

# Half SLAVE AND Half FREE

THE ROOTS OF CIVIL WAR

BRUCE LEVINE

"A remarkable work, concise, vigorously argued, thought-provoking, and authoritative. It provides a clear, challenging overview of the most pivotal crisis in American history."

— **STEVEN HAHN**, author of the Pulitzer Prize-winning *A Nation Under Our Feet*

REVISED EDITION

With a new preface and afterword

# Half Slave And Half Free The Roots Of The Civil War

**Bruce C. Levine**

## **Half Slave And Half Free The Roots Of The Civil War:**

*Half Slave and Half Free, Revised Edition* Bruce Levine, 2005-05-11 Revised Edition With a New Preface and Afterword In a revised edition brought completely up to date with a new preface and afterword and an expanded bibliography Bruce Levine's succinct and persuasive treatment of the basic issues that precipitated the Civil War is as compelling as ever Levine explores the far reaching divisive changes in American life that came with the incomplete Revolution of 1776 and the development of two distinct social systems one based on slavery the other on free labor changes out of which the Civil War developed **Half Slave and Half Free** Bruce C. Levine, 1992 Half Slave and Half Free Bruce Levine, 1992-04-08 Half Slave and Half Free is a powerful treatment of the basic issues and social transformations that precipitated the Civil War In a succinct persuasive narrative Bruce Levine succeeds in showing how a popular basis for the Civil War developed out of the far reaching and divisive changes in American life after the incomplete Revolution of 1776 changes that stemmed from the development of two very distinct social systems one based on slavery the other on free labor which eventually made sectional differences within the framework of the Union irreconcilable

**Confederate Emancipation** Bruce Levine, 2005-11-01 Here Bruce Levine looks closely at Confederate proposals to arm and free slaves during the Civil War one of which was finally accepted by the Confederate government but far too late to effect the war Throughout the book Levine captures the voices of blacks and whites wealthy planters and poor farmers soldiers and officers and newspaper editors and politicians from all across the South In the process he sheds light on such hot button topics as what the Confederacy was fighting for whether black southerners were willing to fight in large numbers in defense of the South and what this episode foretold about life and politics in the post war South

**A Companion to the Antebellum Presidents, 1837 - 1861** Joel H. Silbey, 2014-01-06 A Companion to the Antebellum Presidents presents a series of original essays exploring our historical understanding of the role and legacy of the eight U S presidents who served in the significant period between 1837 and the start of the Civil War in 1861 Explores and evaluates the evolving scholarly reception of Presidents Van Buren Harrison Tyler Polk Taylor Fillmore Pierce and Buchanan including their roles behaviors triumphs and failures Represents the first single volume reference to gather together the historiographic literature on the Antebellum Presidents Brings together original contributions from a team of eminent historians and experts on the American presidency Reveals insights into presidential leadership in the quarter century leading up to the American Civil War Offers fresh perspectives into the largely forgotten men who served during one of the most decisive quarter centuries of United States history **The Jacksonian and Antebellum Eras** John R. Vile, 2016-11-14 Including documents from the legislative executive and judicial branches of government as well as sentiments expressed by opinion leaders of the day this book provides concisely edited primary sources that cover the Jackson period from March 1829 through the inauguration of Abraham Lincoln The presidency of Andrew Jackson is typically associated with the American expansionism that furthered our democracy but often at a high cost

to Native American cultures Could similar outcomes have been achieved differently Historians debate whether the Civil War could have been avoided why attempts to avert war failed and which individuals had the greatest potential ability to divert the nation s path away from violent conflict This book examines these historical questions regarding the unfolding of American history through an introduction to carefully edited primary documents relevant to the period from the inauguration of President Andrew Jackson through that of Abraham Lincoln These documents include not only major state papers from the legislative executive and judicial branches but also primary sources that directly communicate the concerns of African Americans women and Native Americans of the period Important themes include the rising controversy over slavery American expansionism and attempts to avert crises through compromise High school and college students and patrons of public libraries seeking to better understand American history will profit from the introductions and annotations that accompany the primary documents in this book invaluable resources that put the information into context and explain terms and language that have become outdated

**Unto a Good Land** David Edwin Harrell, Edwin S. Gaustad, John B. Boles, Sally Foreman Griffith, 2005-08-25 Introducing a New U S History Text That Takes Religion Seriously Unto a Good Land offers a distinctive narrative history of the American people from the first contacts between Europeans and North America s native inhabitants through the creation of a modern nation to the 2004 presidential election Written by a team of highly regarded historians this textbook shows how grasping the uniqueness of the American experiment depends on understanding not only social cultural political and economic factors but also the role that religion has played in shaping U S history While most United States history textbooks in recent decades have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past Unto a Good Land restores the balance by giving religion its appropriate place in the story This readable and teachable text also features a full complement of maps historical illustrations and In Their Own Words sidebars with excerpts from primary source documents

*The Communist and the Revolutionary Liberal in the Second American Revolution* August H. Nimtz, Kyle A. Edwards, 2024-08-05 Nimtz s and Edwards s real time comparative political analysis offers a unique look at two historically consequential figures with two very different theoretical and political perspectives both of whom expertly examined the most contentious issue of the nineteenth century By juxtaposing the political thought and activism of Karl Marx and Frederick Douglass Nimtz and Edwards are able to make insightful observations and conclusions about race and class in America The Communist and the Revolutionary Liberal reveals how two still competing political perspectives liberalism and Marxism performed when the biggest breakthrough for the millennial old democratic quest after the French Revolution occurred the abolition of chattel slavery in the United States In so doing it presents potential lessons for today Listen to the podcast about this title on New Books Network

**Parading Patriotism** Adam J. Cribble, 2013-05-15 Parading Patriotism covers a critical fifty year period in the nineteenth century when the American nation was starting to expand and cities across the Midwest were experiencing

rapid urbanization and industrialization Historian Adam Cribble offers a unique and fascinating study of five midwestern cities Chicago Cincinnati Cleveland Columbus and Indianapolis and how celebrations of the Fourth of July in each of them formed a microcosm for the country as a whole in defining and establishing patriotic nationalism and new conceptions of what it was like to be an American Cribble exposes a rich tapestry of mid century midwestern social and political life by focusing on the nationalistic rites of Independence Day He shows how the celebratory facade often masked deep seated tensions involving such things as race ethnicity social class political party religion and even gender Urban celebrations in these cities often turned violent with incidents marked by ethnic conflict racial turmoil and excessive drunkenness The celebration of Independence Day became an important political cultural and religious ritual on social calendars throughout this time period and Cribble illustrates how the Midwest adapted cultural developments from outside the region brought by European immigrants and westward migrants from eastern states like New York Virginia and Massachusetts The concepts of American homegrown nationalism were forged in the five highlighted midwestern cities as the new country came to terms with its own independence and how historical memory and elements of zealous and belligerent patriotism came together to construct a new and unique national identity This ground breaking book draws on both unpublished sources including diaries manuscript collections and journals and copious but under utilized print resources from the region newspapers periodicals travelogues and pamphlets to uncover the roots of how the Fourth of July holiday is celebrated today Cribble's insightful book shows how political independence and republican government was promoted through rituals and ceremonies that were forged in the wake of this historical moment

**The Oxford Handbook of American Political History** Paula Baker, Donald T. Critchlow, 2020-03-06 American political and policy history has revived since the turn of the twenty first century After social and cultural history emerged as dominant forces to reveal the importance of class race and gender within the United States the application of this line of work to American politics and policy followed In addition social movements particularly the civil rights and feminism helped rekindle political and policy history As a result a new generation of historians turned their attention to American politics Their new approach still covers traditional subjects but more often it combines an interest in the state politics and policy with other specialties urban labor social and race among others within the history and social science disciplines The Oxford Handbook of American Political History incorporates and reflects this renaissance of American political history It not only provides a chronological framework but also illustrates fundamental political themes and debates about public policy including party systems women in politics political advertising religion and more Chapters on economy defense agriculture immigration transportation communication environment social welfare health care drugs and alcohol education and civil rights trace the development and shifts in American policy history This collection of essays by 29 distinguished scholars offers a comprehensive overview of American politics and policy

**Reforging the White Republic** Edward J. Blum, 2015-06-15 During Reconstruction former abolitionists in the North had a golden

opportunity to pursue true racial justice and permanent reform in America But after the sacrifice made by thousands of Union soldiers to arrive at this juncture the moment soon slipped away leaving many whites throughout the North and South more racist than before Edward J Blum takes a fresh look at the reasons for this failure in *Reforging the White Republic* focusing on the vital role that religion played in reunifying northern and southern whites into a racially segregated society A blend of history and social science *Reforging the White Republic* offers a surprising perspective on the forces of religion as well as nationalism and imperialism at a critical point in American history

**The Age of Lincoln and the Art of American Power, 1848-1876** William Nester, 2014-02-01 Although Abraham Lincoln was among seven presidents who served during the tumultuous years between the end of the Mexican War and the end of the Reconstruction era history has not been kind to the others Zachary Taylor Millard Fillmore Franklin Pierce James Buchanan Andrew Johnson and Ulysses S Grant In contrast history sees Abraham Lincoln as a giant in character and deeds During his presidency he governed brilliantly developed the economy liberated four million people from slavery reunified the nation and helped enact the Homestead Act among other accomplishments He proved to be not only an outstanding commander in chief but also a skilled diplomat economist humanist educator and moralist Lincoln achieved that and more because he was a master of the art of American power He understood that the struggle for hearts and minds was the essence of politics in a democracy He asserted power mostly by appealing to people's hopes rather than their fears All along he tried to shape rather than reflect prevailing public opinions that differed from his own To that end he was brilliant at bridging the gap between progressives and conservatives by reining in the former and urging on the latter His art of power ultimately reflected his unswerving devotion to the Declaration of Independence's principles and the Constitution's institutions or as he so elegantly expressed it to a government of the people by the people and for the people

**Secession Winter** Robert J Cook, William L Barney, Elizabeth R. Varon, 2021-04-27 Three historians examine what drove southern secession in the winter of 1860-1861 and why it culminated in the American Civil War Politicians and opinion leaders on both sides of the Mason-Dixon line struggled to formulate coherent responses to the secession of the deep South states The Confederate attack on Fort Sumter in mid-April 1861 triggered civil war and the loss of four upper South states from the Union The essays by three senior historians in *Secession Winter* explore the robust debates that preceded these events For five months in the winter of 1860-1861 Americans did not know for certain that civil war was upon them Some hoped for a compromise others wanted a fight Many struggled to understand what was happening to their country Robert J Cook William L Barney and Elizabeth R Varon take approaches to this period that combine political economic and social cultural lines of analysis Rather than focus on whether civil war was inevitable they look at the political process of secession and find multiple internal divisions political parties whites and nonwhites elites and masses men and women Even individual northerners and southerners suffered inner conflicts The authors include the voices of Unionists and Whig party moderates who had much to lose and upcountry folk who

owned no slaves and did not particularly like those who did Barney contends that white southerners were driven to secede by anxiety and guilt over slavery Varon takes a new look at Robert E Lee s decision to join the Confederacy Cook argues that both northern and southern politicians claimed the rightness of their cause by constructing selective narratives of historical grievances

**Freedom's Delay** Allen Carden,2014-07-30 The Declaration of Independence proclaimed freedom for Americans from the domination of Great Britain yet for millions of African Americas caught up in a brutal system of racially based slavery freedom would be denied for ninety additional years until the ratification of the Thirteenth Amendment to the U S Constitution Freedom s Delay America s Struggle for Emancipation 1776 1865 probes the slow painful yet ultimately successful crusade to end slavery throughout the nation North and South This work fills an important gap in the literature of slavery s demise Unlike other authors who focus largely on specific time periods or regional areas Allen Carden presents a thematically structured national synthesis of emancipation Freedom s Delay offers a comprehensive and unique overview of the process of manumission commencing in 1776 when slavery was a national institution not just the southern experience known historically by most Americans In this volume the entire country is examined and major emancipatory efforts political literary legal moral and social made by black and white free and enslaved individuals are documented over the years from independence through the ratification of the Thirteenth Amendment Freedom s Delay dispels many of the myths about slavery and abolition including that racial servitude was of little consequence in the North and where it did exist it ended quickly and easily that abolition was a white man s cause and blacks were passive recipients of liberty that the South seceded primarily to protect states rights not slavery and that the North fought the Civil War primarily to end the subjugation of African Americans By putting these misunderstandings aside this book reveals what actually transpired in the fight for human rights during this critical era Carden s inclusion of a cogent preface and epilogue assures that Freedom s Delay will find a significant place in the literature of American slavery and freedom With a compelling preface and epilogue notes illustrations and tables and a detailed bibliography this volume will be of great value not only in courses on American history and African American history but also to the general reading public Allen Carden is professor of history at Fresno Pacific University in Fresno California He is the author of Puritan Christianity in America Religion and Life in Seventeenth Century Massachusetts

**The Shattering of the Union** Eric H. Walther,2004 The 1850s offered the last remotely feasible chance for the United States to steer clear of Civil War Yet fundamental differences between North and South about slavery and the meaning of freedom caused political conflicts to erupt again and again throughout the decade as the country lurched toward secession and war With their grudging acceptance of the Compromise of 1850 and the election of Franklin Pierce as president in 1852 most Americans hoped that sectional strife and political upheaval had come to an end Extremists in both North and South abolitionists and secessionists testified to the prevailing air of complacency by their shared frustration over having failed to bring on some sort of conflict Both sets of zealots wondered what it would take to convince the masses that

the other side still menaced their respective visions of liberty And as new divisive issues emerged in national politics with slavery still standing as the major obstacle compromise seemed more elusive than ever As the decade progressed battle lines hardened The North grew more hostile to slavery while the South seized every opportunity to spread it Immigrant Aid Societies flourished in the North raising money men and military supplies to secure a free soil majority in Kansas Southerners flocked to the territory in an effort to fight off antislavery After his stirring vilification of the institution of slavery Massachusetts senator Charles Sumner was brutally attacked on the floor of the United States Senate Congress whose function was to peacefully resolve disputes became an armed camp with men in both houses and from both sections arming themselves within the capitol building In October 1858 Senator William Henry Seward said that the nation was headed for an irrepressible conflict In spite of the progress ushered in by the decade s enormous economic growth the country was self destructing The Shattering of the Union America in the 1850s is a concise readable analysis and survey of t decade progressed battle lines hardened The North grew more hostile to slavery while the South seized every opportunity to spread it Immigrant Aid Societies flourished in the North raising money men and military supplies to secure a free soil majority in Kansas Southerners flocked to the territory in an effort to fight off antislavery After his stirring vilification of the institution of slavery Massachusetts senator Charles Sumner was brutally attacked on the floor of the United States Senate Congress whose function was to peacefully resolve disputes became an armed camp with men in both houses and from both sections arming themselves within the capitol building In October 1858 Senator William Henry Seward said that the nation was headed for an irrepressible conflict In spite of the progress ushered in by the decade s enormous economic growth the country was self destructing The Shattering of the Union America in the 1850s is a concise readable analysis and survey of t decade progressed battle lines hardened The North grew more hostile to slavery while the South seized every opportunity to spread it Immigrant Aid Societies flourished in the North raising money men and military supplies to secure a free soil majority in Kansas Southerners flocked to the territory in an effort to fight off antislavery After his stirring vilification of the institution of slavery Massachusetts senator Charles Sumner was brutally attacked on the floor of the United States Senate

Congress whose function was to peacefully resolve disputes became an armed camp with men in both houses and from both sections arming themselves within the capitol building In October 1858 Senator William Henry Seward said that the nation was headed for an irrepressible conflict In spite of the progress ushered in by the decade s enormous economic growth the country was self destructing The Shattering of the Union America in the 1850s is a concise readable analysis and survey of tade progressed battle lines hardened The North grew more hostile to slavery while the South seized every opportunity to spread it Immigrant Aid Societies flourished in the North raising money men and military supplies to secure a free soil majority in Kansas Southerners flocked to the territory in an effort to fight off antislavery After his stirring vilification of the institution of slavery Massachusetts senator Charles Sumner was brutally attacked on the floor of the United States Senate Congress whose function was to peacefully resolve disputes became an armed camp with men in both houses and from both sections arming themselves within the capitol building In October 1858 Senator William Henry Seward said that the nation was headed for an irrepressible conflict In spite of the progress ushered in by the decade s enormous economic growth the country was self destructing The Shattering of the Union America in the 1850s is a concise readable analysis and survey of t

**Embracing Emancipation** Ian Delahanty, 2024-06-04 WINNER 2024 LAWRENCE J McCAFFREY PRIZE FOR BEST BOOK ON IRISH AMERICA Challenges conventional narratives of the Civil War era that emphasize Irish Americans unceasing opposition to Black freedom Embracing Emancipation tackles a perennial question in scholarship on the Civil War era Why did Irish Americans who claimed to have been oppressed in Ireland so vehemently opposed the antislavery movement in the United States Challenging conventional answers to this question that focus on the cultural political and economic circumstances of the Irish in America Embracing Emancipation locates the origins of Irish American opposition to antislavery in famine era Ireland There a distinctively Irish critique of abolitionism emerged during the 1840s one that was adopted and adapted by Irish Americans during the sectional crisis The Irish critique of abolitionism meshed with Irish Americans belief that the American Union would uplift Irish people on both sides of the Atlantic if only it could be saved from the forces of disunion Whereas conventional accounts of the Civil War itself emphasize Irish immigrants involvement in the New York City draft riots as a brutal coda to their unflinching opposition to emancipation Delahanty uncovers a history of Irish Americans who embraced emancipation Irish American soldiers realized that aiding Black southerners attempts at self liberation would help to subdue the Confederate rebellion Wartime developments in the United States and Ireland affirmed Irish American Unionists belief that the perpetuity of their adopted country was vital to the economic and political prospects of current and future immigrants and to their hopes for Ireland s independence Even as some Irish immigrants evinced their disdain for emancipation by lashing out against Union authorities and African Americans in northern cities many others argued that their transatlantic interests in restoring the Union now aligned with slavery s demise While myriad Irish Americans ultimately abandoned their hostility to antislavery their backgrounds in and continuously renewed connections

with Ireland remained consistent influences on how the Irish in America took part in debate over the future of American slavery

*The New American History* American Historical Association, 1997 Originally released in 1990 *The New American History* edited for the American Historical Association by Eric Foner has become an indispensable volume for teachers and students In essays that chart the shifts in interpretation within their fields some of our most prominent American historians survey the key works and themes in the scholarship of the last three decades Along with substantially revised essays from the first edition this volume presents three entirely new ones on intellectual history the history of the West and the histories of the family and sexuality The second edition of *The New American History* reflects in Foner's words the continuing vitality and creativity of the study of the past how traditional fields are being expanded and redefined even as new ones are created

Author note Eric Foner is DeWitt Clinton Professor of History at Columbia University He is the author of numerous books including *Reconstruction 1863-1877* which was awarded the Bancroft Prize

**The Confederate Culture and Its Weaknesses** Jon P. Alston, 2023-05-26 SOUTHERN CULTURE CONTAINED ELEMENTS THAT PROVED DYSFUNCTIONAL TO WINNING A PRE MODERN WAR FOR SECESSION SOUTHERN CAVALIERS WERE OFTEN MORE CONCERNED WITH THEIR OWN AMBITIONS AND SEARCH FOR HONOR AND POPULARITY ROBERT E LEE LOST THE BATTLE OF GETTYSBURG BECAUSE JEB STUART WAS MORE CONCERNED WITH HIS HONOR THAN WITH FOLLOWING ORDERS OTHER GENERALS REFUSED TO COOPERATE AND REFUSED TO PREVENT THE UNION CAPTURE OF NEW ORLEANS AND VICKSBURG

**A Bloodless Victory** Joseph F. Stoltz, 2017-12-24 This study of military historiography examines the changing narrative of the Battle of New Orleans through two centuries of commemoration Once celebrated on par with the Fourth of July the anniversary of the Battle of New Orleans is no longer a day of reverence for most Americans The United States stunning defeat of the British army on January 8th 1815 gave rise to the presidency of Andrew Jackson the Democratic Party and the legend of Jean Laffite Yet the battle has not been a national holiday since 1861 Joseph F Stoltz III explores how generations of Americans have consciously revised reinterpreted and reexamined the memory of the conflict to fit the cultural and social needs of their time Combining archival research with deep analyses of music literature theater and film across two centuries of American popular culture Stoltz highlights the myriad ways in which politicians artists academics and ordinary people have rewritten the battle's history From Andrew Jackson's presidential campaign to the occupation of New Orleans by the Union Army to the Jim Crow era the continuing reinterpretations of the battle alienated whole segments of the American population from its memorialization Thus a close look at the Battle of New Orleans offers an opportunity to explore not just how events are collectively remembered across generations but also how a society discards memorialization that is no longer necessary or palatable

**The Tie That Bound Us** Bonnie Laughlin-Schultz, 2013-07-12 John Brown was fiercely committed to the militant abolitionist cause a crusade that culminated in Brown's raid on the Federal armory at Harpers Ferry in 1859 and his subsequent execution Less well known is his devotion to his family and they to him Two of Brown's

sons were killed at Harpers Ferry but the commitment of his wife and daughters often goes unacknowledged In *The Tie That Bound Us* Bonnie Laughlin Schultz reveals for the first time the depth of the Brown women s involvement in his cause and their crucial roles in preserving and transforming his legacy after his death As detailed by Laughlin Schultz Brown s second wife Mary Ann Day Brown and his daughters Ruth Brown Thompson Annie Brown Adams Sarah Brown and Ellen Brown Fablinger were in many ways the most ordinary of women contending with chronic poverty and lives that were quite typical for poor rural nineteenth century women However they also lived extraordinary lives crossing paths with such figures as Frederick Douglass and Lydia Maria Child and embracing an abolitionist moral code that sanctioned antislavery violence in place of the more typical female world of petitioning and pamphleteering In the aftermath of John Brown s raid at Harpers Ferry the women of his family experienced a particular kind of celebrity among abolitionists and the American public In their roles as what daughter Annie called relics of Brown s raid they tested the limits of American memory of the Civil War especially the war s most radical aim securing racial equality Because of their longevity Annie the last of Brown s daughters died in 1926 and their position as symbols of the most radical form of abolitionist agitation the story of the Brown women illuminates the changing nature of how Americans remembered Brown s raid radical antislavery and the causes and consequences of the Civil War
