Jill's Leading Ladies Jill Allen-King OBE, 2016-12-15 When Jill Allen King OBE suddenly lost her sight at the age of 24 with little help and advice available from Social Services she had to teach herself to cope with a whole new way of living that had its own set of challenges to overcome including looking after her daughter Jacqueline born soon afterwards It wasn't until seven years later that Jill successfully completed a training course with her first guide dog and finally after years of being virtually housebound was able to begin rebuilding her confidence and reclaiming her independence Drawing on her own experiences of the problems and dangers that face the blind and partially sighted as well as those with other mobility difficulties and disabilities Jill has devoted her life to raising awareness of the needs and rights of the disabled particularly in regard to access to public buildings and campaigning for these issues to be considered by householders businesses councils and the government None of this would have been possible without her six guide dogs over the past 40 years Topsy Bunt Brandy Quella Lady and her current dog Amanda This book following close on the heels of Jill's autobiography Just Jill is a heartfelt tribute to her trusted four legged friends who have given her companionship instilled her with confidence and guided her safely in both her personal life and in her incredibly important voluntary work throughout the UK No one can fail to be inspired by Jill's perseverance and achievements or by the fantastic work that guide dogs carry out for their owners Although now in her seventies with new challenges for those with disabilities always on the horizon such as electric cars shared streets and changes to the benefits system Jill's contributions to the fight neither cease nor cease to amaze

[Just Jill](#) Jill Allen-King OBE,2011-11-22 Just Jill is an inspirational and moving account of one woman's triumph over adversity and how she used her own experience of disability to benefit others When she was growing up during the 1940s very few people were aware that Jill Allen King had lost one eye as the result of measles when she was a baby Her disability was a taboo subject and she attended a normal school progressed to catering college and secured employment as a cook However tragedy struck for the second time when glaucoma rendered her completely blind at the age of 24 on what should have been one of the happiest occasions of her life her wedding day For the next seven years Jill barely left the house too scared to go outside unaccompanied and afraid that she would never again be able to participate in the activities she loved such as dancing The birth of her daughter Jacqueline gave her renewed purpose but could not give her back the thing she desperately needed her independence It was only when Jill got her first guide dog that she began to rediscover the world outside her front door and take those first giant steps towards regaining her confidence and freedom Jill's autobiography charts her journey from partially sighted child to totally blind adult and beyond a process of readjusting and learning through grit and determination and then using her knowledge and experience to do everything in her power to help others and to campaign for reforms to secure a safer fairer and more disability aware environment It is a story that will provide encouragement to those that are struggling to cope with disabilities and also educate people from all spheres of life about the challenges and needs of disabled people At the age of 70 Jill continues to fight for the cause and hopefully her story will inspire others to take up the baton **Jill Curzon - 2023 AD** Jill Curzon,2025-01-16 Jill Curzon was a staple character

explores the role and representation of women throughout Allen's films, plays, stand-up comedy, and other writings. With more recent industrial attention towards the production of his work, notably Amazon Studios refusing to distribute a completed film, the work of Woody Allen remains markedly problematic and demands interrogation, demonstrating the timeliness of this current volume.
