Hong Kong Under Chinese Rule Economic Integration And Political Gridlock:

Hong Kong Under Chinese Rule: Economic Integration And Political Gridlock Chiew Ping Yew, Yongnian Zheng, 2013-05-07 This edited volume is a compilation of the analyses written by East Asian Institute experts on Hong Kong since the handover. It covers most if not all the important events that have taken place in Hong Kong since 1997 including its economic integration and relations with China, its governance conundrums, the Hong Kong identity and nation building, the implementation of the minimum wage and the elections from 2011-2012. The book's panoramic view of Hong Kong makes it a useful resource for readers who seek a broad understanding of the city and how it has evolved after its return to China. It also offers some glimpses into the direction Hong Kong is heading in its socio-economic relations with China at both the state and society levels as well as its domestic political developments and the prospects for democratization. *Hybrid Constitutionalism* Eric C. Ip, 2019-04-25 This is the first book that focuses on the entrenched fundamental divergence between the Hong Kong Court of Final Appeal and Macau's Tribunal de Última Instância over their constitutional jurisprudence, with the former repeatedly invalidating unconstitutional legislation with finality and the latter having never challenged the constitutionality of legislation at all. This divergence is all the more remarkable when considered in the light of the fact that the two Regions, commonly subject to oversight by China's authoritarian Party-state, possess constitutional frameworks that are nearly identical, feature similar hybrid regimes, and share a lot in history, ethnicity, culture, and language. Informed by political science and economics, this book breaks new ground by locating the cause of this anomaly studied within the universe of authoritarian constitutionalism, not in the common law/civil law differences between these two former European dependencies but in the disparate levels of political transaction costs therein. *Asian City Crossings* Rossella Ferrari, Ashley Thorpe, 2021-05-17 *Asian City Crossings* is the first volume to examine the relationship between the city and performance from an Asian perspective. This collection introduces city as method as a new conceptual framework for the investigation of practices of city-based performing arts collaboration and city-to-city performance networks across East and Southeast Asia and beyond. The shared and yet divergent histories of the global cities of Hong Kong and Singapore as postcolonial, multiethnic, multicultural, and multilingual sites are taken as points of departure to demonstrate how city as method facilitates a comparative analytical space that foregrounds in-betweenness and fluid positionalities. It situates inter-Asian relationality and inter-city referencing as centrally significant dynamics in the exploration of the material and ideological conditions of contemporary performance and performance exchange in Asia. This study captures creative dialogue that travels city-based pathways along the Hong Kong-Singapore route as well as between Hong Kong and Singapore and other cities through scholarly analyses and practitioner reflections drawn from the fields of theatre performance and music. This book combines essays by scholars of Asian studies, theatre studies, ethnomusicology, and human geography with reflective accounts by Hong Kong and Singapore-based performing arts practitioners to highlight the diversity, vibrancy, and complexity

of creative projects that destabilise notions of identity belonging and nationhood through strategies of collaborative conviviality and transnational mobility across multi sited networks of cities in Asia In doing so this volume fills a considerable gap in global scholarly discourse on performance and the city and on the production and circulation of the performing arts in Asia

Lost in China? Carol A. G. Jones, 2015-04-30 *Rule of law* is a core Hong Kong value providing a defensive wall around the territory and protecting its way of life against mainlandisation Before the 1997 retrocession to China fears were widespread that the rights and freedoms enjoyed under colonial rule would be eroded that the rule of law would be weakened and that corruption would increase Soon the first blows were struck against the rule of law via an NPCSC ruling which overturned the judgment of the Court of Final Appeal Successive interventions by Beijing in Hong Kong s legal and political affairs have given rise to fears about the loss of the rule of law and loss of identity These fears have subsequently provoked mass street demonstrations including the Umbrella Revolution of 2014 But as this book shows Hong Kongers also use less explicit arts of resistance to maintain their identity

The Freest Market in the World Gonzalo Villalta Puig, Eric Ip, 2023-02-22 On the 25th anniversary of the establishment of the Hong Kong Special Administrative Region of the People s Republic of China this book presents the first monographic study of the Hong Kong Basic Law as an economic document The Basic Law codifies what Gonzalo Villalta Puig and Eric C Ip call free market constitutionalism the logic of Hong Kong s economic liberty as the freest market economy in the world This book which is the outcome of several years of study with the financial support of the General Research Fund of Hong Kong s Research Grants Council evaluates the public choice rationale of the Basic Law and its projection on the Hong Kong economy with a focus on the policy development of economic liberty both internally and externally In the academic tradition of James M Buchanan s constitutional political economy the book opens with a conceptualisation of free market constitutionalism in Hong Kong It studies the origins of this concept in the 19th century classically liberal common law and how it developed into a Hayekian laissez faire convention under British colonial rule was codified into the Basic Law and is interpreted and applied by the branches of the Government of the Region The book closes

with remarks on the future of Hong Kong's free market constitutionalism in face of recent challenges as the year 2047 approaches and the 50 years of unchanged capitalist system under the Basic Law pass. This book will appeal to students, scholars and practitioners of law, economics, political science and public administration. It will especially appeal to those with an interest in Hong Kong law, international economic law or comparative constitutional law. **China's Economic Statecraft: Co-optation, Cooperation And Coercion** Mingjiang Li, 2017-03-16. This book aims to study China's economic statecraft in the contemporary era in a comprehensive manner. It attempts to explore China's approaches to using its economic trade, investment and financial power for the pursuit of its political security and strategic interests at the regional and global levels. The volume addresses three major issue areas in particular. The first issue pertains to how Beijing has used its economic clout to protect what it perceives as its core interests in its external relations. Three cases are included: the Taiwan issue, human rights and territorial dispute in the South China Sea. The second major area of inquiry focuses on how China has employed its economic power in its key bilateral relations, including relations with Japan, North Korea, the United States and other states in the East Asian region. The third issue concerns China's economic statecraft in the global context. It addresses the impacts of China's economic power and policy on the transformation of the global financial structure, developments in Africa, the international intellectual property rights regime and China's food security relations with the outside world. **City on the Edge** Ho-fung Hung, 2022-05-19. A timely study of Hong Kong's politics and society since the 1997 handover that explores the city's long history of resistance. **Hong Kong Identity** Brian C. H. Fong, 2024-11-29. Hong Kong Identity: A Scholarly Record is an empirical analysis of the city's territorial identity politics. Placing the discussion firmly within comparative politics literature, this book endeavours to present the case study of Hong Kong's territorial identity politics to both the local and international community. The book empirically traces the historical political development of the Hongkongers' identity from 1841 to 2020, with a focus on its evolution into a collective action frame since the mid 2010s. Through a number of original data collection, telephone surveys, extended interviews, macro organisational analysis, organisational surveys and protest event analysis, this book empirically addresses the research questions of who, why and how people protested. It guides readers to understand and interpret Hong Kong's territorial identity politics in a comparative and theoretical way. This book will be of key interest to scholars and students of comparative politics. Experienced political researchers in Hong Kong will find this book illuminating, while comparative political scholars worldwide would also find it a handy introductory text to the critical case of Hong Kong. This book is also an excellent resource for instructors and students of Asian Studies, China Studies and Hong Kong Studies. **The Sports Development of Hong Kong and Macau** Brian Bridges, Marcus P. Chu, 2019-10-23. China's sports history and its contemporary role in the global sporting community have become well known, but the sporting history and development of China's two Special Administrative Regions, Hong Kong and Macau, have not received the coverage they deserve, either in their historical contexts or since the handovers of control to the People's Republic of China. By

drawing on a multi national group of scholars and practitioners this volume makes a unique contribution to the understanding of sports development in greater China The essays in this anthology examine the evolution of key sports the hosting of sporting mega events the nexus of sports and politics identity issues and the role of sporting diplomacy The chapters provide not only an analysis of colonial legacies but also in depth accounts of the challenges to and outcomes of sports development in Hong Kong after 1997 and Macau after 1999 The chapters in this book were originally published in various special issues of *The International Journal of the History of Sport* **East Asia in Transition** Ingyu Oh, 2021-10-07

Both the Cold War view and the so called clashes of civilization view within the post Cold War perspective of international relations fail to explain why the entirety of East Asia is experiencing a worsening of intranational and international confrontations in the 21st century despite the high level of standards of living and the expanding freedom and democracy in the region Hong Kong and Taiwan refuse to reunite with China despite their cultural and ethnic similarities while South Korea and Japan are at loggerheads despite their long term friendship and strategic alliance with the US While Taiwan and Hong Kong are trying to maintain a distance from China South Korea wants to become closer to China and North Korea than ever before All these puzzles are explained by this book using the fresh concept of culture wars that has been developed by minority scholars of international relations Culture wars denote conflicts between peoples nations and states based purely on cultural differences despite similar levels of economic and civilizational progress What looms large in the East Asian culture war in the 21st century is the new conflict between Westernized cultural values and local cultures *China-Taiwan Rapprochement* Min-Hua Chiang, 2015-10-30 This book examines how since about 2008 the economy of Taiwan has become ever more deeply integrated into the economy of China It goes beyond a consideration of trade and investment flows and discusses also the large population flows the growing integration of the two financial systems and the nature of the deep economic integration at the industry and firm level It considers the impact of growing economic integration on society and politics assesses how China Taiwan economic integration is affecting the East Asian region more widely and explores the implications for international relations including the United States dominance in the region Overall the book presents a comprehensive analysis of all the issues **Living in the Margins in Mainland China, Hong Kong and India** Wing Chung Ho, Florence Padovani, 2020-05-06 With a range of case studies from Asia this book sheds light on empirical realizations of marginality in a globalized context using first hand original research In the late 2000s the financial crisis witnessed the fragility of high levels of market integration and the vulnerability of globalisation Since then the world seems to have entered an epoch of anxiety featuring populism with varying degrees of protectionism and nationalism What is the nature of this populist mood as a backlash against globalisation How do people feel about it and act upon it Why should specific intellectual attention be paid to the increasingly marginalised by the recent macroscopic structural changes These are the questions addressed by the contributors of this book illustrated with specific cases from mainland China Hong Kong

and India all of which have undergone substantial populist or nationalist movements since 2010 A valuable resource for sociologists looking to understand the impacts of globalization especially those with a particular interest in Asia **Die politischen Systeme Ostasiens** Claudia Derichs, Thomas Heberer, 2014-02-07 Die erheblich erweiterte und aktualisierte dritte Auflage dieses Lehrbuchs bietet die bislang weitreichendste und detaillierteste Studie über die politischen Systeme Ostasiens Sie zeichnet ein Bild des kontinuierlichen Wandels in der Region und orientiert sich dabei auch an sozialwissenschaftlichen Kategorien Ein unerlässlicher Band für ein tiefergehendes Verständnis der Veränderungsprozesse in der derzeit dynamischsten Weltregion 第二版 2019, 2022-07-06 2019 2019 2020 **Hong Kong Under Chinese Rule** Warren I.
