Haikus For Conservatives And Some Moderate Liberals:

Haiku's for Conservatives J. D. Braunig, 2003-08-12 Haikus for Conservatives will inspire the reader to understand the need for unity of the American people To think for themselves and not be lead by those that promise utopias in exchange for power and position To search their beliefs and understand the concept of one nation one heart *Encyclopedia of Latin American History and Culture* Barbara A. Tenenbaum, 1996 Strives to organize knowledge of the region It contains nearly 5 300 separate articles Most topics appear in English alphabetical order *Wrecked* Thomas M Nelson, Jerald Podair, 2025-08-01 Wrecked links the story of America s most infamous shipwreck to the story of an even larger disaster the wreck of the American industrial economy When the Edmund Fitzgerald went down in a Lake Superior storm on November 10 1975 more was lost than the ship and the twenty nine lives on board The disaster was a human tragedy as well as an indictment of the American industrial policies that eventually cost the nation thousands of jobs and marooned hundreds of communities Written with a passionate yet factually grounded intensity Wrecked shows that the reasons for the decline of industrial manufacturing in the upper Midwest are linked to why the Edmund Fitzgerald sank and to the legal turmoil that followed for the victims families The book conveys the sense of loss that still is felt by those affected along with the outrage over the disappearance of manufacturing jobs and the inadequate maintenance and legal maneuvering over liability for the sinking of the ship What follows is a fascinating critique of what went wrong and why **American Amnesia** Jacob S. Hacker, Paul Pierson, 2016-03-29 A provocative Kirkus Reviews timely and topical work that examines what s good for American business and what s good for Americans and why those interests are misaligned In *American Amnesia* bestselling political scientists Jacob S Hacker and Paul Pierson trace the economic and political history of the United States over the last century and show how a viable mixed economy has long been the dominant engine of America s prosperity We have largely forgotten this reliance as many political circles and corporate actors have come to mistakenly see government as a hindrance rather than the propeller it once was *American Amnesia* is more than a rhetorical phrase elites have literally forgotten or at least forgotten to talk about the essential role of public authority in achieving big positive sum bargains in advanced societies The mixed economy was the most important social innovation of the twentieth century It spread a previously unimaginable level of broad prosperity It enabled steep increases in education health longevity and economic security And yet extraordinarily it is anathema to many current economic and political elites Looking at this record of remarkable accomplishment they recoil in horror And as the advocates of anti government free market fundamentalist have gained power they are hell bent on scrapping the instrument of nearly a century of unprecedented economic and social progress In the *American Amnesia* Hacker and Pierson explain the full story of how government helped make America great how the enthusiasm for bashing government is behind its current malaise and how a return to effective government is the answer the nation is looking for *The New York Times* **The New Encyclopaedia Britannica** ,2003 **Book Review Digest** ,1971
