From Belly Fat to Belly Flat Genie James, C. W. Randolph, 2010-01-01. Weight loss research shows that the average person will add 1 to 2 pounds around their abdomen each year between the ages of 35 and 55 without changing their eating or exercise habits. Noted expert Dr. C. W. Randolph explains why estrogen dominance, a natural shift in hormone production that begins at age thirty, which causes weight gain and sabotages the most steadfast attempts at shedding it. Even worse, estrogen places the added weight around the middle, which has a negative impact both aesthetically and medically. Once estrogen dominance has taken hold, it creates a vicious cycle: fat cells will produce even more estrogen, which then biochemically predisposes the body to add on even more pounds. Here, Dr. Randolph introduces the three-step plan he's used with success in thousands of patients. In simple language, Dr. Randolph lays out the facts about bioidentical hormones and explains what foods and

supplements guard against or reverse estrogen dominance He also shares client success stories and presents practical eating plans recipes and shopping guides to put the advice into practice Zone Meals in Seconds Barry Sears, 2009-03-17 A quick easy family friendly cookbook for the millions of Zone households around the world Millions of people worldwide have discovered the incredible weight loss and health benefits of living in the Zone For almost 10 years Lynn and Barry Sears have maintained a completely Zone friendly kitchen With two daughters one a finicky first grader and one a vegetarian teenager Lynn has had to use all of her creative and culinary skills to keep her family healthy and happy Zone Meals in Seconds combines Lynn s hard won wisdom and valuable experience with Barry s Zone expertise and medical knowledge in the first ever family friendly Zone book From quick and easy family dinner recipes and snack tips to advice on packing school lunches and surviving backyard barbecues this book is a must have for people who want to experience the incredible benefits of the Zone but need help answering the all important question What do I eat Written with the help of an experienced chef and recipe developer Zone Meals in Seconds offers more than 200 fast and family tested recipes for Zone approved breakfasts lunches and dinners
