The Jews of Arab Lands Norman A. Stillman, 1979 *The Jews of Arab Lands* Norman A. Stillman, 1979 Norman Stillman has produced a comprehensive and articulate history of the turbulent and complex relationships in the Middle East that brilliantly captures the people and the history **The Jews of Arab Lands** Norman A. Stillman, 2014 **Legacy of Islamic Antisemitism** Andrew G. Bostom, M.D., 2011-11-29 Exceedingly well organized and extensively documented CHOICE The publication of the present anthology of primary sources and secondary studies on the theme of Muslim antisemitism is a groundbreaking event of major scholarly cultural and political significance Editor Andrew Bostom has mined the relevant literature to produce the fullest record on this subject in existence After the publication of his work all the oft repeated but erroneous misunderstandings of a tolerant Islam and of a medieval Jewish Muslim golden age will need to be permanently retired Everyone interested in Jewish and Islamic history as well as current events in the Middle East should read this book and soon Steven T Katz Director Elie Wiesel Center for Judaic Studies Boston University and author of Post Holocaust Dialogues and The Holocaust in Historical Context The antisemitism of the Muslim Middle East that we hear see and experience daily from the racist cartoons to the constant chorus of pigs and apes is often attributed to European origins as if the radical Muslim world learned this endemic hatred through the tragedy of imperialism and colonialism In fact a deep suspicion and frequent loathing of Jews is deeply rooted in the Middle East antedating European rule and sometimes evidenced in passages in the Koran and early holy Islamic texts Andrew Bostom produces a vast literature of Middle Eastern Islamic antisemitism and critics may be as surprised at his conclusions as they are unable to refute his carefully compiled corpus of evidence Victor Davis Hanson Senior Fellow The Hoover Institution Stanford University author of Carnage and Culture and A War Like No Other This comprehensive meticulously documented collection of scholarly articles presents indisputable evidence that a readily discernible uniquely Islamic antisemitism a specific Muslim hatred of Jews has been expressed continuously since the advent of Islam Debunking the conventional wisdom which continues to assert that Muslim animosity toward Jews is entirely a 20th century phenomenon fueled mainly by the protracted Arab Israeli conflict leading scholars provide example after example of antisemitic motifs in Muslim documents reaching back to the beginnings of Islam The contributors show that the Koran itself is a significant source of hostility toward Jews as well as other foundational Muslim texts including the hadith the words and deeds of Muhammad as recorded by pious Muslim transmitters and the sira the earliest Muslim biographies of Muhammad Many other examples are adduced in the writings of influential Muslim jurists theologians and scholars from the Middle Ages through the contemporary era These primary sources and seminal secondary analyses translated here for the first time into English such as Hartwig Hirschfeld's mid 1880s essays on Muhammad's subjugation of the Jews of Medina and George Vajda's elegant comprehensive 1937 study of the hadith detail the sacralized rationale for Islam's anti Jewish bigotry Numerous complementary historical accounts illustrate the resulting plight of Jewish

communities in the Muslim world across space and time culminating in the genocidal threat posed to the Jews of Israel today Scholars educators and interested lay readers will find this collection an invaluable resource for understanding the phenomenon of Muslim antisemitism past and present

Lieberman, 2021-09-02 Volume 5 examines the history of Judaism in the Islamic World from the rise of Islam in the early sixth century to the expulsion of Jews from Spain at the end of the fifteenth This period witnessed radical transformations both within the Jewish community itself and in the broader contexts in which the Jews found themselves The rise of Islam had a decisive influence on Jews and Judaism as the conditions of daily life and elite culture shifted throughout the Islamicate world Islamic conquest and expansion affected the shape of the Jewish community as the center of gravity shifted west to the North African communities and long distance trading opportunities led to the establishment of trading diasporas and flourishing communities as far east as India By the end of our period many of the communities on the other side of the Mediterranean had come into their own while many of the Jewish communities in the Islamicate world had retreated from their high water mark

The Nazi Holocaust Ronnie S. Landau, 2016-02-12 The Nazi Holocaust is one of the most momentous events in human history Yet it remains on many levels a baffling and unfathomable mystery By shunning simplistic explanations Ronnie Landau has set out in a clear thought provoking and enlightened fashion to mediate between this vast often unapproachable subject and the reader who wrestles with its meaning Locating the Holocaust within a number of different contexts Jewish history German history genocide in the modern age the larger story of human bigotry and the triumph of ideology over conscience Landau penetrates to the very heart of its moral and historical significance Deeply concerned lest the Holocaust as a unique phenomenon be cordoned off from the rest of human history and ghettoized within the highly charged realm of Jewish experience he is at pains to show that transmitting understanding of the Holocaust is about connecting with all humanity Intended both for the general reader and for students and academics especially in history psychology literature and the humanities this work is an important breakthrough in the struggle to perpetuate the memory of a tragedy which the world is all too ready to forget

Antisemitism F. Schweitzer,M. Perry,2003-05-29 In this provocative book Marvin Perry and Frederick M Schweitzer analyze the lies misperceptions and myths about Jews and Judaism that anti semites have propagated throughout the centuries Beginning with antiquity and continuing into the present day the authors explore the irrational fabrications that have led to numerous acts of violence and

hatred against Jews The book examines ancient and medieval myths central to the history of anti semitism Jews as Christ killers instruments of Satan and ritual murderers of Christian children It also explores the scapegoating of Jews in the modern world as conspirators bent on world domination extortionists who manufactured the Holocaust as a hoax designed to gain reparation payments from Germany and the leaders of the slave trade that put Africa in chains No other book has focused its attention exclusively on a thematic discussion of historic and contemporary anti semitic myths covering such an expansive scope of time and allowing for such a painstaking level of exemplification Anti semitism is an essential book that will serve as a corrective to bigotry stereotype and historical distortion *Jewish Emancipation* David Sorkin,2021-09-14

The first comprehensive history of how Jews became citizens in the modern world For all their unquestionable importance the Holocaust and the founding of the State of Israel now loom so large in modern Jewish history that we have mostly lost sight of the fact that they are only part of and indeed reactions to the central event of that history emancipation In this book David Sorkin seeks to reorient Jewish history by offering the first comprehensive account in any language of the process by which Jews became citizens with civil and political rights in the modern world Ranging from the mid sixteenth century to the beginning of the twenty first Jewish Emancipation tells the ongoing story of how Jews have gained kept lost and recovered rights in Europe North Africa the Middle East the United States and Israel Emancipation Sorkin shows was not a one time or linear event that began with the Enlightenment or French Revolution and culminated with Jews acquisition of rights in Central Europe in 1867 71 or Russia in 1917 Rather emancipation was and is a complex multidirectional and ambiguous process characterized by deflections and reversals defeats and successes triumphs and tragedies For example American Jews mobilized twice for emancipation in the nineteenth century for political rights and in the twentieth for lost civil rights Similarly Israel itself has struggled from the start to institute equality among its heterogeneous citizens By telling the story of this foundational but neglected event Jewish Emancipation reveals the lost contours of Jewish history over the past half millennium
