unprecedented devastation throughout Europe necessitating monumental reconstruction efforts that burdened not only governments but the lives of ordinary citizens War Massacre and Recovery in Central Italy 1943 1948 examines this transitional period in the province of Arezzo by detailing the daily experiences of civilians through the traumas of war and the difficulties of recovery Studying the aftermath of war in a new and insightful way Victoria C Belco shifts the perspective from the national to the local level With this localized focus she provides valuable insight into the ways in which civilians coped with an overwhelming range of problems from adjusting to Allied occupation and widespread displacement to rampant unemployment and the restructuring of local administrations and institutions after fascism Recreating the post war atmosphere of disorder need and political upheaval Belco shows how the competing community interests caused social fragmentations that impeded change while the unity of a shared past prevented civil war

When the Moon Rises Tony Davies,2016-10-14 In the face of the advancing Allied forces Italy capitulated in September 1943 leaving thousands of Allied prisoners of war held in camps around the country to fend for themselves Amongst those prisoners was Tony Davis who had been captured in North Africa Determined to make the most of the opportunity with two fellow companions in arms Tony set off on a 700 mile walk through German occupied Italy with nothing to sustain them other than an almost schoolboy like enthusiasm The story of their adventures was received with great acclaim when this account

was first published in 1973 and *When the Moon Rises* takes the reader on a roller coaster journey through Italy from the River Po to Calabria meeting a cast of exciting and voluble characters en route. Regardless of the ever present risk of recapture Tony Davis and his comrades enjoyed street parties and drinking binges with the cheerful Italians who were happy to be no longer fighting the British. Repeatedly chased by the Germans the tension mounts as the story reaches its dramatic climax the little band never failing to maintain their wit and humour. *When the Moon Rises* is one of the classic escape stories of the Second World War.

A Sense of Place Michael Shapiro, 2009-05-01 In *A Sense of Place* journalist travel writer Michael Shapiro goes on a pilgrimage to visit the world's great travel writers on their home turf to get their views on their careers the writer's craft and most importantly why they chose to live where they do and what that place means to them. The book chronicles a young writer's conversations with his heroes writers he's read for years who inspired him both to pack his bags to travel and to pick up a pen and write. Michael skillfully coaxes a collective portrait through his interviews allowing the authors to speak intimately about the writer's life and how place influences their work and perceptions. In each chapter Michael sets the scene by describing the writer's surroundings placing the reader squarely in the locale whether it be Simon Winchester's Massachusetts Redmond O'Hanlon's London or Frances Mayes's Tuscany. He then lets the writer speak about life and the world and through quiet probing draws out fascinating commentary from these remarkable people. For Michael it's a dream come true to meet his mentors for readers it's an engaging window onto the twin landscapes of great travel writers and the world in which they live.

War Through Italian Eyes Alexander Henry, 2021-07-18 There is a popular notion that the Italian armed forces of the Second World War were an inferior fighting force. Despite the vast numbers taken prisoner detailed studies of the experiences of these soldiers remain relatively uncommon and the value of this group to furthering our understanding of the Italian experience of war under Fascism is also rarely acknowledged. The existence in the National Archives of hundreds of pages of transcripts of covert British surveillance of Italian POWs has made it possible to engage with their experiences and opinions in much greater depth. The euphemistically termed Special Reports present historians with a unique insight into how all levels of Italian soldiery viewed Fascist Italy's experience of war 1940-1943. This book examines reactions to Italian political leadership the progress of the war as well as Italian soldiers' everyday views on sex war the enemy death food their allies bravery race and killing. These fascinating documents reveal the complexity of the outlook of these men which persistent and influential national stereotypes and historiographical trends fail to acknowledge.

The Public Schools Battalion in the Great War Steve Hurst, 2007-07-01 The experience of combat was never more horrific than on the Western Front come to life in this notable addition to the literature of war. *Washington Examiner* Founded in August 1914 with the principle that recruiting would be restricted to public school old boys the volunteers gathered at Hurst Park racecourse in a spirit of youthful enthusiasm. A more somber mood soon set in. Despite many of the original volunteers leaving to take commissions in other regiments the battalion now officially the 7th Middlesex remained an elite until its disbandment.

in 1917 The climax of the Battalions war came on 1 July 1916 Close to the Hawthorn Redoubt Crater are two cemeteries sited on either side of the Auchonvilliers Beaumont Hamel road They contain row upon row of stones marking the graves of members of the Public Schools Battalion The author shocked by this discovery has spent ten years researching the history of the Battalion and the events of that fateful day as they affected it The result is a fascinating and moving record of a very uniquely British battalion It is eminently readable and the personal reminiscences of those who were there add a great deal to its appeal My main interest and fascination with the Great War is to do with the experiences of those who fought and this book gives a great insight into that Steve Hurst wanted to tell the story of the men who were there he has done it very well
