Jewish-Christian Dialogue and the Life of Wisdom Matthew Levering, 2010-03-21 This book inquires as to whether theological dialogue between Christians and Jews is possible not only in itself but also as regards the emergence of communities of Messianic Judaism In light of David Novak's insights Matthew Levering proposes that Christian theological responses to supersessionism need to preserve both the Church's development of doctrine and Rabbinic Judaism's ability to define its own boundaries The book undertakes constructive philosophical theology in dialogue with Novak Exploring the interrelated doctrines of divine providence theonomy the image of God and natural law Levering places Novak's work in conversation especially with Thomas Aquinas whose approach fosters a rich dialogue with Novak's broadly Maimonidean perspective It focuses upon the relationship of human beings to the Creator with attention to the philosophical entailments of Jewish and Christian covenantal commitments aiming to spell out what true freedom involves It concludes by asking whether Christians and Jews would do better to bracket our covenantal commitments in pursuing such wisdom Drawing upon Novak's work the author argues that in the face of suffering and death God's covenantal election makes possible hope lacking which the quest for wisdom runs aground

reduction or privatization of faith In *Dialogues between Faith and Reason* John H Smith traces a major line in the history of theology and the philosophy of religion down the slippery slope of secularization from Luther and Erasmus through Idealism to Nietzsche Heidegger and contemporary theory such as that of Derrida Habermas Vattimo and Asad At the same time Smith points to the persistence of a tradition that grew out of the Reformation and continues in the mostly Protestant philosophical reflection on whether and how faith can be justified by reason In this accessible and vigorously argued book Smith posits that faith and reason have long been locked in mutual engagement in which they productively challenge each other as partners in an ongoing dialogue Smith is struck by the fact that although in the secularized West the death of God is said to be fundamental to the modern condition our current post modernity is often characterized as a postsecular time For Smith this means not only that we are experiencing a broad based return of religion but also and more important for his argument that we are now able to recognize the role of religion within the history of modernity Emphasizing that thanks to the logos located in the beginning the death of God is part of the inner logic of the Christian tradition he argues that this same strand of reasoning also ensures that God will always return often in new forms In Smith's view rational reflection on God has both undermined and justified faith while faith has rejected and relied on rational argument Neither a defense of atheism nor a call to belief his book explores the long history of their interaction in modern religious and philosophical thought

A Short History of Jewish Ethics

Alan L. Mittleman, 2012-01-17 *A Short History of Jewish Ethics* traces the development of Jewish moral concepts and ethical reflection from its Biblical roots to the present day. Offers an engaging and thoughtful account of Jewish ethics. Brings together and discusses a broad range of historical sources covering two millennia of writings and conversations. Combines current scholarship with original insights. Written by a major internationally recognized scholar of Jewish philosophy and ethics. Elliot N. Dorff: In Search of the Good Life Hava Tirosh-Samuelson, Aaron W. Hughes, 2014-07-17 Rabbi Elliot N. Dorff, the son of Sol and Anne Dorff, Distinguished Professor of Philosophy and Rector of American Jewish University in Los Angeles, is one of today's leading Jewish ethicists. Writing extensively on the intersection of law, morality, science, religion, and medicine, Dorff offers an authoritative and non-Orthodox interpretation of Jewish law. As a leader in the Rabbinical Assembly's Committee on Jewish Law and Standards, he has shaped the religious practices of Conservative Jews. In serving on national advisory committees and task forces, he has helped to articulate a distinctive Jewish voice on contested bioethical and biomedical issues. An analytic philosopher by training, Dorff has endorsed pluralism, arguing that Jewishness best flourishes in the context of American pluralism, and he has worked closely with non-Jews to advance religious pluralism in America. A Touch of the Sacred Dr. Eugene B. Borowitz, Frances Schwartz, 2015-04-13 Our faith in God and our love of Judaism are tested daily by our turbulent world and personal challenges. In this special book, Dr. Eugene Borowitz, the leading theologian of liberal Judaism, offers a highly accessible guide to the questions we've all wrestled with in our spiritual lives. In these pages, Borowitz shares with you his rich inner life, which draws from both the rational and mystical Jewish thought that have inspired two generations of rabbis, cantors, and educators, and will now inspire you.
