insights into these well known ideas A special chapter What is Phenomenon exclusive to The Concept the Meaning and the Phenomenon New World Order appears separately offering further depth into this particular theme The volume also concludes with a comparative chapter on the differences and similarities between I i nternational R r elations and New World Order This volume not only achieves its objectives of providing fresh perspectives on I i nternational R r elations and the New World Order but also completes a research journey that began in 2009 during my university studies I am thrilled to present these ideas in a cohesive thoughtful form the culmination of years of passion and dedication I trust that this volume will be valuable to both those embarking on their research in International Relations and seasoned scholars I believe these research papers have the potential to inspire new ways of understanding the world and its evolving dynamics
