La Ley Del Amor Or The Law Of Love Best Seller:

A Study Guide for Laura Esquivel's "The Law of Love" Gale, Cengage Learning, 2016 The Boom Femenino in Mexico Nuala Finnegan, Jane E. Lavery, 2010-04-16 The Boom Femenino in Mexico Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades. In its exploration of the boom femenino phenomenon, the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women's writing from Mexico. In this way, it engages critically with the cultural, historical, and literary significance of the term, illuminating the concept for a wide range of readers. It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as women's writing and the very definition of literature itself. Many of the contributors grapple with the theoretical tensions that such debates provoke, offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres. The project is comprehensive in its scope and for the first time brings together scholars from Mexico, the U.S., and Europe in a transnational forum. The book posits that despite certain aesthetic and thematic commonalities, the increased output by women writers in Mexico cannot be appraised as a unified literary movement. Instead, it embraces a wide range of different generic forms, and the subjects under study in the essays in the book include the best-selling work of Angeles Mastretta, Elena Poniatowska, and Laura Esquivel, as well as the social and political preoccupations of journalists Rosanna Reguillo and Cristina Pacheco. Contributors offer readings of the aesthetic visions of writers as diverse as Carmen Boullosa, Ana García Bergua, and Eve Gil, while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel, Sabina Berman, Brianda Domecq, and María Luisa Puga. There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production. The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period. Various critical approaches are employed throughout, and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom femenino is thriving. Above all, the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated. It is clear from the collection that interest in such issues is still alive and that the debate is far from over.

Encyclopedia of Latin American Literature Verity Smith, 1997-03-26 This work is a guide to writers, works, and topics in Central and South America and the Caribbean. It contains over 400 entries written by 160 contributors, which are organized into four major types: topic, individual writer, individual work, and survey.

The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams, 2007 In this expertly crafted, richly detailed guide, Raymond Leslie Williams explores the cultural, political, and historical events that

have shaped the Latin American and Caribbean novel since the end of World War II. In addition to works originally composed in English, Williams covers novels written in Spanish, Portuguese, French, Dutch, and Haitian Creole and traces the profound influence of modernization, revolution, and democratization on the writing of this era. Beginning in 1945, Williams introduces major trends by region, including the Caribbean and U.S. Latino novel, the Mexican and Central American novel, the Andean novel, the Southern Cone novel, and the novel of Brazil. He discusses the rise of the modernist novel in the 1940s led by Jorge Luis Borges's reaffirmation of the right of invention and covers the advent of the postmodern generation of the 1990s in Brazil, the Generation of the Crack in Mexico, and the McOndo generation in other parts of Latin America. An alphabetical guide offers biographies of authors, coverage of major topics, and brief introductions to individual novels. It also addresses such areas as women's writing, Afro-Latin American writing, and magic realism. The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel, national literary traditions, and the work of individual authors. From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization, *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive, accessible portrait of a thoroughly diverse and complex branch of world literature.

Historical Dictionary of Latin American Literature and Theater Richard Young, Odile Cisneros, 2010-12-18. *The Historical Dictionary of Latin American Literature and Theater* provides users with an accessible, single-volume reference tool covering Portuguese-speaking Brazil and the 16 Spanish-speaking countries of continental Latin America: Argentina, Bolivia, Chile, Colombia, Costa Rica, Ecuador, El Salvador, Guatemala, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, Uruguay, and Venezuela. Entries for authors, ranging from the early colonial period to the present, give succinct biographical data and an account of the author's literary production, with particular attention to their most prominent works and where they belong in literary history. The introduction provides a review of Latin American literature and theater as a whole, while separate dictionary entries for each country offer insight into the history of national literatures. Entries for literary terms, movements, and genres serve to complement these commentaries, and an extensive bibliography points the way for further reading. The comprehensive view and detailed information obtained from all these elements will make this book of use to the general-interest reader, Latin American studies students, and the academic specialist.

Latin American Women Writers: An Encyclopedia María Claudia André, Eva Paulino Bueno, 2014-01-09. *Latin American Women Writers: An Encyclopedia* presents the lives and critical works of over 170 women writers in Latin America between the sixteenth and twentieth centuries. This features thematic entries as well as biographies of female writers whose works were originally published in Spanish or Portuguese and who have had an impact on literary, political, and social studies. Focusing on drama, poetry, and fiction, this work includes authors who have published at least three literary texts that have had a significant impact on Latin American literature and culture. Each entry is followed by extensive bibliographic references, including primary and secondary sources. Coverage consists of

critical appreciation and analysis of the writers works Brief biographical data is included but the main focus is on the meanings and contexts of the works as well as their cultural and political impact In addition to author entries other themes are explored such as humor in contemporary Latin American fiction lesbian literature in Latin America magic realism or mother images in Latin American literature The aim is to provide a unique thorough scholarly survey of women writers and their works in Latin America This Encyclopedia will be of interest to both to the student of literature as well as to any reader interested in understanding more about Latin American culture literature and how women have represented gender and national issues throughout the centuries
