Thorold,Arthur Hornblow,Arthur Hornblow (Jr.),Perriton Maxwell,Stewart Beach,1914 **Ladies' Home Companion** ,1926 **The Universalist Leader** ,1922 **Parting Gifts** Katrina Anne Willis,2025-07-30 Broken by their unorthodox Midwestern childhood sisters Catherine Anne and Jessica Mathers search for love acceptance and worth often in the most unlikely places Catherine the oldest of the Mathers sisters is an English professor battling breast cancer with Cytoxan red wine and profanity Anne is a wife and stay at home mother of two struggling to make ends meet in a suburban existence that both suffocates and confounds her Jessica the youngest by ten years and estranged by choice from her family is an exotic dancer who feels safer on stage than in a relationship But when the sisters are faced with an incomprehensible loss they are forced to reevaluate themselves their damaged bonds and their fragile future *Parting Gifts* illuminates one highly dysfunctional family s tentative desperate crawl toward a life of meaning and worth **The Synergy of Film and Music** Peter Rothbart,2013 Although writers on film music frequently allude to specific parts of scores comprehensive examinations of entire scores are rare In addition most analyses of scores composed for the screen are discussed outside their cinematic context To best understand the role music plays in the production of a

motion picture however it benefits the viewer to consider all of the elements that comprise the film experience In *The Synergy of Film and Music* Sight and Sound in Five Hollywood Films Peter Rothbart considers the aural and visual aspects of five representative films *West Side Story* *Psycho* *Empire of the Sun* *Altered States* and *American Beauty* For each film the author demonstrates how a variety of elements work together to create a singular experience After reviewing the various roles that music can serve in a film as well as providing an overview of the film scoring process Rothbart looks at each film examining them one musical cue at a time so the reader can watch the film while reading about each cue In these analyses timecode markings from commercial DVDs are provided in the margins alongside the text which allow the reader to correlate the on screen drama to the second Rothbart explains how music is used in a specific cue and why the decision was made to use that particular musical idea at that moment Consequently film music aficionados as well as students and composers of film music can gain real world perspective of how music is used in conjunction with other elements In this way the author raises awareness of music's relationship to virtually every other aspect of cinema dialogue sound effects costuming set design and cinematography to deepen the viewer's experience Written in a deliberately nontechnical way this book is intended for anyone interested in film to easily follow along At the same time the information can benefit professional filmmakers or composers because they can see with great detail how each cue unfolds along with all of the visual elements of the film This unique analysis makes *The Synergy of Film and Music* a fascinating and instructive volume that both casual viewers and students of cinema will appreciate

Reports of cases heard and determined in the Appellate Division of the Supreme Court of the State of New York ,1923      **Formations of Ritual** David Scott,1994 *Formations of Ritual* was first published in 1994 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Yaktovil is an elaborate healing ceremony employed by Sinhalese in Sri Lanka to dispel the effects of the eyesight of a pantheon of malevolent supernatural figures known as yakku Anthropology traditionally has articulated this ceremony with the concept metaphor of demonism Yet as David Scott demonstrates in this provocative book this use of demonism reveals more about the discourse of anthropology than it does about the ritual itself His investigation of yaktovil and yakku within the Sinhala cosmology is also an inquiry into the ways in which anthropology by ignoring the discursive history of the rituals religions and relationships it seeks to describe tends to reproduce ideological often specifically colonial objects To do this Scott describes the discursive apparatus through which yakku are positioned in the moral universe of Sinhala traces the appearance of yakku and yaktovil in Western discourse evaluates the contribution of these figures and this ceremony in anthropology and attempts to show how the larger anthropology of Buddhism in which the anthropology of yaktovil is embedded might be reconfigured Finally he offers a rereading of the ritual in terms of the historically selfconscious approach he proposes The result points to a major rethinking of the historical nature not only of the objects but also of the concepts through which they are constructed in anthropological

discourse David Scott teaches in the Department of Anthropology at the University of Chicago      *The Home Visitor's Manual*
