**Expanding Adaptation Networks** Kate Newell, 2017-05-22 This book addresses print based modes of adaptation that have not conventionally been theorized as adaptations such as novelization illustration literary maps pop up books and

ekphrasis It discusses a broad range of image and word based adaptations of popular literary works among them The Wizard of Oz Alice in Wonderland Daisy Miller The Strange Case of Dr Jekyll and Mr Hyde Moby Dick and Adventures of Huckleberry Finn The study reveals that commercial and franchise works and ephemera play a key role in establishing a work's iconography Newell argues that the cultural knowledge and memory of a work is constructed through reiterative processes and proposes a network based model of adaptation to explain this Whereas most adaptation studies prioritize film and television this book's focus on print invites new entry points for the study of adaptation

*Bernard Shaw's Book Reviews* Brian Tyson, 2008-01-31 These hitherto uncollected book reviews of Shaw his first journalistic efforts reveal much not only about the writer but also the culture of the time in which he lived Between 1885 and 1888 Bernard Shaw published 111 book reviews in the Pall Mall Gazette In spite of their importance as the first regular journalism Shaw wrote and the fact that the books fiction nonfiction plays and poetry he read during these years must have formed the nucleus of his permanent library the reviews have never before been analyzed in connection with Shaw's work Brian Tyson has assembled the book reviews complete with the books titles authors and a brief biography of each author including any comments Shaw made about the review and has placed them in historical context elucidating any interesting difficult or obscure references Tyson's critical introduction places the reviews in the context of Shaw's work and Victorian society The reviews are often characterized by the wit and brilliance that we associate with the later Shaw shedding light on his development as a writer at his most formative stage Regardless of the merits of the material Shaw was reviewing it is amusing and enlightening to follow him down to the wandering tributaries of Late Victorian fiction and poetry which reveal as much about Shaw as they do about the preoccupations and prejudices of the average reader of the day
