[Inhabiting the Promised Land](#) Margreet L. Steiner, 2019-09-16 For many people it is clear the actions and beliefs of Ancient Israel are described in the Bible The stories about its peoples and kings struggles and wars deities and shrines are supposed to have been told and retold throughout the ages and recorded in ancient archives At a certain moment in time these stories have been assembled in the Bible which becomes history However from the 19th

century at least scholars have doubted the historical reliability of many biblical stories and archaeological research has hardly been able to confirm their historicity The aim of this book is to describe the often complicated relationship between archaeology and the Bible It is not a book on biblical archaeology and archaeology is not used to illustrate the biblical stories let alone to prove that the Bible is right On the contrary it focuses on the information that archaeology can provide of the lives and beliefs of the ancient peoples that inhabited the land in which the Bible was written and on the question of how this information relates to the biblical stories It aims at providing some examples of how this interplay of archaeology and biblical stories works and how to interpret the discrepancy that may exist between the results of archaeological research and the biblical narrative It thus offers an introduction into the field from the standpoint of an archaeologist The book is intended for the general public and will also be of interest to biblical scholars historians and teachers as well as archaeologists in other fields It differs from the average non scholarly book on this subject in that it is more personal more eclectic more archaeological Reviews of the Dutch edition praise the passionate style and the way it focuses on the scientific process of researching problems instead of on finding answers and presenting the solution

The Jerusalem Temple Mount: A Compendium of Ancient Descriptions MARILYN SAMS, 2017-09-12

Perspectives on Early Islamic Art in Jerusalem Lawrence Nees, 2015-09-17 Through its material remains Perspectives on Early Islamic Art in Jerusalem analyzes several overlooked aspects of the earliest decades of Islamic presence in Jerusalem during the seventh century CE Focusing on the Haram al Sharif also known as the Temple Mount Lawrence Nees provides the first sustained study of the Dome of the Chain a remarkable eleven sided building standing beside the slightly later Dome of the Rock and the first study of the meaning of the columns and column capitals with figures

of eagles in the Dome of the Rock He also provides a new interpretation of the earliest mosque in Jerusalem the Haram as a whole with the sacred Rock at its center *Folktales of the Jews, V. 3 (Tales from Arab Lands)* Dan Ben Amos, 2011-05-01

Thanks to these generous donors for making the publication of the books in this series possible Lloyd E Cotsen The Maurice Amado Foundation National Endowment for the Humanities and the National Foundation for Jewish Culture Tales from Arab Lands presents tales from North Africa Yemen Lebanon Syria and Iraq in the latest volume of the most important collection of Jewish folktales ever published This is the third book in the multi volume series in the tradition of Louis Ginzberg s timeless classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives IFA named in Honor of Dov Noy at The University of Haifa a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This series is a monument to a rich but vanishing oral tradition This series is a monument to a rich but vanishing oral tradition **Rabbinic Judaism** David Kraemer, 2015-09-07 In the aftermath of the conquest of the Holy Land by the Romans and their destruction of the Jerusalem Temple in 70 CE Jews were faced with a world in existential chaos both they and their God were rendered homeless In a religious tradition that had equated Divine approval with peaceful dwelling on the Land this situation was intolerable So the rabbis aspirants for leadership of the post destruction Jewish community appropriated inherited traditions and used them as building blocks for a new religious structure Not unexpectedly given the circumstances this new rabbinic formation devoted considerable attention to matters of space and place Rabbinic Judaism Space and Place offers the first comprehensive study of spatiality in Rabbinic Judaism of late antiquity exploring how the rabbis reoriented the Jewish relationship with space and place following the destruction of the Jerusalem temple Drawing upon the insights of theorists such as Tuan and LeFebvre who define the crisis that homelessness represents and argue for the deep relationship of human societies to their places the book examines the compositions of the rabbis and discovers both a surprisingly aggressive rabbinic spatial imagination as

well as places most notably the synagogue where rabbinic attention to space and place is suppressed or absent It concludes that these represent two different but simultaneous rabbinic strategies for re placing God and Israel strategies that at the same time allow God and Israel to find a place anywhere This study offers new insight into the centrality of space and place to rabbinic religion after the destruction of the Temple and as such would be a key resource to students and scholars interested in rabbinic and ancient Judaism as well as providing a major new case study for anthropologists interested in the study of space

[Competitive Archaeology in Jordan](#) Elena Corbett,2015-01-15 An examination of archaeology in Jordan and Palestine Competitive Archaeology in Jordan explores how antiquities have been used to build narratives and national identities Tracing Jordanian history and the importance of Jerusalem within that history Corbett analyzes how both foreign and indigenous powers have engaged in a competition over ownership of antiquities and the power to craft history and geography based on archaeological artifacts She begins with the Ottoman and British Empires under whose rule the institutions and borders of modern Jordan began to take shape asking how they used antiquities in varying ways to advance their imperial projects Corbett continues through the Mandate era and the era of independence of an expanded Hashemite Kingdom examining how the Hashemites and other factions both within and beyond Jordan have tried to define national identity by drawing upon antiquities Competitive Archaeology in Jordan traces a complex history through the lens of archaeology s power as a modern science to create and
