## **Jekkas Herb Cookbook:**

*Jekka's Herb Cookbook* Jekka McVicar, 2012-03-31 Jekka McVicar's passion for herbs has evolved over 40 years. In this her first cookery book, queen of herbs Jekka offers over 250 original recipes using simple garden herbs along with tips for growing and maintaining them. Herbs have long been a part of British culinary history, yet few people utilise them to their full potential. Incredibly versatile, not only do herbs impart flavour, aroma and texture to dishes, they are extremely beneficial to our health. Much more than a cookbook, Jekka's Herb Kitchen features 50 herbs with a chapter and recipes devoted to each. Jekka's huge knowledge of each herb's history, cultivation and medicinal and culinary uses is unsurpassed. Her recipes are simple and economical; she shows how herbs can transform a cheap cut of meat, enliven a pasta sauce and even add delight to desserts. She also offers suggestions for how best to combine herbs and what parts to use, gives ideas for using up a glut of a specific herb and advises on how to preserve your herbs for the winter months. Moreover, this volume is a family affair: many of Jekka's recipes are inspired by her grandmother and mother, and the stunning illustrations are by Jekka's daughter, Hannah McVicar. With colour photographs throughout, this is a unique and beautiful volume from the UK's foremost authority on herbs.

*Jekka's Complete Herb Book* Jekka McVicar, 1994 This A-Z guide to herbs explains how to grow and maintain them, how and when to use them in the kitchen, and what properties they have for medicinal, cosmetic and household purposes. It includes information on each herb's history, such as when it was discovered and what mythological and magical associations have grown up around it. There are also sections on general herb cultivation and maintenance and tips on cooking with them.

*Jekka's Complete Herb Book* Jekka McVicar, 2007-09-30 Kitchen gardeners, cooks who love herbs and people interested in organic methods for growing herbs will all welcome this entirely redesigned, revised and updated edition of Jekka McVicar's all-time classic gardening bestseller, expanded with information on many new herbs and reformatted for a fresh, modern look. Crowned the queen of herbs by Jamie Oliver, McVicar includes here all the classics as well as 40 herbs that are new to the West. Her spread-by-spread reference work brings together all aspects of each herb: history, cultivation, propagation and harvesting, and cosmetic, medicinal and culinary uses. Chapters on propagation, harvesting and making herb oils are complemented with ideas for 10 different designs for herb gardens and a unique yearly calendar. Accurate colour photography makes identification simple and renders the book a glorious companion, the only book on the subject the reader will ever need. Probably the most authoritative book on herbs ever written, Jekka's Complete Herb Book has sold more than 300,000 copies worldwide in 12 languages.

*A Pocketful of Herbs* Jekka McVicar, 2019-03-07 From rosemary to wild garlic and hyssop to sea kale, our food would be poorer without the herbs we grow. In a compact and handy A-Z format, this guide will ensure you get the best out of your herb garden, providing details such as when and where to plant, how hardy each plant is, how to nurture and care for your herbs, and what each herb is best used for in the
