Magus Advent Mage Cycle Book 2:

Advent Honor Raconteur, 2012-03-01 Good work Balancer I frowned at the title All I did was transport her here Raile Yes so you did he agreed in a tone that clearly didn't agree with me at all Perhaps you don't consciously realize this Garth but its little things like this that are restoring balance to Chahir No task can be done in just one stroke of effort it takes many strokes and much sustained effort He's right I started reviewing all of the things I had done over the past two years memories flicking through my head almost too fast to follow Each choice led to another my choice to leave my home in Tobadorage and seek refuge in Hain led directly to my actions now bringing a Queen into exile And each choice each action on my part had started the chain reaction that was bringing magic back into Chahir *Advent Mage Compendium* Honor

Raconteur, 2012-08-01 A collection of short stories from the Advent Mage Cycle **Magus Revealed** Tesha

Geddes, 2023-03-21 Cass Once again I have plans for my life and the Fates don't care I just want to marry my fianc study my magic and runes and live a nice quiet life I'm sure when the Fates heard my plans they laughed and laughed But is it really too much to ask that we skip all the kidnapping and assassination attempts Kion I lost her once When I got her back I vowed to treasure each day with her When Marda's Scorpion Guard attack Cass one day I realize our troubles are far from over If I want to have a life with her I'll have to fight for it with everything I have But will it be enough Clean fantasy romance dragon shifters magic adventures and a sarcastic heroine *Mages Unbound* Laura Engelhardt, 2020-11-13 It's ironic to find out your whole life has been a lie when you're married to a truth teller If only Mary could find some humor in it She's drowning her sorrow in vodka and song when a surprise visit from her youngest sister jolts her into accepting the magical reality hidden from her for fifty years Mary's epiphany can't come soon enough because her fresh start may be the only thing that can save her siblings and the world from an utter meltdown As the two Bant sisters grapple with sirens faeries and the FBI in America their brother is trapped in a high stakes game of mage politics in Australia Meanwhile middle sister Amy's malfunctioning mage sight forces her to seek help from the very same mages who tricked her once before Can Mary pull herself together in time to rescue her family from the coming war *Mages Unbound* is a 450 page dramatic fantasy told from the perspective of the Bant family members This is Book 2 in the Fifth Mage War Series a magical epic about sirens faeries and family ties What readers are saying about the Fifth Mage War series This is a complex epic fantasy in a contemporary world filled with faeries and magical beings An utterly unique fantasy fiction story I thought I was buying a regular urban fantasy instead this was a totally different fantasy ebook a rich epic fantasy set in the modern day Finally a fantasy for adults where the heroines are out of high school I loved the political intrigue and challenges The end was intense Can't wait for the next book This is why I have a kindle unlimited subscription to find unique urban fantasy ebooks like this one It was a mashup of a rich epic fantasy with faeries and an urban fantasy where the adult characters were powerful and smart women It's a different kind of urban fantasy book because the characters are grownups in the middle of their lives instead of early

twenties I loved the powerful female mages and fae in the story A lot of urban fantasy novels have sassy or feisty women But this one has strong women characters Such a new and unusual spin A complex high fantasy with multiple main characters Because there are several stories that ultimately intersect I feel you have to let the book unfold This wasn't a classic urban fantasy with witches or an epic with elves and warriors In this series powerful female mages face off against other powerful female mages with the rest of the world caught in between I loved the complications of this rich epic Plus there were high tech flying carpets which is cool It's not light hearted and the dramatic intensity appealed to me It makes sense that one of the characters used to sing opera This story has that kind of vibe it wasn't paranormal or epic or urban It was a mix of all of them and that made it something different Honestly it was like high fantasy but set in the real world The problems the characters face are interesting difficult and complicated I wanted to read something different from the more formulaic books I was reading from established authors and this was new

Being Remade Lissa Bolts, 2021-03-28 So the entire mage world is looking for me Who cares I'm not going back I've finally tasted freedom and even though I hate that I accidentally left my sort of boyfriend behind there's no way I'm giving this up Not yet I've got things to do here If I'm going to change the world I'll need to see it first Preferably before Mother reduces everything to dust waging her deadly war So I'm blending in Learning what it takes to be a regular mage Pretending I'm not the missing Heir plastered all over the news The only problem is keeping my Ruling Powers hidden is proving tougher than I thought The other mages They're starting to notice I'm different Sooner or later they're going to figure me out And while not everyone looking for me wants me dead one thing is clear If I don't see this mission through It's game over For all of us
