Being an Intergenerational Church Suzi

Farrant, Darren Philip, 2023-08-31 There is a growing realisation across mainstream churches that age segregated models of connecting with children young people and families are not working Drawing on their extensive experience Suzi Farrant and Darren Philip set out a vision for bringing the generations back together to become the intergenerational church we are designed to be In conversation with the writings of Dietrich Bonhoeffer they develop a theological rationale for intentional intergenerational relationships of mutuality lived out within the core activities of the church Through an exploration of the Christian practices of humility hospitality participation discipleship joy worship discernment and testimony they call the church to re discover its DNA as an all age community of transformation Making New Disciples Mark Ireland, 2015-12-10 Ten years on from their first book *Evangelism Which way now* which has become a valuable and much recommended resource Mark Ireland and Mike Booker aim to take people a step further *Making New Disciples* offers a practical approach based on careful theological reflection and years of hands on experience in local church leadership theological education and the national church The book is not so much a Which guide to the available resources as a wrestling with the paradoxes of evangelism in a changing world backed up with plenty of stories and specific examples Testing Fresh Expressions John Walker, 2016-04-01 *Testing Fresh Expressions* investigates whether fresh expressions of church really do what is claimed for them by the fresh expressions movement and in particular whether their unique approach helps to reverse trends of decline experienced by traditional churches Part 1 examines those claims and untangles their sociological and theological assumptions From a careful study of factors underlying attendance decline and growth Part 2 argues that long term decline can be resisted only if churches are better able to attract children the non churched or both Part 3 tests the comparative ability of a group of growing parish churches and a group of fresh expressions to resist trends of decline and discovers some intriguing social dynamics common to both groups Part 4 argues that fresh expressions do not fulfil the unique role often claimed for them but that they do have the capacity to help reinvigorate the whole church **Fresh X - das Praxisbuch** Michael Moynagh, 2016-04-07 *Fresh Expressions of Church* Neue Glaubensgemeinschaften sprie en pl tzlich an den ungew hnlichsten Orten aus dem Boden in Caf s Fitnesscentern Pubs und unter Leuten die ein gemeinsames Interesse verbindet wie Fahrr der reparieren filzen oder kochen Und Christen lernen auf ganz neue Art ihren Glauben im Alltag zu leben Michael Moynagh erkl rt was eine Fresh X ist wie sie funktioniert und warum es sie geben sollte Er erl utert die Schritte die man gehen muss um eine Fresh X zu gr nden ohne einen Fahrplan vorzugeben Wer Michael Moynaghs neues Buch zur Hand nimmt bekommt keine theoretische Abhandlung aber eine theologisch kluge Hinf hrung zur Praxis durchsetzt mit einer F lle von ermutigenden und ber hrenden Erfahrungen und Geschichten Oft hei t es dabei how to aber ebenso oft It is the Spirit s Agenda Und das alles mit der gewohnt soliden Qualit t des britischen Vordenkers f r Fresh Expressions Prof Dr Michael Herbst Universit t Greifswald Michael Moynagh versteht es in seinem Praxisbuch sowohl theologisch tiefgreifend als auch praxisnah inspirierend zu schreiben Wer dabei ist neue Gemeindeformen im deutschsprachigen Kontext zu realisieren wird

develop youth as life long participants in the Christian church and in the Christian faith The result of such a model of ministry is that youth come to see church only as those segregated activities reserved for teenagers most of which bear little resemblance to the practices of the rest of church life Consequently when youth graduate from high school and youth group they perceive that their most meaningful church experiences are ended Mainline congregations are now seeing the evidence of the real lack of impact of their youth ministries as the population of young adults in churches continues to shrink even those young adults who were once regular participants in church youth group programs In short the program driven model of youth ministry has failed to help youth find their place within the mission of the Church Rethinking Youth Ministry critiques this older paradigm and invites the reader into a dialogue to help rethink many of the deepest assumptions of youth ministry in the mainline church We challenge the consumerist goal of judging a youth ministry's success by the number of its participants We push back against the notion that a youth ministry is the sum total of the events on the calendar We rethink the place of volunteers and parents calling for a greater role of adults as spiritual mentors in the lives of church youth We send out a call for greater understanding of modern methods of teaching and the impact of brain research on the intellectual and spiritual development of youth and we re imagine a new role for mission within youth ministry which calls youth to see mission not as isolated activities but as the very heart of their faith journey Rethinking Youth Ministry serves as a theological companion and practical guide for all those working in the trenches of youth ministry who are seeking to offer students a deeper more consequential and active life long relationship with God through the ministry of Jesus Christ

Where am I guiding this church What am I trying to do I've come to the conclusion that the primary goal of cell ministry is to make disciples who make disciples Christ's last command to his disciples was for them to repeat the process and to reproduce new disciples But how were they supposed to do that This book answers these questions The early church followed Christ's pattern by making disciples through the house churches that periodically celebrated together in public worship In 2 Timothy 2:1-2 Paul tells Timothy to continue the discipleship process by passing on the pure gospel message to faithful men and women Even though the term disciple is later replaced by words such as brothers sisters Christians and saints the concept remains the same We in North America and the Western world often project our own cultural bias into Christ's great commission Matthew 28:18-20 Most discipleship books in fact assume that discipleship is an individualistic endeavor between me and God And yes there is an important individual aspect e.g. personal devotions etc Yet in Matthew 28 Jesus was talking to a group of disciples He wanted them to follow his example by making disciples in a group Jesus molded twelve disciples in a group and then sent them house to house So how does the cell church make disciples In this book I show how the cell small group works together with the cell system to make disciples who make disciples In the cell a potential disciple is transformed through community priesthood of all believers group evangelism and team multiplication In the cell potential disciples are formed through learning how to love one another exercising their gifts evangelizing together as a group and then sent forth as teams to start new groups Discipleship is a group process in the New Testament and God is calling his church to re-emphasize this truth The cell system ensures each leader has a coach and that training equipping track happens Then the cells gather together to worship and grow through the teaching of God's Word All three aspects are essential to form disciples Training is needed because disciples won't learn all they need to know in the cell Coaching ensures that each leader is cared for and receives shepherding The celebration service brings the cells together to hear God's Word worship and receive fresh vision The goal of the two-wing cell church is to make disciples who make disciples The cell church today makes disciples by following the early church pattern of cell and celebration Recommendations I've read all of Joel Comiskey's books but Making Disciples in the Twenty First Century Church is his best work yet In this book Joel reminds us that the real call and challenge of the Church is not developing leaders or numerical growth but making disciples who make disciples He also helps us understand why that is best done in a cell or small group context and gives us great insight about how to make that happen I'm looking forward to having all of our Pastors Coaches and Cell Leaders and Members read this book in the near future Dennis Watson Lead Pastor Celebration Church of New Orleans ____ I am so excited about Joel Comiskey's new book Making Disciples in the Twenty First Century Church When I'm asked what makes a cell church thrive I always say discipleship Thank you Joel for unpacking discipleship not just as an endeavor for individuals but as the critical element for creating a church community and culture that reproduces the Kingdom of God all over the earth I pray this book won't only be read but lived out as we were made to make disciples Jimmy Seibert Senior Pastor Antioch Community Church President
