## **Jesus Ascends To Heaven Craft:**

The Church Year at Home Christine E. Curley, 2021-07-28 For parents in today's world it can be hard to find the time and resources to fully equip our children to be spiritually mature adults. So much demands our attention and distracts us from God. Curley offers a resource to help parents structure their days and weeks to glorify God and disciple children. Using the church calendar as a guide, she proposes simple and realistic ways as well as resources for the whole family to engage in the Scriptures and thereby push back on the unrelenting culture of today. **Celebrating the Lectionary® for Preschool and Kindergarten, Year C**, 2019-02-07

God is Not Enough, Messiah Needed Sam Oputa, The Bible describes a whole lot of toys and technologies that our forefathers thought were magical and divine. Some of the toys were created to do the Gods' desires. Man is part of such toys and just like man, other toys were desired and created. Sometimes toys were used to design other toys. And man thought that such toys were divine. Today we are also designing other toys. We have designed toys that are now probing Mars. We shall soon send other toys to other planets like the Gods sent toys to earth. But man decided to ascribe to such toys' divinity. Our forefathers were not confused. We are. There is indeed nothing divine in the Bible. There is technology, science, and more science, not even magic or miracle. Now imagine that your assignment is to write about what you observe for future generations. What a daunting job that would be. Will your observations make sense to those who come after you? This was the dilemma of messengers from ancient times. The Gods were wowing them with events they could not understand, and the people recorded what they saw. But often we interpret these recordings without applying logic and science or both. For example, read Daniel Chapter 7. If that did not remind you of Power Rangers, the TV series you have not started to apply science and technology to Bible readings. Behold in the Bible are the most technologies man is yet to understand. Many people believe what they believe because it is generally accepted. Some only accept interpretations that are confirmed by their version of The Holy Books, and they consider any use of reason in religious matters to be misleading and impermissible. According to such people, man is too mortal to understand the ways of God. In *God Is Not Enough*, a groundbreaking and thought-provoking book, the author attempts to deconstruct the puzzles surrounding the concept of God. Who is He? Why were we created? Jesus Christ is the Son of God, but which God? And are these questions really unanswerable?
