Muddy Boots in the Hallway D. Meredith Dobson,2012-10-18 Compulsive spending is a secret addiction seldom discussed but more common than anyone is willing to admit For years I hid purchases bought things on impulse and lived with constant feelings of shame and guilt They owned me I felt like I didn t deserve anything and there was no one to talk to about it I would sneak things into a shopping cart even if I was the one going to the checkout One day after I had found freedom from another chemical addiction I had a moment of clarity around my spending addiction and like magic a light came on I began to see clearly a way out I began to apply the Twelve Steps to my compulsive spending Little by little one day at a time I gained ground on those powerful sister demons guilt and shame They began to lose their grip on me I felt a new freedom I wanted to share that freedom with others Recovery is a gift you work for and freedom is the reward

Scripting Addiction E. Summerson Carr,2010-10-18 Gaming the language of addiction treatment Scripting Addiction takes readers into the highly ritualized world of mainstream American addiction treatment It is a world where clinical practitioners evaluate how drug users speak about themselves and their problems and where the ideal of healthy talk is explicitly promoted carefully monitored and identified as the primary sign of therapeutic progress The book explores the puzzling question why do addiction counselors dedicate themselves to reconciling drug users relationship to language in order to reconfigure their relationship to drugs To answer this question anthropologist Summerson Carr traces the charged interactions between counselors clients and case managers at Fresh Beginnings an addiction treatment program for homeless women in the midwestern United States She shows that shelter food and even the custody of children hang in the balance of everyday therapeutic exchanges such as clinical assessments individual therapy sessions and self help meetings Acutely aware of the high stakes of self representation experienced clients analyze and learn to effectively perform

prescribed ways of speaking a mimetic practice they call flipping the script As a clinical ethnography Scripting Addiction examines how decades of clinical theorizing about addiction language self knowledge and sobriety is manifested in interactions between counselors and clients As an ethnography of the contemporary United States the book demonstrates the complex cultural roots of the powerful clinical ideas that shape therapeutic transactions and by extension administrative routines and institutional dynamics at sites such as Fresh Beginnings Journey to Sobriety Thomas Morgan, 2015-02-25 I drank in places where I fit in I was a hustler a full blown alcoholic and an occasional brawler I didnt stand out because we all were pretty much the same in the joints I chose I was pretty sure I would not live long as I was always walking on the edge I thought I was destined for either prison or early death I met guys from the twelve step program while in the county jail They came in to do meetings They talked to me once in a while but I was not interested I always felt a kinship with these guys but I wasnt ready
