Handbook Of Constructionist Research Handbook Of Constructionist Research:

Handbook of Constructionist Research James A. Holstein, Jaber F. Gubrium, 2008-01-01 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein **Handbook of**

Constructionist Research James A. Holstein, Jaber F. Gubrium, 2013-10-21 Constructionism has become one of the most popular research approaches in the social sciences But until now little attention has been given to the conceptual and methodological underpinnings of the constructionist stance and the remarkable diversity within the field This cutting edge handbook brings together a dazzling array of scholars to review the foundations of constructionist research how it is put into practice in multiple disciplines and where it may be headed in the future The volume critically examines the analytic frameworks strategies of inquiry and methodological choices that together form the mosaic of contemporary constructionism making it an authoritative reference for anyone interested in conducting research in a constructionist vein Handbook of

Constructionist Research Arie W. Kruglanski, 2013 Now in a completely revised and expanded second edition this authoritative handbook reviews the breadth of current knowledge on the psychological processes that underlie social behavior Leading investigators identify core principles that have emerged from the study of biological systems social cognition goals and strivings interpersonal interactions and group and cultural dynamics State of the science theories methods and findings are explained and important directions for future research are highlighted More than an update this edition is virtually a new book Many more chapters a Social Construction and Social Work Practice Stanley L.

Witkin, 2011-11-22 Social construction addresses the cultural factors and social dynamics that give rise to and maintain values and beliefs Drawing on postmodern philosophies and critical social and literary theories social construction has become an important and influential framework for practice and research within social work and related fields Embracing inclusivity and multiplicity social construction provides a framework for knowledge and practice that is particularly congruent with social work values and aims In this accessible collection Stanley L Witkin showcases the innovative ways in which social construction may be understood and expressed in practice He calls on experienced practitioner scholars to share their personal accounts of interpreting and applying social constructionist ideas in different settings such as child welfare agencies schools and the courts and with diverse clientele such as resistant adolescents disadvantaged families indigenous populations teachers children in protective custody refugee youth and adult perpetrators of sexual crimes against

children Eschewing the prescriptive stance of most theoretical frameworks social construction can seem challenging for students and practitioners This book responds with rich illustrative descriptions of how social constructionist thinking has inspired practice approaches illuminating the diversity and creative potential of practices that draw on social constructionist ideas Writing in a direct accessible style contributors translate complex concepts into the language of daily encounter and care and through a committed transnational focus they demonstrate the global reach and utility of their work Chapters are provocative and thoughtful reveal great suffering and courage share inspiring stories of strength and renewal and acknowledge the challenges of an approach that complicates evidence based evaluations and requirements

Strategies of Qualitative Inquiry Norman K. Denzin, Yvonna S. Lincoln, 2012-10-24 Strategies of Qualitative Inquiry Fourth Edition is Volume II of the three volume paperback versions of The SAGE Handbook of Qualitative Research Fourth Edition This portion of the handbook consists of the topics addressed in Part III Strategies of Inquiry Strategies of Qualitative Inquiry Fourth Edition isolates the major strategies historically the research methods that researchers can use in conducting concrete qualitative studies The question of methods begins with questions of design and the matters of money and funding These questions always begin with the researcher who moves from a research question to a paradigm or perspective and then to the empirical world The history and uses of these strategies are explored extensively in this volume The chapters move from forms and problems with mixed methods inquiry to case study performance and narrative ethnography to constructionist analytics to grounded theory strategies testimonies participatory action research and clinical research

Festschrift in Honour of Kathy Charmaz Antony Bryant, Adele E. Clarke, 2022-11-14 This Festschrift to honour Kathy Charmaz's scholarship features fourteen chapters plus an editors introduction exploring CGT extensively examining topics including Indigenization of the method its approaches to decolonizing research uses of CGT in social justice research and the legacies of Kathy Charmaz's remarkable mentorship

Varieties of Narrative Analysis James A. Holstein, Jaber F. Gubrium, 2011-08-05 Narrative research has become increasingly popular in the social sciences While no part of the process is easy researchers often struggle to make sense of data that can seem chaotic and without a discernable pattern This book shows how to analyze stories storytelling and stories in society bringing together a variety of approaches to both texts and narrative practice under one cover

Crime and Art Naomi Oosterman, Donna Yates, 2021-11-05 This volume brings together work by authors who draw upon sociological and criminological methods theory and frameworks to produce research that pushes boundaries considers new questions and reshape the existing understanding of art crimes with a strong emphasis on methodological innovation and novel theory application Criminologists and sociologists are poorly represented in academic discourse on art and culture related crimes However to understand topics like theft security trafficking forgery vandalism offender motivation the efficacy of and results of policy interventions and the effects art crimes have on communities we must develop the theoretical and methodological models we use for analyses The readership of this book is

expected to include academics researchers and practitioners in the fields of criminology sociology law and heritage studies who have an interest in art and heritage crime

Reviewing Qualitative Research in the Social Sciences Audrey A. Trainor, Elizabeth Graue, 2013-03-05 Foundational characteristics of qualitative research include flexibility variation in application critique and innovation all of which derive from its subjective roots in interpretivism and constructivism While the scholars who design qualitative research projects envision these qualities as strengths such a breadth of practices and the assumptions that undergird them may present challenges during the peer review process As a result those who review and consume qualitative research often have important and difficult to answer questions about the project s design strategies tools and analysis with few guidelines for gauging the merit of the work The mission of this book is to provide a useful guide for researchers reviewers and consumers who are charged with judging the quality of qualitative studies In order to embrace the challenges and controversies that accompany this goal the editors have solicited experts representing multiple disciplines and methods of qualitative inquiry Their contributions represent the rich diversity in the field while simultaneously producing a pragmatic and useful guide While it is neither possible nor desirable to compartmentalize qualitative approaches and issues into neatly organized categories the construct of method has been chosen as a common organizing device The introductory chapter explains the need for such a book and underscores the foundational strengths of qualitative research flexibility variation critique and innovation The remaining chapters review the principal approaches to qualitative research with care taken not to standardize rigidly define or oversimplify any approach For ease of use all methodological chapters are organized around the following elements of inquiry which reviewers tend to examine definition sampling data collection data analysis representation and congruency

Addiction and Spiritual Transformation Srdjan Sremac, Srđan Sremac, 2013 This study explores the relationship between addiction and spiritual transformation More specifically it examines how recovering drug addicts employ testimonies of conversion and addiction to develop and sustain a sense of personal unity and create meaning from varied experiences in life Drawing on 31 original autobiographies the book analyzes conversion and addiction testimonies in two European contexts Serbia and The Netherlands Series Religion and Biography Religion und Biographie Vol 22

Emotion and Discourse in L2 Narrative Research Matthew T. Prior, 2015-10-22 This book examines the interactional management of emotionality in second language autobiographical interview research Advancing a discursive constructionist approach it offers a timely methodological and reflexive perspective that brings into focus the dynamic and dilemmatic aspects of interviewee and interviewer identities and experiences and it makes visible the often unexpected and unseen consequences for the research project and beyond The author weaves together critical discussion and empirical analysis based on longitudinal narrative based research with adult immigrants from Southeast Asia living in the US and Canada This interdisciplinary book will be compelling reading for students researchers and others interested in emotion narrative discourse identity interaction interviews and qualitative research

International Encyclopedia of Political

Science Bertrand Badie, Dirk Berg-Schlosser, Leonardo Morlino, 2011-09-07 Request a FREE 30 day online trial to this title at www.sagepub.com/freetrial With entries from leading international scholars from around the world this eight volume encyclopedia offers the widest possible coverage of key areas both regionally and globally The International Encyclopedia of Political Science provides a definitive comprehensive picture of all aspects of political life recognizing the theoretical and cultural pluralism of our approaches and including findings from the far corners of the world The eight volumes cover every field of politics from political theory and methodology to political sociology comparative politics public policies and international relations Entries are arranged in alphabetical order and a list of entries by subject area appears in the front of each volume for ease of use The encyclopedia contains a detailed index as well as extensive bibliographical references Filling the need for an exhaustive overview of the empirical findings and reflections on politics this reference resource is suited for undergraduate or graduate students who wish to be informed effectively and quickly on their field of study for scholars seeking information on relevant research findings in their area of specialization or in related fields and for lay readers who may lack a formal background in political science but have an interest in the field nonetheless The International Encyclopedia of Political Science provides an essential authoritative guide to the state of political science at the start of the 21st century and for decades to come making it an invaluable resource for a global readership including researchers students citizens and policy makers The encyclopedia was developed in partnership with the International Political Science Association Key Themes Case and Area Studies Comparative Politics Theory and Methods Democracy and Democratization Economics Epistemological Foundations Equality and Inequality Gender and Race Ethnicity International Relations Local Government Peace War and Conflict Resolution People and Organizations Political Economy Political Parties Political Sociology Public Policy and Administration Qualitative Methods Quantitative Methods Religion **Situational Analysis**

Adele E. Clarke, Carrie Friese, Rachel S. Washburn, 2017-07-20 The Second Edition offers an innovative extension of grounded theory useful in qualitative research projects that draws on interviews observations and visual narrative and historical discourse materials To engage the dense complexities of real world situations Situational Analysis SA braids together Strauss's ecological social worlds arenas theory Foucault's discourse analysis and Deleuze and Guattari's rhizomes and assemblages The book will serve as an invaluable resource for advanced undergraduate and graduate level students as well as professional researchers and consultants from diverse backgrounds pursuing qualitative projects **An Invitation to Social Construction**

Kenneth J Gergen, 2022-12-02 This fully updated fourth edition of Gergen's *An Invitation to Social Construction* introduces you to a key theoretical movement in contemporary social science through a wide range of multidisciplinary examples The fourth edition includes wider consideration of contemporary global challenges increased coverage of media digital culture and relevant political issues updated real world examples of social constructionist theory in action in research education therapy organizations and peace building This book brings together complex theories that

inform and critically build upon social constructionism such as narratology deconstruction dialogism positivism and post structuralism in a way that is accessible for students and researchers alike It is a vital resource for those studying social psychology and critical social psychology who are looking for a comprehensive guide to one of the core topics in the field Kenneth J Gergen is Senior Research Professor in Psychology at Swarthmore College and the President of the Taos Institute

The Routledge International Handbook of Constructivist Grounded Theory in Educational Research Elaine Keane, Robert Thornberg, 2024-09-02 The Routledge International Handbook of Constructivist Grounded Theory in Educational Research provides a comprehensive overview of the state of the art in Constructivist Grounded Theory CGT methodology including core grounded theory tenets and processes as well as constructivist adaptations It features CGT research from across the education sector including studies based in primary schooling post primary second level schooling and higher education Across 5 parts and 20 chapters the book makes explicit how CGT techniques and processes were implemented in the field the way s in which challenges were navigated and how educational researchers aligned their research processes to constructivist principles It offers exemplars of good practice by educational researchers from Australia Ireland Italy Norway Sweden Switzerland the UK and the USA The Handbook synthesises learning from the experiences of CGT researchers in education to establish a framework of guidance for early career and more experienced researchers Additionally it directly interrogates and considers how to address challenges in the implementation of high quality CGT and looks to the future of the methodology in educational research This Handbook provides guidance and education specific examples to doctoral students and researchers who wish to use or are using CGT in educational research It will also be of significant interest to qualitative researchers in other disciplines like sociology psychology and nursing
