Spring MVC: Beginner's Guide Amuthan Ganeshan, 2016-07-29 Unleash the power of the latest Spring MVC 4.x to develop a complete application. About This Book Work through carefully crafted exercises with detailed explanations for each step will help you understand the concepts with ease. You will gain a clear understanding of the end-to-end request-response life cycle and each logical component's responsibility. This book is packed with tips and tricks that demonstrate industry best practices on developing a Spring MVC based application. Who This Book Is For The book is for Java developers who want to exploit Spring MVC and its features to build web applications. Some familiarity with basic servlet programming concepts would be a plus but is not a prerequisite. What You Will Learn Familiarize yourself with the anatomy of the Spring 4.x development environment. Understand web application architecture and the Spring MVC request flow. Integrate bean validation and custom validation. Use error handling and exception resolving. Get to grips with REST-based web service development and Ajax. Test your web application. In Detail Spring MVC helps you build flexible and loosely coupled web applications. The Spring MVC Framework is architected and designed in such a way that every piece of logic and functionality is highly configurable. Also, Spring can integrate effortlessly with other popular web frameworks such as Struts, WebWork, Java Server Faces, and Tapestry. The book progressively teaches you to configure the Spring development environment, architecture, controllers, libraries, and more before moving on to developing a full web application. It begins with an introduction to the Spring development environment and architecture so you're familiar with the know-hows. From here we move on to controllers, views, validations, Spring Tag libraries, and more. Finally, we integrate it all together to develop a web application. You'll also get to grips with testing applications for reliability. Style and approach This book takes a pragmatic step-by-step approach to web application development using Spring MVC with informative screenshots and concise explanation.

Gift of Stone C.L. Carhart, 2023-02-10 Enter the Teutonic Fantasy Realm in this spicy fated mates paranormal romance featuring a stone witch and her unexpected match. Magic is a valuable asset until it pulls a newbie witch into unwanted romance. Abandoned with mystical blood pulsing through my veins, I struggle to choose the best path forward. My newfound elemental gifts were supposed to help me save my family from bondage. But instead, magic has aroused a compulsion to offer my body and soul to a fiery priest I've never met. My fated mate insists I should embrace our destiny that we can accomplish more together than apart. Apparently, the entire Teuton community will suffer if we don't unite our bloodlines in ritual marriage. But my mate has no concept of the danger breathing down my neck or what it could mean if my enemies learn of our connection. Can I rescue my family while shielding my mate from the backlash? Or will the demons haunting my past destroy everything I hold dear? Gift of Stone is the third urban fantasy romance novel in the Elemental Bloodlines series, although all books in this series can be read as standalones. It features a stone witch in a sizzling fated mates romance with a fiery plumber in a hot romantic story with a guaranteed happily ever after. It includes strong language.
