Critical Perspectives on Corporate Land Deals Ben White,Saturnino Borrás Jr.,Ruth Hall,Ian Scoones,Wendy
Wolford,2013-09-13 This collection explores the complex dynamics of corporate land deals from a broad agrarian political
economy perspective with a special focus on the implications for property and labour regimes labour processes and
structures of accumulation This involves looking at ways in which existing patterns of rural social differentiation in terms of
class gender ethnicity and generation are being shaped by changes in land use and property relations as well as by the re
organization of production and exchange as rural communities and resources are incorporated into global commodity chains
It goes further than the descriptive what and who questions in order to understand the how and why of these patterns It is
empirically solid and theoretically sophisticated making it a robust and boundary changing work Contributors come from
various scholarly disciplines Covering nearly all regions of the world the collection will be of interest to researchers from
various disciplines policymakers and activists This book was originally published as a Special Issue of the Journal of Peasant
Studies **Motor's Truck & Tractor Repair Manual** ,1951 **Possibility of Politics in India** Akshat Jain,2025-09-01
This book is an attempt to find new ways of inter disciplinary theorisation about this moment when both the unitary idea of
the Indian nation and the bureaucratic dream of a centralised Indian state are falling apart At this juncture the Indian state
has two choices Either it can recognise the political nature of the struggles confronting it and radically re imagine itself or it
can wage a losing war against the democratic aspirations of people It is essential that political movements in the
subcontinent let go of their differences and organise together to agitate for modernisation By bringing these disparate
struggles together this book explores the possibility of an alliance between them such that they are able to inform each other
against a colonial state Taken together this book is thus an experiment in politics rather than being about specific events The
chapters in this book were originally published in various Taylor Francis journals Assam Directory and Tea Areas
