

# MAKING DAVID INTO GOLIATH

HOW THE WORLD TURNED AGAINST ISRAEL

JOSHUA MURAVCHIK

# Making David Into Goliath Against

**Paul Hollander**

## **Making David Into Goliath Against:**

Making David into Goliath Joshua Muravchik, 2015-12-15 During the Six Day War of 1967 polls showed that Americans favored the Israelis over the Arabs by overwhelming margins In Europe support for Israel ran even higher In the United Nations Security Council a British resolution essentially gave Israel the terms of peace it sought and when the Arabs and their Soviet supporters tried to override the resolution in the General Assembly they fell short of the necessary votes Fast forward 40 years and Israel has become perhaps the most reviled country in the world Although Americans have remained constant in their sympathy for the Jewish state almost all of the rest of the world treats Israel as a pariah What caused this remarkable turnabout Making David into Goliath traces the process by which material pressures and intellectual fashions reshaped world opinion of Israel Initially terrorism oil blackmail and the sheer size of Arab and Muslim populations gave the world powerful inducements to back the Arab cause Then a prevalent new paradigm of social justice in which class conflict was supplanted by the noble struggles of people of color created a lexicon of rationales for taking sides against Israel Thus nations can behave cravenly while striking a high minded pose in aligning themselves on the Middle East conflict

**Making David Into Goliath** Joshua Muravchik, 2014 During the Six Day War of 1967 polls showed that Americans favored the Israelis over the Arabs by overwhelming margins In Europe support for Israel ran even higher In the United Nations Security Council a British resolution essentially gave Israel the terms of peace it sought and when the Arabs and their Soviet supporters tried to override the resolution in the General Assembly they fell short of the necessary votes Fast forward 40 years and Israel has become perhaps the most reviled country in the world Although Americans have remained constant in their sympathy for the Jewish state almost all of the rest of the world treats Israel as a pariah What caused this remarkable turnabout Making David into Goliath traces the process by which material pressures and intellectual fashions reshaped world opinion of Israel Initially terrorism oil blackmail and the sheer size of Arab and Muslim populations gave the world powerful inducements to back the Arab cause Then a prevalent new paradigm of leftist orthodoxy in which class struggle was supplanted by the noble struggles of people of color created a lexicon of rationales for taking sides against Israel Thus nations can behave cravenly while striking a high minded pose in aligning themselves on the Middle East conflict

*Jews Against Themselves* Edward Alexander, 2017-07-05 This volume features powerful essays by Edward Alexander on the phenomenon of anti Zionism on the part of the Jewish intelligentsia It also analyses the explosive growth of traditional anti Semitism especially in Europe among intellectuals and Muslims Alexander notes that anti Zionism has established a presence even in Israel where it frequently takes the form of intellectuals sympathizing with their country s enemies and perversely apologizing for their own existence Alexander begins with an examination of the origins of Jewish self hatred in nineteenth century Europe He then explores the mindset of disaffected Jews in reacting or failing to react to the two events that shape modern Jewry the Holocaust and the founding of the State of Israel The book concludes with a focus on

contemporary anti Zionism including three essays about the role played by Jews in the Boycott Divestment and Sanctions Movement to expel Israel from the family of nations A final essay addresses the need for American Jews to decide whether they are going to judge Judaism by the standards of The New York Times or The New York Times by the standards of Judaism

*Cases in International Relations* Donald M. Snow, 2022-02-24 Designed to complement the main themes of any introductory international relations course Snow s bestselling text presents original case studies that survey the state of the international system and look in depth at current issues The cases are extremely timely geopolitically diverse accessibly written and of high interest and salience amidst today s headlines Cases cover enduring concepts like sovereignty diplomacy and national interest to emerging concerns like foreign election interference the COVID pandemic cybersecurity and global climate change

Margaret Thatcher Robert Philpot, 2017-07-06 Margaret Thatcher s premiership changed the face of modern Britain Yet few people know of the critical role played by Jews in sparking and sustaining her revolution Was this chance choice or simply a reflection of the fact that as the Iron Lady herself said I just wanted a Cabinet of clever energetic people and frequently that turned out to be the same thing In this book the first to explore Mrs Thatcher s relationship with Britain s Jewish community Robert Philpot shows that her regard did not come simply from representing a constituency with more Jewish voters than any other but stretched back to her childhood She saw her own philosophical beliefs expressed in the values of Judaism and in it too she saw elements of her beloved father s Methodist teachings Margaret Thatcher The Honorary Jew explores Mrs Thatcher s complex and fascinating relationship with the Jewish community and draws on archives and a wide range of memoirs and exclusive interviews ranging from former Cabinet ministers to political opponents It reveals how Immanuel Jakobovits the Chief Rabbi assisted her fight with the Church of England and how her attachment to Israel led her to internal battles as a member of Edward Heath s government and as Prime Minister as well as examining her relationships with various Israeli leaders

Three Faces of Antisemitism Jeffrey Herf, 2023-12-11 Three Faces of Antisemitism examines the three primary forms of antisemitism as they emerged in modern and contemporary Germany and then in other countries The chapters draw on the author s historical scholarship over the years on the form antisemitism assumed on the far right in Weimar and Nazi Germany in the Communist regime in East Germany and in the West German radical left and in Islamist organizations during World War II and the Holocaust and afterward in the Middle East The resurgence of antisemitism since the attacks of September 11 2001 has origins in the ideas events and circumstances in Europe and the Middle East in the half century from the 1920s to the 1970s This book covers the period since 1945 when neo Nazism was on the fringes of Western and world politics and the persistence of antisemitism took place primarily when its leftist and Islamist forms combined antisemitism with anti Zionism in attacks on the state of Israel The collection includes recent essays of commentary that draw attention to the simultaneous presence of antisemitism s three faces While scholarship on the antisemitism of the Nazi regime and the Holocaust remains crucial the scholarly intellectual and political

effort to fight antisemitism in our times requires the examination of antisemitism's leftist and Islamist forms as well. This book will be of interest to scholars researching antisemitism, racism, conspiracy theories, the far right, the far left, and Islamism.

**Historical Dictionary of Israel** Bernard Reich, David H. Goldberg, 2016-08-30 Since its creation the State of Israel has been a magnet for attention. A country beset by conflict in its region and faced with the need to integrate mainly Jewish immigrants of disparate backgrounds into a modern and advanced democratic state and society, Israel has preoccupied observers, scholars, and journalists since its independence in May 1948. Although a Jewish state, Israel is also a democratic state that guarantees the rights of all of its citizens, including its large Arab and Moslem minority, in law and in practice. Israel and its modern history and politics have been the subject of substantial and often highly partisan literature, being hotly and vigorously debated both at home and abroad. This third edition of *Historical Dictionary of Israel* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 1100 cross-referenced entries on significant persons, places, events, government institutions, political parties, and battles, as well as entries on Israel's economy, society, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about the various diplomatic and political personalities, institutions, organizations, events, concepts, and documents that together define the political life of the Jewish state of Israel.

**Jewish Internationalism and Human Rights after the Holocaust** Nathan A. Kurz, 2020-11-26 Nathan A. Kurz charts the fraught relationship between Jewish internationalism and international rights protection in the second half of the twentieth century. For nearly a century, Jewish lawyers and advocacy groups in Western Europe and the United States had pioneered forms of international rights protection, tying the defense of Jews to norms and rules that aspired to curb the worst behavior of rapacious nation-states. In the wake of the Holocaust and the creation of the State of Israel, however, Jewish activists discovered they could no longer promote the same norms, laws, and innovations without fear they could soon apply to the Jewish state. Using previously unexamined sources, Nathan Kurz examines the transformation of Jewish internationalism from an effort to constrain the power of nation-states to one focused on cementing Israel's legitimacy and its status as a haven for refugees from across the Jewish diaspora.

**Dangerous Doctrine** Robert G. Kaufman, 2016-05-13 Much like Margaret Thatcher and Ronald Reagan, President Barack Obama came to office as a politician who emphasized conviction rather than consensus. During his 2008 presidential campaign, he pledged to transform the role of the United States abroad. His ambitious foreign policy goals included a global climate treaty, the peaceful withdrawal of American military forces from Iraq and Afghanistan, and a new relationship with Iran. Throughout Obama's tenure, pundits and scholars have offered competing interpretations of his grand strategy, while others have maintained that his policies were incoherent or at best ad hoc. In *Dangerous Doctrine*, political scientist Robert G. Kaufman argues that the forty-fourth president has indeed articulated a clear, consistent national security policy and has pursued it with remarkable fidelity. Yet Kaufman contends that President Obama has imprudently abandoned the muscular

internationalism that has marked US foreign policy since the end of World War II Drawing on international relations theory and American diplomatic history Kaufman presents a robust critique of the Obama doctrine as he situates the president's use of power within the traditions of American strategic practice Focusing on the pivotal regions of Europe the Middle East and Asia this provocative study demonstrates how current executive branch leadership threatens America's role as a superpower weakening its ability to spread democracy and counter threats to geopolitical order in increasingly unstable times Kaufman proposes a return to the grand strategy of moral democratic realism as practiced by presidents such as Harry S Truman Ronald Reagan and George W Bush with the hope of reestablishing the United States as the world's dominant power

**Poisoning the Wells** Corinne E. Blackmer, Andrew Pessin, 2023-12-26 In twenty first century America antisemitism is on the rise especially on the extreme left the radical right and within political Islamism Expressions of this oldest hatred are also increasingly prevalent in popular culture where they are spread by politicians entertainers and celebrities the media social justice activists and religious leaders as well as in universities in schools on the streets and even in some instances by Jews Once Jews regarded the United States as die Goldene Medina the Golden Land where they could escape persecution and finally be free However this dream has not been realized and major trends are moving in the opposite direction In *Poisoning the Wells* leading scholars analyze contemporary antisemitism in the United States **Undeclared Wars with Israel** Jeffrey Herf, 2016-05-03 This book examines antagonism to Israel by East and West Germany from the Six Day War through the Cold War **Jimmy and Rosalynn Carter** E. Stanly Godbold, Jr., 2022 This dual biography of Jimmy and Rosalynn Carter the thirty ninth President and the First Lady chronicles their personal and professional relationships and their business and political successes The second volume of their dramatic story is filled with the emotional and political ups and downs of their lives as they managed a large family attempted to use their presidency to bring peace human rights and justice to all peoples of the world and dedicated the remainder of their long lives to making a safer more caring world **Religious**

**Fundamentalism in an Age of Conflict** David Makofsky, Bayram Unal, 2022-08-04 This book builds on the criticism of development theory eminent in mainstream European and American sociology and anthropology by identifying and describing the processes at work in the critical transformation of religious fundamentalism today Raising themes such as development and intersectionality and bringing together scholars from across the globe it considers how these processes are seen in the Muslim Christian and Jewish Zionist world and in China **Political Folly & Madness** Linda Chavez, 2016-09-16 Linda Chavez weighs in on the issues of the day from immigration to the Islamic State to the NFL's problem with domestic violence always with a thoughtful approach As a former liberal Chavez allows her strong conservative opinions to come through in a way that those on the left can digest them This is a collection of her nationally syndicated column from 2014

**The Last Historian in Galilee** M. M. Silver, 2025-04-17 What do the history and cultures of Judaism and Christianity have to say about the most urgent and complicated problems and crises of our times Is it a logical outcome of relations between

these faiths that Israel is increasingly accused of colonialism or genocide and also vociferously defended against these charges by Christians and Jews in America and elsewhere Is the widespread sense that truth in politics and public life has become an endangered species also a logical outcome of how Jewish and Christian relations and affairs have evolved since the period of Jesus and the Second Temple through to the start of the twentieth century and up to today And what about these religions and their histories and the glaringly unequal distribution of wealth in democracies today The three essays in The Last Historian in Galilee examine the three broad issues laden within such questions money truth and power Branching out from the Galilee region of Jesus youth where fracture between the two religions first erupted these readable lively essays survey how the two religions have related to these topics for two thousand years They end with a no holds barred discussion of the three topics contemporary expressions as in debates about Zionist colonialism

**From Benito Mussolini to Hugo Chavez** Paul Hollander, 2017-01-05 During the twentieth and twenty first centuries political dictators were not only popular in their own countries but were also admired by numerous highly educated and idealistic Western intellectuals The objects of this political hero worship included Benito Mussolini Adolph Hitler Joseph Stalin Mao Zedong Fidel Castro and more recently Hugo Chavez among others This book seeks to understand the sources of these misjudgements and misperceptions the specific appeals of particular dictators and the part played by their charisma or pseudo charisma It sheds new light not only on the political disposition of numerous Western intellectuals such as Martin Heidegger Eric Hobsbawm Norman Mailer Ezra Pound Susan Sontag and George Bernard Shaw but also on the personality of those political leaders who encouraged and in some instances helped to design the cult surrounding their rise to dictatorship

**Soft Threats to National Security** Dana Barnett, Efraim Karsh, 2021-11-29 This book explores the Boycott Divestment and Sanctions BDS phenomenon its impact and implications for Israel and the Palestinian Israeli conflict as well as the inextricable linkage between its anti Israeli anti Zionist propaganda and antisemitism unraveled from yet unknown perspectives The edited volume offers groundbreaking research While Israeli public diplomacy focused on security Palestinian diplomacy focused on a fabricated history The book analyzes the old Russian anti Zionist propaganda and its application by the BDS The public space of BDS activity projects a humane facade yet the covert part harbors antisemitic and violent supporters including terror groups and Iran Western universities turned into incubators of pro Palestinian groups that portray Israel as the source of evil The academic boycott of Israel worked to isolate and stigmatize Jewish scholars in America because of a presumed Jewish occupation of the American academe Western liberals wish to build bridges with the Muslim world unable to overcome differences on democracy secularism women's rights etc they focus on what they agree animosity towards Israel So has the UN the ICC Bedouin advocacy and Human Rights Watch The chapters in this book were originally published as a special issue of the journal Israel Affairs

**Cases in U.S. National Security** Donald M. Snow, 2019-01-29 Modeled after his successful Cases in International Relations now in its seventh edition revered author and scholar Don Snow presents an engaging and novel

approach to national security A series of brief case studies representing current and controversial policy problems facilitates deliberation and debate about competing policy ideas and encourages undergraduate students to think critically about issues of national security Cases include new strategies for containing the terrorist threat implications of President Trump's withdrawal from the Iran Nuclear Agreement and the increasingly adversarial relations with Russia focusing on Russian expansionism in its geographical domain and interference in the 2016 American presidential election as national security problems for America

**The Middle East and American National Security** Donald M. Snow, 2021-07-30 As a new administration reshapes American security policy a leading scholar of U S foreign relations and national security reviews the most critical problems facing the Middle East and the United States policy and actions to address them

The Middle East Riddle Luis Fleischman, 2021-02-23 A foreign policy expert provides a fresh and accessible analysis of the Israeli Palestinian peace process its complex obstacles and possible solutions Luis Fleischman is a sociologist and Middle East policy expert who has served as a senior advisor to government officials and members of congress In The Middle East Riddle he examines obstacles to achieving peace that transcend the negotiations process mostly relying on a broad sociological analysis Over the years the conflict between Israelis and Palestinians has seemed like an intractable conflict of opposing narratives Some argue that the Palestinians want to put an end to the State of Israel while others believe Israelis want to impose their sovereignty via settlement expansion However the history shows that the two sides have been very close to an agreement Fleischman examines a variety of nuanced solutions towards progress He analyzes the idea of a Palestinian Jordanian confederacy as well as a proposed Israeli unilateral withdrawal from most of the West Bank The book also explores the chances that the Palestinian security establishment that has worked together with the Israeli security establishment for years could generate the leadership necessary to restore order

## Embracing the Tune of Term: An Psychological Symphony within **Making David Into Goliath Against**

In a world consumed by monitors and the ceaseless chatter of immediate transmission, the melodic splendor and mental symphony created by the published word usually disappear in to the background, eclipsed by the persistent noise and interruptions that permeate our lives. However, set within the pages of **Making David Into Goliath Against** an enchanting literary prize full of raw emotions, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, this interesting masterpiece conducts visitors on an emotional trip, skillfully unraveling the concealed tunes and profound impact resonating within each cautiously crafted phrase. Within the depths of this poignant assessment, we shall explore the book is key harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
