Handbook Of Federal Police And Investigative Agencies

Alan Axelrod, Guy Antinozzi

Handbook Of Federal Police And Investigative Agencies:

Handbook of Federal Police and Investigative Agencies Donald A. Torres, 1985-11-19 This in depth survey of the federal law enforcement system is divided into four sections The first gives an overview of the types of positions available with their requirements and benefits The entire second section is devoted to the Department of Justice the agency solely responsible for the prosecution of federal offenses The third section consists of 42 black and white illustrations of federal agency badges The agency profiles in the fourth section follow a standard format The profiles run the gamut of federal enforcement agencies from the large and well known such as the Drug Enforcement Administration and the Immigration and Naturalization Service to small and obscure agencies such as the Supreme Court Police The detailed information conveniently brought together in this handbook will make it a useful reference source not only for specialized law enforcement collections but wherever there is interest in public policy or a need for career information Booklist Here is an in depth study both of the larger more publicized federal enforcement agencies and of the smaller ones about which little is known Special attention is given to agency funding types of positions available personnel practices and to the clarification of criminal general investigator and uniformed police positions The Department of Justice and its specific agencies that perform law enforcement duties are examined in great detail Photographs of the badges issued by the various federal agencies are included Profiles of sixty one federal police and investigative agencies complete with organizational structure charts personnel strengths and agency responsibility are arranged alphabetically Detailed appendices include several examples of the training required for federal agents important personnel forms and the 1984 fiscal year salary schedule *Asset Recovery Handbook* Jean-Pierre Brun, Anastasia Sotiropoulou, Larissa Gray, Clive Scott, Kevin M. Stephenson, 2021-02-08 Developing countries lose billions each year through bribery misappropriation of funds and other corrupt practices Much of the proceeds of this corruption find safe haven in the world s financial centers These criminal flows are a drain on social services and economic development programs contributing to the impoverishment of the world s poorest countries Many developing countries have already sought to recover stolen assets A number of successful high profile cases with creative international cooperation has demonstrated that asset recovery is possible However it is highly complex involving coordination and collaboration with domestic agencies and ministries in multiple jurisdictions as well as the capacity to trace and secure assets and pursue various legal options whether criminal confiscation non conviction based confiscation civil actions or other alternatives This process can be overwhelming for even the most experienced practitioners It is exceptionally difficult for those working in the context of failed states widespread corruption or limited resources With this in mind the Stolen Asset Recovery StAR Initiative has developed and updated this Asset Recovery Handbook A Guide for Practitioners to assist those grappling with the strategic organizational investigative and legal challenges of recovering stolen assets A practitioner led project the Handbook provides common approaches to recovering stolen assets located in

foreign jurisdictions identifies the challenges that practitioners are likely to encounter and introduces good practices It includes examples of tools that can be used by practitioners such as sample intelligence reports applications for court orders and mutual legal assistance requests StAR the Stolen Asset Recovery Initiative is a partnership between the World Bank Group and the United Nations Office on Drugs and Crime that supports international efforts to end safe havens for corrupt funds StAR works with developing countries and financial centers to prevent the laundering of the proceeds of corruption and to facilitate more systematic and timely return of stolen assets *Field Manual* United States. Department of the Army, 1953 *Encyclopedia of Law Enforcement* Larry E Sullivan, Marie Simonetti Rosen, Dorothy M Schulz, M. R. Haberfeld, 2004-12-15 Click Additional Materials for downloadable samples Although there is a plethora of studies on crime and punishment law enforcement is a relatively new field of serious research When courts sentencing prisons jails and other areas of the criminal justice system are studied often the first point of entry into the system is through police and law enforcement agencies Unfortunately understanding of the important issues in law enforcement has little general literature to draw on Currently available reference works on policing are narrowly focused and sorely out of date To this end a distinguished roster of authors representing many years of knowledge and practice in the field draw on the latest research and methods to delineate describe and analyze all areas of law enforcement This three volume *Encyclopedia of Law Enforcement* provides a comprehensive critical and descriptive examination of all facets of law enforcement on the state and local federal and national and international stages This work is a unique reference source that provides readers with informed discussions on the practice and theory of policing in an historical and contemporary framework The volumes treat subjects that are particular to the area of state and local federal and national and international policing Many of the themes and issues of policing cut across disciplinary borders however and several entries provide comparative information that places the subject in context Key Features Three volumes cover state and local federal and international law enforcement More than 250 contributors composed over 400 essays on all facets of law enforcement An editorial board made up of the leading scholars researchers and practitioners in the field of law enforcement Descriptions of United States Federal Agency law enforcement components Comprehensive and inclusive coverage exploring concepts and social and legal patterns within the larger topical concern Global multidisciplinary analysis Key Themes Agencies Associations and Organizations Civilian Private Involvement Communications Crime Statistics Culture Media Drug Enforcement Federal Agencies Organizations International Investigation Techniques Types of Investigation Investigative Commissions Law and Justice Legislation Legal Issues Military Minority Issues Personnel Issues Police Conduct Police Procedure Policing Strategies Safety and Security Specialized Law Enforcement Agencies Tactics Terrorism Victims Witnesses Editors Marie Simonetti Rosen Dorothy Moses Schulz M R Haberfeld John Jay College of Criminal Justice Editorial Board Geoffrey Alpert University of South Carolina Thomas Feltes University of Applied Police Sciences Spaichingen Germany Lorie A Fridell Police Executive Research Forum
