Part I presents a rationale and context for employing TEMAS. Introductory chapters describe the mental health status of the population at risk as well as systems of care for youth where assessment and intervention are components. Topics to follow highlight a history of positive TEMAS test reviews with the detail required by instructors for preparing dedicated TEMAS courses. The volume thoroughly outlines cross-cultural studies and illustrates case examples of European American, Hispanic/Latino, Asian American, and forensic studies. **TEMAS Tell Me A Story Assessment in Multicultural Societies** brings practical insight to instructors who teach standard assessment courses, clinicians, counselors, and school psychologists, assessment specialists, and administrators concerned with mental health services designed for children and adolescents.
