that God will bring people into our lives who will provide the opportunity for us to ask new and important questions The desire of this book is to be a resource God uses to grow his people into excellent ambassador friends to their classmates colleagues and family members who experience SSA If this is what you want to do and be then God will be faithful to complete this work in you regardless of the strengths and weaknesses insights and oversights of this book Philippians 1 6
