Aluminum Recycling and Processing for Energy Conservation and Sustainability John A. S. Green,2007

Energy and sustainability are critical factors for economic development and this comprehensive reference provides a detailed overview and fundamental analysis of sustainability issues associated with the aluminum industry This publication brings together articles on the concepts and application of life cycle assessments that benchmark aluminum industry efforts towards sustainable development Chapters provide energy use data for primary and secondary aluminum production and processing along with future energy saving opportunities in aluminum processing Life cycle assessments provide basic factual information on the modeling of material flow in the industry its products and most importantly energy savings involved with recycling Coverage includes various scrap sorting technologies and the positive impact of lightweight aluminum in transportation and infrastructure

Glossary of Reliability and Maintenance Terms Ted McKenna,Ray Oliverson,1997-09-11

This glossary with more than 1 000 terms and definitions provides a common ground for effective communication It is an essential reference for all reliability professionals process engineers plant operators and repair and maintenance personnel When unclear communication occurs in the process industry the problems that result can be expensive costly downtime and equipment failure Here s where the Glossary of Reliability and Maintenance Terms can eliminate much of this frustration and cost Now you your staff vendors contract employees and consultants can quickly refer to this glossary s more than 1 000 terms and definitions This helpful dictionary provides a common ground for effective communication It is an essential reference for all reliability professionals process engineers plant operators and repair and maintenance personnel

Predictive Maintenance of Pumps Using Condition Monitoring Raymond S Beebe,2004-04-16

This book shows how condition monitoring can be applied to detect internal degradation in pumps so that appropriate maintenance can be decided upon based on actual condition rather than arbitrary time scales The book focuses on the main condition monitoring techniques particularly relevant to pumps vibration analysis performance analysis The philosophy of condition monitoring is briefly summarised and field examples show how condition monitoring is applied to detect internal degradation in pumps The first book devoted to condition monitoring and predictive maintenance in pumps Explains how to minimise energy costs limit overhauls and reduce maintenance expenditure Includes material not found anywhere else

Practical Machinery Management for Process Plants: Volume 2 Heinz P. Bloch,Fred K. Geitner,1997-09-11

This newly expanded edition discusses proven approaches to defining causes of machinery failure as well

as methods for analyzing and troubleshooting failures Guidelines for Preparing Process Equipment for Maintenance and Return to Service CCPS (Center for Chemical Process Safety), 2025-04-18 This book contains comprehensive information and methodologies for preparing process equipment for maintenance and ultimately return to service Specifically this book addresses two phases of equipment handovers providing information and tools to help personnel at manufacturing sites reduce their risks The first phase is isolating and preparing equipment for maintenance The second phase is returning the equipment back to service applying specified operational readiness plans in addition to a traditional pre startup safety review PSSR Topics include understanding the unique types of hazards personnel might be exposed to planning for and executing decontamination and deenergization plans and safely recommissioning the equipment for its return to service Case studies examples and incident investigation discussions provide the reader with invaluable practical learnings that when applied help reduce the likelihood of another similar operational incident from occurring at their facility *Certified Professional Maintenance Manager Review Pack* Monte Anderson, CHFM, CPE, CPMM, Larry K.
