Labor And The American Left An Analytical History

James S. Olson, Mariah Gumpert

Labor And The American Left An Analytical History:

Labor and the American Left Mel van Elteren, 2011-10-14 According to public opinion data over the past decade most Americans hold center left attitudes regarding key economic and social policy issues Recent polls even show significant support of socialism among American adults especially self identified Democrats and the millennial generation At the same time the focus of the mass media has been on a widespread right wing populism while movements on the left seem to lack political clout In order to better understand this dichotomy this book explores relations between organized labor and left wing parties and movements in America at crucial junctures from the 1870s to the present Providing fresh insight into current political developments it highlights emerging alternatives and major challenges facing labor and the left today

The Crisis and Renewal of U.S. Capitalism Laurence Cossu-Beaumont, Jacques-Henri Coste, Jean-Baptiste Velut, 2015-12-22 Despite the reversal of America's fortune from the triumphalism of the Roaring Nineties to the gloom of the lost decade and the Great Depression theoretical conceptions of US capitalism have remained surprisingly unchanged In fact if the crisis questioned the sustainability of the US capitalist paradigm it did not fundamentally challenge academic theorization of American political economy This book departs from the American political economy literature to identify three common myths that have shaped our conceptualization of US capitalism its reduction to a state market dyad disembedded from societal factors the illusion of a weak state and the synchronic conception of the US variety of capitalism To remedy these pitfalls the authors propose a civilizational approach to American political economy at the crossroads between cultural studies history sociology and political science Drawing together contributions from a rich variety of fields from geography to cultural studies political science and sociology this work sheds a new light on America's cultural political economy combining theoretical reflection with empirical data and offering innovative perspectives on the crisis and renewal of American capitalism

The New Era of the 1920s James S. Olson, Mariah Gumpert, 2017-10-12 This invaluable resource covers all aspects of 1920s political artistic popular and economic culture in America supporting the AP U S history curriculum through topical and biographical entries primary documents sample documents based essay questions and period specific learning objectives The 1920s despite President Harding's return to normalcy were a time of both great cultural and social advancement as well as various forms of oppression in the United States Bookended in history by two world wars this period saw the rise of tabloid journalism and mass media the banning and reinstatement of alcohol the advent of voting rights for women and Native Americans movements such as the Red Scare labor strikes the Harlem Renaissance and racial protests and the global reorganization that occurred as the major powers fumbled their way through postwar foreign policy and the League of Nations Almost no element of U S society was untouched The New Era of the 1920s Key Themes and Documents provides high school students taking the Advanced Placement AP U S history course and undergraduates taking a lower level American history survey course with an invaluable study guide and targeted test preparation material Much more than just

an AP test taking study guide this new title in ABC CLIO's Unlocking American History series is a true reference source for the societal political and economic history of a specific period covered in the AP U S history course Readers will also benefit from features designed for student exam preparation such as a sample documents based essay question and period specific learning objectives that are in alignment with the 2014 AP U S History Curriculum Framework

Unceasing Militant, Second Edition Alison M. Parker, 2025-03-18 Born into slavery during the Civil War Mary Church Terrell 1863 1954 would become one of the most prominent activists of her time with a career bridging the late nineteenth century to the civil rights movement of the 1950s The first president of the National Association of Colored Women and a founding member of the NAACP Terrell collaborated closely with the likes of Frederick Douglass Ida B Wells and W E B Du Bois *Unceasing Militant* is the first full length biography of Terrell bringing her vibrant voice and personality to life Though most accounts of Terrell focus almost exclusively on her public activism Alison M Parker also looks at the often turbulent unexplored moments in her life to provide a more complete account of a woman dedicated to changing the culture and institutions that perpetuated inequality throughout the United States This new edition includes a new preface in which Parker reflects on the resurgence of public interest in Terrell and discusses the newly available digitized files of Terrell's papers at the Library of Congress

The Handbook of Media and Mass Communication Theory Robert S. Fortner, P. Mark Fackler, 2014-03-10 The Handbook of Media and Mass Communication Theory presents a comprehensive collection of original essays that focus on all aspects of current and classic theories and practices relating to media and mass communication Focuses on all aspects of current and classic theories and practices relating to media and mass communication Includes essays from a variety of global contexts from Asia and the Middle East to the Americas Gives niche theories new life in several essays that use them to illuminate their application in specific contexts Features coverage of a wide variety of theoretical perspectives Pays close attention to the use of theory in understanding new communication contexts such as social media 2 Volumes

Socialism before Sanders Jake Altman, 2019-06-13 The early years of the twentieth century are often thought of as socialism's first heyday in the United States when the Socialist Party won elections across the country and Eugene Debs ran for president from a prison cell winning more than 900 000 votes Less well known is the socialist revival of the 1930s Radicalized by the contradiction of crushing poverty and unimaginable wealth that existed side by side during the Great Depression socialists built institutions organized the unemployed extended aid to the labor movement developed local political movements and built networks that would remain active in the struggle against injustice throughout the twentieth century Jake Altman brings this overlooked moment in the history of the American left into focus highlighting the leadership of women the development of the Highlander Folk School and Soviet House and the shift from revolutionary rhetoric to pragmatic reform by the close of the decade As another socialist revival takes shape today this book lays the groundwork for a more nuanced history of the movement in the United States

Deconstructing Digital Capitalism and the Smart Society Mel van

Elteren,2025-01-01 Today's critics of big online platforms tend to consider privacy breaches monopolistic practices and the deployment of surveillance technologies as the main problems Internet reformers suggest the answers to these issues reside in more and better regulations While the questions of privacy data and size are indeed important they are secondary however to a deeper set of concerns about platform ownership and control and who benefits from the current status quo This book examines these issues and offers an historical overview and in depth analysis of digital capitalism and its prevailing practices as it has become increasingly intertwined with various forms of online surveillance behavior modification and the delegation of managerial functions to algorithmic and automated systems in platform economies The approach taken extends to the wider array of data driven internet connected and automated systems that involve digital devices and technologies centered on three smart spaces the smart self the smart home and the smart city Antitrust and other regulatory measures by the European Union and the United States that are aimed at restraining platform capitalism are also discussed The focus in particular is on recent developments regarding artificial intelligence and their potentially harmful implications This is followed by a critical look at proposals for more far reaching institutional reforms revolving around the creation of forms of platform socialism that build partly on existing practices of platform cooperativism The book concludes with a diagnosis of the global situation among the competing digital empires the United States the European Union and China and considers whether or not under the present conditions any form of democratic platform socialism could materialize on a wider scale in the near future

Unceasing Militant Alison M. Parker,2020-10-29 Born into slavery during the Civil War Mary Church Terrell 1863 1954 would become one of the most prominent activists of her time with a career bridging the late nineteenth century to the civil rights movement of the 1950s The first president of the National Association of Colored Women and a founding member of the NAACP Terrell collaborated closely with the likes of Frederick Douglass Ida B Wells and W E B Du Bois Unceasing Militant is the first full length biography of Terrell bringing her vibrant voice and personality to life Though most accounts of Terrell focus almost exclusively on her public activism Alison M Parker also looks at the often turbulent unexplored moments in her life to provide a more complete account of a woman dedicated to changing the culture and institutions that perpetuated inequality throughout the United States Drawing on newly discovered letters and diaries Parker weaves together the joys and struggles of Terrell's personal private life with the challenges and achievements of her public political career producing a stunning portrait of an often under recognized political leader

The End of Loyalty Rick Wartzman,2017-05-30 Having a good stable job used to be the bedrock of the American Dream Not anymore In this richly detailed and eye opening book Rick Wartzman chronicles the erosion of the relationship between American companies and their workers Through the stories of four major employers General Motors General Electric Kodak and Coca Cola he shows how big businesses once took responsibility for providing their workers and retirees with an array of social benefits At the height of the post World War II economy these companies also believed that worker pay needed to be kept high in order to

preserve morale and keep the economy humming Productivity boomed But the corporate social contract didn't last By tracing the ups and downs of these four corporate icons over seventy years Wartzman illustrates just how much has been lost job security and steadily rising pay guaranteed pensions robust health benefits and much more Charting the Golden Age of the 50s and 60s the turbulent years of the 70s and 80s and the growth of downsizing outsourcing and instability in the modern era Wartzman's narrative is a biography of the American Dream gone sideways Deeply researched and compelling *The End of Loyalty* will make you rethink how Americans can begin to resurrect the middle class Finalist for the Los Angeles Times book prize in current interest A best business book of the year in economics Strategy Business

An Analysis of Joan Wallach Scott's *Gender and the Politics of History* Pilar Zazueta, Etienne Stockland, 2017-07-05 In His book *Gender and the Politics of History* 1998 Scott draws attention to the fact that despite gender equality's long term recognition there has been no genuinely revolutionary change unlike economic social and class inequalities
