Color and Shape Books for All Ages Cathie Hilterbran Cooper,2000 Color and Shape Books for All Ages calls attention to more than 450 titles focused on the concepts of color and shape The purposes of the color and shape books range from simply learning the names of colors or identifying simple shapes to recognizing intricate geometric shapes or even understanding how color affects responses moods and attitudes **The Little Book of Books**

Calum Harris,2019-09-03 Making books by hand has never been cooler with this inspiring guide to 30 top bookmakers working today plus 21 tutorials for essential techniques to make your own books Crafters artists writers and book lovers can t resist a beautifully handbound book Packed with wonderfully eclectic examples this book explores the intriguing creative possibilities of bookmaking as a modern art form including a wide range of bindings materials and embellishments Featured techniques include everything from Coptic to concertina binding as well as experimental page treatments such as sumi e ink marbling and wheat paste In addition to page after page of inspiration from leading contemporary binderies Little Book of Bookmaking includes a practical section of 21 easy to follow illustrated tutorials *Hacking the Boardroom* Ralph

Ward,2025-09-01 It s scary in the boardroom Global board members now face punishing hands on oversight demands for risk technology liability diversity and sustainability Yet the board of directors system our universal governance model was never designed for such a demanding tactical role Board members urgently need solid tips tools and advice to make this exploding

governance transition survivable Ralph Ward's new book gathers these first hand best practice boardroom hacks from around the world intelligence that boards must have now to do a better oversight job with less time less effort and fewer legal dangers These are how to insights from front line board members CEOs corporate staffers top consultants and legal advisors Such intelligence is learned the hard way through trial and error in most boardrooms Now readers can discover this valuable boardsmanship insight collected in a single volume Topics include What are the hottest new demands on boards tech oversight risk ESG etc and how are boards managing them How on earth does a director absorb the huge amount of data reports and research required for governance now How board committees are taking on the heavy lifting of oversight and blueprints for committee management How smart boards and staff are turning technology online board portals and meetings and AI into practical tools to shake up meetings What sticky behind boardroom doors leadership liability personal and process flashpoints bring the most danger and how are directors resolving them [Saving the Corporate Board](#) Ralph D. Ward, 2003-05-12 Ward reveals ten specific failings that are built into our boardroom model and provides real world fixes to get boards back on track Ward mixes tart insightful analogies what do boards have in common with volunteer fire departments the U S electoral college and Howard Hughes with proven nuts and bolts advice for putting any board back on track Order your copy today [From Boardbook to Facebook](#) Adele M. Fasick, 2011-07-13 Discover new approaches for extending children's library services beyond the library building and learn how to utilize technology to bring learning to children wherever they may be The ways in which we communicate learn and interact have changed drastically in the last decade and this worldwide revolution applies to the youngest members of society as well Today's books and learning materials are being presented and used in new and different ways From the toddler's first boardbooks to the young teen's conversations on Facebook children are interacting with print and media rather than passively listening or viewing Libraries can contribute to this interactive world by inviting children to take an active role in their library collection and library service experiences This book examines the impact of new technologies on children's experiences of books and libraries and demonstrates how librarians can adapt to new technologies and integrate library services into the lives of today's children From Boardbook to Facebook Children's Services in an Interactive Age draws on current research to illuminate how children's use of media has changed in recent years and suggests ways in which new technologies can be integrated into library services now and in the future [Tell Me a Story](#) Clare Beswick, Sally Featherstone, 2013-09-12 Tell Me a Story helps practitioners to build progression into a favourite part of the day for all children Matched to the development stages of the EYFS Each page features activity boxes labelled for each age group showing how each area can be approached by children at different stages of development The format makes it easy to select the level of activity appropriate for each child making these books ideal for groups of mixed ages When returning to the same areas later the user can choose another activity to support progression and extend learning **Creativity and Children's Literature** Marianne Saccardi, 2014-07-31 Today's

students need to be able to do more than score well on tests they must be creative thinkers and problem solvers The tools in this book will help teachers and parents start students on the path to becoming innovative successful individuals in the 21st century workforce The children in classrooms today will soon become adult members of society they will need to apply divergent thinking skills to be effective in all aspects of their lives regardless of their specific occupation How well your students meet complicated challenges and take advantage of the opportunities before them decades down the road will depend largely upon the kind of thinking they are trained and encouraged to do today This book provides a game plan for busy librarians and teachers to develop their students abilities to arrive at new ideas by utilizing children s books at hand Following an introduction in which the author defines divergent thinking discusses its characteristics and establishes its vital importance chapters dedicated to types of literature for children such as fantasy poetry and non fiction present specific titles and relevant activities geared to fostering divergent thinking in young minds Parents will find the recommendations of the kinds of books to read with their children and explanations of how to engage their children in conversations that will help their creative thinking skills extremely beneficial The book also includes a case study of a fourth grade class that applied the principles of divergent thinking to imagine innovative designs and come up with new ideas while studying a social studies science unit on ecology
