The Phenomenology of Autobiography Arnaud Schmitt, 2017-05-08 Taking a fresh look at the state of autobiography as a genre The Phenomenology of Autobiography Making it Real takes a deep dive into the experience of the reader Dr Schmitt argues that current trends in the field of life writing have taken the focus away from the text and the initial purpose of autobiography as a means for the author to communicate with a reader and narrate an experience The study puts autobiography back into a communicational context and putting forth the notion that one of the reasons why life writing can so often be aesthetically unsatisfactory or difficult to distinguish from novels is because it should not be considered as a literary genre but as a modality with radically different rules and means of evaluation In other words not only is autobiography radically different from fiction due to its referentiality but first and foremost it should be read differently

Philosophy and Autobiography Christopher Hamilton, 2021-11-13 This book taking its point of departure from Stanley

Cavell's claim that philosophy and autobiography are dimensions of each other aims to explore some of the relations between these forms of reflection first by seeking to develop an outline of a philosophy of autobiography and then by exploring the issue from the side of five autobiographical works. Christopher Hamilton argues in the volume that there are good reasons for thinking that philosophical texts can be considered autobiographical and then turns to discuss the autobiographies of Walter Benjamin, Peter Weiss, Jean Paul Sartre, George Orwell, Edmund Gosse, and Albert Camus. In discussing these works, Hamilton explores how they put into question certain received understandings of what philosophical texts suppose themselves to be doing and also how they themselves constitute philosophical explorations of certain key issues, e.g. the self, death, religious and ethical consciousness, sensuality, the body. Throughout there is an exploration of the ways in which autobiographies help us in thinking about self-knowledge and knowledge of others. A final chapter raises some issues concerning the fact that the five autobiographies discussed here are all texts dealing with childhood.

Interpretive Biography Norman K. Denzin, 1989-09
Interpretive Biography combines one of the oldest techniques in the social sciences and humanities with one of the newest. Bringing in elements of postmodernism and interpretive social science, it re-examines the biographical and autobiographical genres.

The Making of a Sociologist John H. Goldthorpe, 2025-04-14
This book offers a journey through the problems and the progress of the discipline of sociology in the UK and Europe throughout the second half of the twentieth century via an exploration of seven social settings from the life of a now eminent sociologist. It conceptualises the complex relation that exists between being and knowing and between the personal knowledge that comes from lived experience and the essentially impersonal knowledge that any science seeks to pursue. The seven very contrasting settings are described in detail together with reference to some of their leading personalities such as David Glass, Karl Popper, Norbert Elias, Sebastian Sprott, Richard Hoggart, Noel Annan, E. M. Forster, G. Sta. Rehn, Chelly Halsey, Fred Hirsch, and Jürgen Habermas. In each case the author shows how his lived experience within these settings formed a substratum of his sociology and how he navigated the line between personal knowledge as a creative resource and personal knowledge as potential bias using methodological discipline. It will ultimately appeal to those with interests in sociology, philosophy of science, sociological histories, and biographical methods.

Autobiography of Mark Twain Mark Twain, 2012-03-26
The year 2010 marked the 100th anniversary of Mark Twain's death. In celebration of this important milestone and in honor of the cherished tradition of publishing Mark Twain's works, UC Press published *Autobiography of Mark Twain* Volume 1, the first of a three-volume edition of the complete uncensored autobiography. The book became an immediate bestseller and was hailed as the capstone of the life's work of America's favorite author. This Reader's Edition, a portable paperback in larger type, republishes the text of the hardcover *Autobiography* in a form that is convenient for the general reader without the editorial explanatory notes. It includes a brief introduction describing the evolution of Mark Twain's ideas about writing his autobiography as well as a chronology of his life and brief family biographies.

Inceptions Kevin Ohi,2021-04-06 The beginning is both internal and external to the text it initiates and that noncoincidence points to the text's vexed relation with its outside Hence the nontrivial self reflexivity of any textual beginning which must bear witness to the self grounding quality of the literary work its inability either to comprise its inception or to externalize it in an authorizing exteriority In a different but related way the fact that they must begin renders our lives and our desires opaque to us what Freud called latency marks not only sexuality but human thought with a self division shaped by asynchronicity From Henry James's New York Edition prefaces to George Eliot's epigraphs from Ovid's play with meter to Charles Dickens's thematizing of the ex nihilo emergence of character from Wallace Stevens's abstract consideration of poetic origins to James Baldwin's Carson McCullers's and Eudora Welty's descriptions of queer childhood writers repeatedly confront the problem of inception Inception introduces a fundamental contingency into texts and psyches alike in the beginning all could have been otherwise For Kevin Ohi the act of inception and the potential it embodies enables us to see making and unmaking coincide within the mechanism of creation In this sense Inceptions traces an ethics of reading the possibility of perceiving in the ostensibly finished forms of lives and texts the potentiality inherent in their having started forth
