Smith,2022-04-07 What is hope A feeling Something you do A belief or a cluster of beliefs A way of perceiving the world Is hope the same as wishful thinking Hope is complicated Nevertheless hope can make our lives better In Understanding Hope Philip Smith combines theology psychology philosophy and his own experience of personal loss to help readers understand and practice hope Understanding Hope is short but it requires hard thinking It s worth the effort War Power, Police Power Mark Neocleous,2014-02-12 In this the first book to deal with the concepts of war power and police power together Mark Neocleous conducts a critical exploration of the ways in which war power and police power are intertwined in the form of state violence and exercised in social Escape from Dark Places Ambra Watkins,2015-12-01 Escape from Dark Places tells the author s personal story of how she and her son battled anxiety and depression The author takes you on a journey to answer questions such as How big is the problem Why is the number of those suffering trending upward And how can we help reverse the trend and stop the stigma The author takes a cross disciplinary approach drawing on history psychology science and philosophy to construct a viable solution Escape from Dark Places provides the background and framework for change with practical guidelines for engaging young people and their parents grandparents mentors and church leaders in effective intergenerational dialogue Hope in the Age of Addiction Chip Dodd,Stephen James,2020-08-04 Between alcohol illegal drugs prescription drugs pornography gambling and eating disorders fully 25% of the population of the United States is addicted to something Those addictions are taking a massive physical emotional spiritual and financial toll on individuals families and communities The problem can feel insurmountable But there is a solution at once ancient and supported by the latest in neuroscientific research With an honest assessment of the facts yet always reaching out toward hopeful solutions counselors Chip Dodd and Stephen James explain what addiction really is how it works and why it is so damaging to our hearts souls minds and relationships They then take us beyond mere coping techniques that allow us to function to the real solution restoring our broken relationship with our Creator so that we can rediscover how to live fully the way we were created to live Each chapter includes the personal story of a recovering addict told from the addict s point of view The authors also include a list of books organizations workshops and treatment centers people can turn to for help along the road to lasting recovery **The Effects of Gender, Age, and Anxiety on Hope** Melanie Wells,2005 **Hope in a Democratic Age** Alan Mittleman,2009-07-02 How and why should hope play a key role in a twenty first century democratic politics Alan Mittleman offers a philosophical exploration of the theme contending that a modern construction of hope as an emotion is deficient He revives the medieval understanding of hope as a virtue reconstructing this in a contemporary philosophical

idiom In this framework hope is less a spontaneous reaction than it is a choice against despair a decision to live with confidence and expectation based on a rational assessment of possibility and a faith in the underlying goodness of life In cultures shaped by biblical teaching hope is thought praiseworthy Mittleman explores the religious origins of the concept of hope in the Hebrew Scriptures New Testament rabbinic literature and Augustine He traces the roots of both the praise of hope in Jewish and Christian thought and the criticism of hope in Greco Roman thought and in the tradition of philosophical pessimism Arguing on behalf of a straightened sober form of hope he relates hope as a virtue to the tasks of democratic citizenship Without diminishing the wisdom found in tragedy a strong argument emerges in favour of hope as a way of taking responsibility for the world Drawing on insights from scriptural and classical texts philosophers and theologians ancient and modern Mittleman builds a compelling case for placing hope at the centre of democratic political systems Forming

Communities of Hope in the Great Unraveling Alan J. Roxburgh, Roy Searle, 2025-05-08 In the midst of a massive unraveling where the churches find themselves disoriented and paralyzed this book invites leaders to embrace three practices formed out of God's engagements with God's people in Scripture and our traditions that direct us toward forming communities of hope *Mere Hope* Jason G. Duesing, 2018-06-01 How are Christians to live in such difficult times Unique of all people Christians are called to embrace a hopeful outlook on life Mere Hope offers the core Christ centered perspective that all Christians share and that Christians alone have to offer a world filled with frustration pain and disappointment For those in darkness despair and discouragement for those in the midst of trials suffering and injustice mere hope lives The spirit of the age is cynicism When our leaders our families and our friends let us down at every turn this isn't surprising But we need another perspective we need hope Rather than reflecting resigned despair or distracted indifference author Jason Duesing argues our lives ought to be shaped by the gospel of Jesus a gospel of hope Hope in an Age of Terror Paul J.

DaPonte, 2009 How Christians can find hope in today's world of violence and uncertainty by following the model of the Trinity This theological reflection on evil and suffering violence and revenge and identity and otherness attempts to answer an urgent question of our time What are we to do now that they have done this to us How should we respond to this injury this evil *A History of World Societies, Volume C: 1775 to the Present* John P. McKay, Bennett D. Hill, John Buckler, Roger B. Beck, Clare Haru Crowston, Patricia Buckley Ebrey, Merry E. The End of the World Ulrich H. J. Körtner, 1995-01-01 In this book Ulrich Kortner addresses the issue of apocalyptic anxiety by offering a theological and philosophical evaluation of the apocalyptic In particular Kortner looks at how theology responding in pastoral sensitivity should deal with apocalyptic fears and anxieties Kortner concludes that real meaning and hope for the world is possible only after the world s inhabitants deal constructively with the stark reality of the world s end

*Fighting for More Golden Years: Battling Disease and Embracing Hope After Age 65* Daniel Muller, 2025-03-25 This is my personal story of battling leukemia as I entered my so called golden years Turning 65 marked the beginning of a series of profound changes brought on by both family struggles and personal health challenges Eventually I was diagnosed with a rare form of leukemia I endured grueling chemotherapy fought through debilitating side effects and then faced yet another blow new heart complications and the looming possibility of a second entirely different cancer The two years chronicled in this story are about more than just survival they are about fighting to hold on to my golden years for as long as possible while seeking hope through faith and the support of loved ones There are many books about miraculous recoveries and countless guides on maintaining a long healthy life through diet exercise and wellness habits But this is a different kind of story It is about confronting the stark realities of a declining quality of life and the ever present specter of death while still striving to remain positive hopeful and grounded in faith one day at a time

*Hope in a Secular Age* David Newheiser, 2019-12-19 Uses premodern theology and postmodern theory to show the endurance of religious and political commitments through the practice of hope

*Not Quite Hope and Other Political Emotions in the Gilded Age* Nathan Wolff, 2019 Not Quite Hope and Other Political Emotions in the Gilded Age argues that late nineteenth century US fiction grapples with and helps to conceptualize the disagreeable feelings that are both a threat to citizens agency and an inescapable part of the emotional life of democracy then as now In detailing the corruption and venality for which the period remains known authors including Mark Twain Harriet Beecher Stowe Henry Adams and Helen Hunt Jackson evoked the depressing inefficacy of reform the lunatic passions of the mob and the revolting appetites of lobbyists and office seekers Readers and critics of these Washington novels historical romances and satiric romans a clef have denounced these books fiercely negative tone seeing it as a sign of cynicism and elitism Not Quite Hope argues in contrast that their distrust of politics is coupled with an intense investment in it not quite apathy but not quite hope Chapters examine both common and idiosyncratic forms of political emotion including crazy love disgust cynicism election fatigue and the myriad feelings of hatred and suspicion provoked by the figure of the hypocrite In so doing the book corrects

critics too narrow focus on sympathy as the American novel's model political emotion. We think of reform novels as fostering feeling for fellow citizens or for specific causes. This volume argues that Gilded Age fiction refocuses attention on the unstable emotions that continue to shape our relation to politics as such.      **Age of Hope** Aisha Ayub, 2017-07-06. The human world has been at peace with the Otherworldians for millennia now. Humanity has all but forgotten about supernatural beings. That was the way it was supposed to be. However, something has happened that has tipped the balance in the favour of war. Something wicked has come our way. Hundreds of humans are being killed in supernatural ways, and it's up to the Queen of Hell, Angel, and the Magus, Angel Ai, to team up and fight for peace. With their mates by their side to help them and the world at stake, will they be able to save humanity's demise and find their own happily ever after along the way? Who is the killer?

**Finding Naasicaa** Charles Ringma, 2006. This series of letters written by Ringma, a theologian, to his 19-year-old granddaughter addresses issues of life, faith, spirituality, and social transformation. Its winsome clarity forces a serious rethink regarding the central claims of the Christian faith.
