Dermatology for the Primary Care Provider Reid A. Waldman, Jane M. Grant-Kels, 2021-07 Designed for today's busy family physicians *Dermatology for the Primary Care Provider* is an easy to use reference covering the diagnosis and management of commonly seen dermatologic conditions. It provides practical everyday guidance for quick reference at the point of care including management pitfalls, clinical warning signs, specific treatment recommendations, and much more. Packed with need-to-know information, this unique resource is invaluable both when you are confident in your diagnosis and need guidance on next steps or when you need step-by-step assistance on initial management in the absence of a definitive diagnosis. Highlights common management pitfalls, how to rule out acutely dangerous entities, and clinical warning signs requiring urgent referral. Provides specific treatment recommendations including which level of therapy is necessary, clear instructions on how to prescribe, and what to watch for. Includes numerous treatment algorithms throughout, as well as a differential diagnosis overview list in every chapter with cross references to the corresponding page. Contains helpful information on patient education, as well as answers to commonly asked patient questions. Enhanced eBook version included with purchase. Your enhanced eBook allows you to access all of the text, figures, and references from the book on a variety of devices.

Common Dermatologic Conditions in Primary Care John J. Russell, Edward F. Ryan Jr., 2019-09-20 This book offers a guide to common dermatologic conditions most often treated by primary care providers. Most dermatologic disorders in the United States are treated by primary care physicians, and yet primary care training programs do not prioritize dermatology. This easy-to-use reference answers that need with practical recommendations for diagnosing and treating these common diseases, along with a number of illustrative color images. Throughout, chapters are either organized by population and the dermatologic conditions common to those groups or diseases commonly encountered in primary care. Populations covered include children, pregnant women, and athletes, and common diseases covered include dermatitis, warts, herpes, psoriasis, and some skin cancers. This is an essential resource for primary care physicians, physician assistants, and nurse practitioners who treat dermatologic conditions in their daily practice.
