Hoovers War On Gays Exposing The Fbis Sex Deviates Program:

Hoover's War on Gays Douglas M. Charles, 2015-09-18 At the FBI the Sex Deviates program covered a lot of ground literally at its peak J Edgar Hoover's notorious Sex Deviates file encompassed nearly 99 cubic feet or more than 330 000 pages of information In 1977 1978 these files were destroyed and it would seem that four decades of the FBI's dirty secrets went up in smoke But in a remarkable feat of investigative research synthesis and scholarly detective work Douglas M Charles manages to fill in the yawning blanks in the bureau's history of systematic some would say obsessive interest in the lives of gay and lesbian Americans in the twentieth century His book Hoover's War on Gays is the first to fully expose the extraordinary invasion of US citizens privacy perpetrated on a historic scale by an institution tasked with protecting American life For much of the twentieth century when exposure might mean nothing short of ruin gay American men and women had much to fear from law enforcement of every kind but none so much as the FBI with its inexhaustible federal resources connections and its carefully crafted reputation for ethical by the book operations What Hoover's War on Gays reveals rather is the FBI's distinctly unethical off the books long term targeting of gay men and women and their organizations under cover of official rationale such as suspicion of criminal activity or vulnerability to blackmail and influence The book offers a wide scale view of this policy and practice from a notorious child kidnapping and murder of the 1930s ostensibly by a sexual predator with homosexual tendencies educating the public about the threat of deviates through WWII's security concerns about homosexuals who might be compromised by the enemy to the Cold War's Lavender Scare when any and all gays working for the US government shared the fate of suspected Communist sympathizers Charles's work also details paradoxical ways in which these incursions conjured counterefforts like the Mattachine Society ONE Inc and the Daughters of Bilitis aimed at protecting and serving the interests of postwar gay culture With its painstaking recovery of a dark chapter in American history and its new insights into seemingly familiar episodes of that story involving noted journalists politicians and celebrities this thorough and deeply engaging book reveals the perils of authority run amok and stands as a reminder of damage done in the name of decency

Archive Activism Charles Francis, 2023-09-15 Archive Activism is a memoir of activism rooted in a new way to converse with history by rescuing it Archive activists discover documents and other important materials often classified gone missing or sealed that somehow escaped the fireplace or shredder It is an approach to LGBTQ advocacy and policy activism based on citizen archivery and original archival research to effect social change Research Activism is the formula growing out of Charles Francis's personal story as a gay Texan born and raised during the 1950s and 1960s in Dallas The rescues range in time and place from Francis's first encounter with a raucous near violent religious demonstration in Fort Worth to attics loaded with forgotten historic treasures of LGBTQ pioneers Archive Activism tells how Francis helped Governor George W Bush achieve his dream of becoming president in 2000 by reaching out to gay and lesbian supporters the first time a Republican candidate for president formally met with gay

and lesbian Americans This inspired Francis to engage with deleted LGBTQ history by forming a historical society with an edge a new Mattachine Society of Washington DC For the first time Archive Activism reveals how LGBTQ secrets were held for decades at the LBJ Presidential Library in the papers of President Johnson s personal secretary sealed until her death at age 105 Mattachine s signature discovery is a federal attorney s classified assault blandly filed under Suitability at the National Archives What it boils down to is that most men look upon homosexuality as something uniquely nasty Archive Activism is a not only a memoir but also an essential roadmap for activists from any group armed only with their library cards

J. Edgar Hoover, Sex, and Crime Athan Theoharis, 1995 Describes the life of the late director of the FBI with answers to the accusations of sexual misconduct and homosexuality and being soft on organized crime and the Mafia in particular

J. Edgar Hoover & Clyde Tolson Darwin Porter, 2012 Darwin Porter s saga of power and corruption has a revelation on every page cross dressing gay parties sexual indiscretions hustlers for sale alliances with the Mafia criminal activity by the FBI and an obsessive and voyeuristic interest in the sex lives of Washington and Hollywood celebrities including Marilyn Monroe to Dwight D Eisenhower Katharine Hepburn and Martin Luther King Jr

[From the Secret Files of J. Edgar Hoover](#) Athan Theoharis, 1993-02-01 Documents from the late FBI director s secret files reveal for the first time the shocking extent of FBI activities in spying on prominent Americans and political groups A grimly fascinating and profoundly disturbing self exposure by one of the false American deities of the 20th century Arthur M Schlesinger Jr

The Privacy War Ron Felber, 2003 This revealing biography of the man known for taking on J Edgar Hoover provides an in depth portrayal of one of the most vocal civil liberties crusaders of the 20th century Made famous by his investigations of privacy violations into the House Un American Activities Committee and by his subsequent downfall at the hands of J Edgar Hoover Neil Gallagher s fight to

preserve the right to privacy brought him to the forefront of one of the most crucial debates in national politics Gathered from primary source interviews with Gallagher himself this book reveals his side of the story as well as previously unpublished information on Hoover's alleged role in the Kennedy Johnson and Nixon presidencies and information on the assassinations of Martin Luther King Jr and John F Kennedy With implications for the current debate on balancing national security with the right to privacy Gallagher's biography offers timely witness to the ongoing struggle to preserve America's civil liberties

Master of Deceit Marc Aronson,2012-04-10 This book examines the story of America during J Edgar Hoover's reign as head of the FBI

The Burglary Betty Medsger,2014-01-07 INVESTIGATIVE REPORTERS a day care director a physicist a cab driver an antiwar activist a lock picker a graduate student haunted by members of her family lost to the Holocaust and the passivity of German civilians under Nazi rule Betty Medsger's extraordinary book re creates in resonant detail how this group scouted out the low security FBI building in a small town just west of Philadelphia taking into consideration every possible factor and how they planned the break in for the night of the long anticipated boxing match between Joe Frazier and Muhammad Ali knowing that all would be fixated on their televisions and radios Medsger writes that the burglars removed all of the FBI files and released them to various journalists and members of Congress soon upending the public's perception of the inviolate head of the Bureau and paving the way for the first overhaul of the FBI since Hoover became its director in 1924 And we see how the release of the FBI files to the press set the stage for the sensational release three months later by Daniel Ellsberg of the top secret seven thousand page Pentagon study on U S decision making regarding the Vietnam War which became known as the Pentagon Papers *The Burglary* is an important and gripping book a portrait of the potential power of non violent resistance and the destructive power of excessive government secrecy and spying

The True Story of J. Edgar Hoover and the FBI Barry Denenberg,1993 A look at J Edgar Hoover and the FBI discusses the Red Scare in the early 1920s the anti war and black power movements of the 1960s and other issues

Andrew Kiel,2000 J Edgar Hoover *The Father of the Cold War* examines Hoover's career in detail and looks at his role in the development of the Cold War against Communism With considerable detail and an excellent selection of photographs Kiel traces Hoover's anti communism to his earliest experiences during World War I Well documented and thought provoking this study looks anew at the connection between Hoover Lyndon Johnson and the hot war against communism in Vietnam

The Einstein File Fred Jerome,2002-05-21 From the moment of Einstein's arrival in the U S in 1933 until his death in 1955 J Edgar Hoover's FBI with help from several other federal agencies busied itself collecting derogatory information in an effort to undermine Einstein's influence and destroy his prestige For the first time Fred Jerome tells the story of that anti Einstein campaign as well as the story behind it why and how the campaign originated and thereby provides the first detailed picture of Einstein's little known political activism Unlike the popular image of Einstein as an absent minded head in the clouds genius the man was in fact intensely politically active and felt it was his duty to use his

world wide fame shrewdly in the cause of social justice A passionate pacifist socialist internationalist and outspoken critic of racism Einstein considered racism America s worst disease and personal friend of Paul Robeson and W E B DuBois Einstein used his immense prestige to denounce McCarthy at the height of his power publicly urging witnesses to refuse to testify before HUAC The story that emerges not only reveals a little known aspect of Einstein s character but underscores the dangers that can arise to threaten the American Republic and the rule of law in times of obsession with national security
