- \* If alternate to Cat Pumps® custom-blend, premium grade, petroleum-base hydraulic oil is used, change cycle should be every 300 hours.
  - \* Each system's maintenance cycle will differ. If system performance decreases, check immediately. If no wear at 1500 hours, check again at 2000 hours and each 500 hours until wear is observed. Valves typically require changing every other seal change.
- Duty cycle, temperature, quality of pumped liquid and inlet feed conditions all effect the life of pump wear parts and service cycle.
- Remember to service the regulator/unloader/relief valve at each seal servicing and check all system accessories and connections before resuming operation.

Physical Asset Management Nicholas Anthony John Hastings, 2021-01-12. This book presents a systematic approach to the management of physical assets from concept to disposal, building upon the previous editions and brought up to date with the new international standards ISO 55002 and ISO TS 50010. It introduces the general principles of physical asset management and covers all stages of the asset management process, including initial business appraisal, identification of physical asset needs, capability gap analysis, financial evaluation, logistic support analysis, life cycle costing, strategic asset management planning, maintenance strategy, outsourcing, cost benefit analysis, disposal, and renewal. Features include providing a textbook for asset management courses to university level, relating closely to the ISO 55000 international asset management standard series, providing a basis for the establishment of physical asset management as a professional discipline, and presenting case studies, analytical techniques, and numerical examples with solutions. Written for practitioners and students in asset management, this book provides an essential foundation to the topic. It is suitable for an advanced undergraduate or postgraduate course in asset management and also

offers an ideal reference text for engineers and managers specializing in asset management reliability maintenance logistics or systems engineering      **Bus and Rail Transit Preferential Treatments in Mixed Traffic** Alan R. Danaher, 2010 TRB s
