We are There is indeed nothing divine in the Bible There is technology science and more science not even magic or miracle Now imagine that your assignment is to write about what you observe for future generations What a daunting job that would be Will your observations make sense to those who come after you This was the dilemma of messengers from ancient times The Gods were wowing them with events they could not understand and the people recorded what they saw But often we interpret these recordings without applying logic and science or both For example read Daniel Chapter 7 If that did not remind you of power rangers the TV series you have not started to apply science and technology to Bible readings Behold in the Bible are the most technologies man is yet to understand Many people believe what they believe because it is generally accepted Some only accept interpretations that are confirmed by their version of The Holy Books and they consider any use of reason in religious matters to be misleading and impermissible According to such people man is too mortal to understand the ways of God In God Is Not Enough a groundbreaking and thought provoking book the author attempts to deconstruct the puzzles surrounding the concept of God Who is He Why were we created Jesus Christ is the Son of God but which God And are these questions really unanswerable *Bible Stories to Hear and Touch* Terry Jones,2015-04-28 Bible Stories to Hear and Touch contains many stories and simple crafts to be used in teaching children well loved Bible stories from the Old and New Testament These stories are short and the crafts simple which can be used for home activities Sunday School Vacation Bible School or the Christian classroom Supplies for crafts can be purchased at minimal cost and will stimulate the learning of stories such as Jonah and the Whale The Tower of Confusion and A Blessing from God with the birth of Jesus Learn to read the story tell the story and then create the story **Catalog of Copyright Entries** Library of Congress. Extraterrestrial Legacies of God, Jesus, and the Angels Raphael-Seraphin Kutota Basisa,2024-01-03 About the Book In some way or form this book is unassumingly a nicer and a more logical organization and interpretation of compounding existing religious writings from a variety of walks of life Herein they are presented as proof drawn synthetically from those multitude of intellectual sources written over the last 4 000 years evidencing that the central figure of the persona translated as the reincarnation of almighty God of Israel himself in Christian literature is simply another Extraterrestrial Alien visiting Planet Earth for a purpose Another visitor just like those well known Anunnaki the Elohim the Nephilim the Sons of God the Watchers the renegade Angels or other entities over several millennia ago And in the many ways how it is related to the current humanity s most pressing problem of whether we are alone and unique in the Cosmos as it is linked to the much witnessed UFO encounters phenomenon It also well outlined the latent consequences resulting from what is presented as postulate About the Author Raphael Seraphin Kutota Basisa currently resides in Lynn Massachusetts He would consider himself a futurist a researcher a world s concerned citizen and a great human being He is a chemical engineer by training and earned an MBA and an ABD in Applied Management and Public Policy He has written and published several technical and non technical documents commentaries articles papers and other books along the subjects of his expertise He believes in extraterrestrial life in regard to religion Basisa is a person whose research helped to recognize early on the theory that we are all descendants of Extraterrestrials and Cosmic religiosity should be recognized in modern theology **Beyond Tithes and Offerings** Dr. J. Gayle Gaymon,2015-08-14 Early in our Christian lives we are taught the importance of tithing and making offerings It is a way to show our love for God and desire to live in faith under his rules But do we really know the background and importance of the call to tithe Dr J Gayle Gaymons Beyond Tithes and Offerings I AM the God of Recompense takes an in depth look at the principle of tithes and offerings under the Mosaic Law Scriptural references are provided to support her conclusions She considers the question If there is no longer Jew or Gentile and you are grafted into Gods redemptive plan does He require anything less from you The author also discusses what it means to be wholly or partially in the body of Christ and how it relates to being called a Christian You will also learn what else it takes to be a true Christian Beyond Tithes and Offerings I AM the God of Recompense will expand your faith knowledge which will help you become a better servant for God *Talks to Boys and Girls about Jesus* Wilbur Fisk Crafts,1881 **Alien Intrusion** Gary Bates,2004

Most people at one time or another have probably been curious to know What could account for all of those strange objects in the sky that many credible witnesses see Or what about the modern mystery of alien abductions and stories of visitations by beings claiming to be from other planets or star systems Are aliens really making contact with human beings Is it important anyway At last an easy to understand book traces the history of this strange phenomenon utilizing the research of many of the heavyweights of UFOlogy and it s been making sense to a lot of people This is a book for everyone The author s research and conclusions will surprise you and challenge your thinking not just about UFOs but about the nature of life itself This is a landmark volume that brings together the most important evidences coming to conclusions far more sinister yet profound than most could imagine Publisher [The Canterbury Preacher's Companion 2013](#) Michael Counsell,2013-01-26
