Beck, Marmy A. Clason, 2005 This unique textbook covers the traditional topics of a College Success course but presents certain topics in a manner that is in greater harmony with the Christian spirit While other texts may in fact cover certain topics in a way that is contradictory to the teachings of the church this text encourages spiritual development throughout the college experience **NACADA Journal** ,2006 **Foundations** Virginia N. Gordon, Thomas L. Minnick, 2007 Figure out the college experience with this unique collection of readings FOUNDATIONS A READER FOR NEW COLLEGE STUDENTS Fourth Edition helps you understand what it's all about how you'll change what to expect and explore the many critical questions that are important to your success Virginia N Gordon and Thomas L Minnick present an intelligent book that includes several perspectives on each topic providing the opportunity to consider and compare a number of different positions You'll explore issues surrounding technology diversity civic rights and responsibilities and more FOUNDATIONS A READER FOR NEW COLLEGE STUDENTS Fourth Edition is a great way to get started on the path to success in your college career *America's Forgotten Student Population* Angela Long, Christopher M. Mullin, 2023-07-03 Constituting one in twelve of adult Americans GED certificate holders comprise a major pool of underdeveloped human capital in our society They are a resource that will be sorely needed as boomers reach retirement and the traditional pipeline of 17-23 year olds falls short of filling our growing workforce needs Although these nontraditional students can potentially meet our future workforce demands and although half of them enter post secondary education half of those who do so drop out of college for lack of basic support systems often at the very same institutions that provided programs of retention while they were earning their GED and completing basic Adult Education classes Yet national data collected by the National Center for Educational Statistics reveals that GED certificate holders who persist to their second year of community college studies accumulate grade point averages equal to high school graduates refuting widely held beliefs that GED earners are not capable of rigorous academic work This is the first book to remedy the dearth of data on this forgotten population to present original research on these students describing their characteristics and motivations and to provide proven models for identifying retaining and graduating this under counted and underestimated cohort It addresses the issue of the pipeline from GED centers to postsecondary education and includes first person narratives that offer vivid insights into GED earners resilience and needs As this book reveals more than 40 percent of community colleges responding to a 2010 ACT survey have no one responsible for coordinating retention efforts and more than half have no goals for first year student retention and estimates that community colleges are cumulatively foregoing over 1.5 billion in revenues as the result of failing to retain their GED

populations This book is a comprehensive resource for college administrators and for educational policy makers and researchers offering both broad policy recommendations and tested ideas and models that can be implemented at the state and institutional level Association Men. Ricks, Richard Peters, 2023-04-01 This book is intended to contribute model bases on a faith inspired biblically based perspective that is consistent with the needs of strategic organizational leadership We address the spiritual leadership and spirituality at work literature from a Christian perspective We argue that it is critical for organizations to reconcile workplace spirituality with strategic thinking and business operations because religious identity is still very important in the United States and we present a model to accomplish this reconciliation While we are not theologians in presenting our model we do engage in the theological discussion of the relationship between man and God particularly in the context of business While we review the evolution of the spiritual leadership and spirituality at work literature along with the limited literature that examines these concepts from a Christian perspective we identify significant obstacles that have thus far kept these concepts on the fringes of general management thinking and practices After identifying the challenges associated with a Christian approach to the spirituality literature we offer a model with four principles for Strategic Spirituality based on a Christian perspective of biblical interpretations that also offer the requisite pragmatism for strategic thinking and organizational implementation The four principles include 1 Subsidiarity with Solidarity Subsidiarity is a principle of decentralization coming from the Catholic social tradition whereby decision making done at the organizational level with the greatest familiarity and the individual empowerment and is moderated by solidarity or a unity of common mission 2 Stewardship requires resources and opportunities be dutifully managed in order to promote sustainability and social well being 3 Support and Empowerment relates to the creation of an organization with Christian principles where Christian and Non Christians are supported and empowered for individual growth and organizational success 4 Synergy allows organizations to remain focused on their ideals but flexible in their implementation
