Hawkins, 2017-11-02 *The Bible in the American Short Story* examines Biblical influences in the post World War II American short story In a series of accessible chapters Lesleigh Cushing Stahlberg and Peter S. Lectionary each volume will contain an index of biblical passages so that nonlectionary preachers as well as teachers and students may make use of its contents *Living Water*, Klara Tammany is a professional Christian educator who goes about her calling with a joyous urgency This book demonstrates her impassioned approach to religious instruction She starts with the premise that ongoing Christian education must be central to a life of faith and then proceeds from the corollary that baptism must be central to all Christian education Eight group sessions focus repeatedly on water first as a natural element necessary to life then as a symbolic element necessary to spirituality Gradually through prayer song scripture silence poetry visual arts storytelling group discussion and personal reflection water as baptismal element gains ascendancy No longer mere occasional refreshment *Living Water* inundates becomes life's very medium This text makes for excellent catechumenal preparation but is intended for use by all Christians those who are years into their journeys as well as those who are beginning Designed for small groups of adult Episcopalians the program is easily adaptable to other denominations to one on one spiritual mentoring to children young adult or intergenerational groups and even to individuals for private meditation

commitments Geitz offers both reflection and exercises to help us discover our own motivation for evangelism Part 2 addresses the question of context Where does evangelism take place and for whose benefit To what sort of communities do we invite those to whom we reach out Section 3 focuses on the uniqueness of Christian hospitality and describes the nuts and bolts of newcomer ministry and the programs needed to sustain Christian hospitality in a pluralistic society It includes workshop and group process material

Preaching to Head and Heart Thomas R. Swears,2019-11-26 Preachers have long been faced with two options On the one hand they can appeal to their congregations intellects teaching them the substance of the faith from the pulpit On the other they can seek to stir their hearers emotions wooing or warning them with the gospel Usually we reserve these two forms of preaching for different tasks or audiences If you are preaching an evangelistic message to the

unchurned then your preaching style will draw more heavily on the emotional aspects If you are leading the faithful into a deeper grasp of the Christian message then you will more likely draw on the intellectual components of preaching While most preachers know that the choice between the head and the heart is a false one they often don't know how to bring the two together effectively In this book Thomas Swears offers detailed practical advice on how to preach to both head and heart He shows how both emotions and intellect function any time one tried to convey meaning from the pulpit regardless of the kind of message one is preaching Without abandoning the conventional wisdom on evangelistic vs teaching sermons he nonetheless insists that preaching with integrity in which the Word is truly embodied will always involve the whole person and personality of both the preacher and the congregation

**Inching Toward Heaven's Door** John F. Sieckhaus, Ph.D.,2001-11-01 There are few clues as to why a person responds to the vicissitudes of life in a given way As John Sieckhaus states in this memoir of his own spiritual journey some have the courage to choose life from

their earliest moments of sober reflection while others opt to soothe their pain with addictions of the mind and body some choose an early final exit and still others stay the healing course trusting that there is purpose to their lives meaning in their suffering and healing as the intended outcome of some higher power The tragic slaying of his parents propels the author as sixteen year old onto a life course dictated initially by his own errant choices and the acculturations of family tribe and society His decision to pursue a Ph D in chemistry is consistent with his search for life s magic formula the alchemist s quest for the philosopher s stone but the first fruits of this venture are depression and a horrific encounter with his family demons Resort to psychotherapy and chemical dis ease management a therapeutic model characterized by a patient s need to trust in the alchemical wisdom of his or her therapist proves to be a mere palliative in a desperate striving to arrest the pain and it is only through an encounter with the living God amidst a small band of refugees from mainline Christian churches that his journey of faith remembrance and healing begins John Sieckhaus tells this story with conviction and a deep sense of gratitude for God s provision of trustworthy guides and fellow travelers on the way It was from James and Mary Baird a couple whose decision to stand against the racial prejudices inherent in their small town culture in Baird Mississippi in the 1950s forced them to leave family clan and culture to reach out to the hurting and the needy in southeast Asia that he learned to heed God s call in his life and to pursue his vocation with a new sense of adventure and purpose In so doing he had to come to grips with his work as a scientist engaged in the development of weapon systems and was eventually led to challenge his company s involvement with nerve gas research and resign his position With each step in his vocational journey the healing went deeper and finally after staying the course for more than twenty years the author was gifted with a revelation of his family pathology which provided the clues concerning his own responses to life This is a story that the author was compelled to tell because the telling was an integral part of his healing journey and because as he states in the introduction I believe that what I have experienced and learned is not just for my own healing and spiritual growth that perhaps it may help others walk their own path to wholeness If this should prove to be the case for only one other person it the telling will have been worth the effort

**The Language of Grace** Peter S. Hawkins, 2004-09-01 Hawkins explores both traditional and contemporary ways grace has been handled in literature The traditional representation of grace is explained using among other things the parables of Jesus Then he turns to more contemporary literature including O Connor s A Good Man is Hard to Find Percy s The Second Coming and Murdoch s A Word Child Through these novels and short stories Hawkins highlights the impoverishment of spirit and imagination when religious language fails us He presents three writers struggling to bridge the gap between ourselves and those mysterious realities we can no longer talk about
