Old Testament Exegesis, Fifth Edition Douglas Stuart, 2022-03-15 For years Douglas Stuart's Old Testament Exegesis has been one of the most popular ways to learn how to perform exegesis the science and art of interpreting biblical texts properly for understanding as well as proclamation This new edition includes a major revision and expansion of online and other resources for doing biblical research and updates past editions by including a helpful configuration of the format for the exegesis process Stuart provides guidance for full exegesis as well as for a quicker approach specifically tailored to the task of preaching A glossary of terms explains the sometimes bewildering language of biblical scholarship and a list of frequent errors guides the student in avoiding common mistakes No exegetical guide for the Old Testament has been more widely used in training ministers and students to be faithful careful interpreters of Scripture *Making Literature Matter* John Schilb, John Clifford, 2011-08-25 Students respond powerfully to literature when it explores issues that matter to them such as how love can be compromised by the demands of tradition how authoritarian injustice can be resisted and how popular culture influences behavior And when students learn to analyze and argue for how literature engages such issues and exerts such power they develop and hone their critical thinking and writing skills In its fifth edition *Making Literature Matter* continues to deliver on the promise of its title Its thematic anthology gathers memorable stories poems plays and essays into unique literary clusters addressing issues that rouse passionate responses in students At the same time its comprehensive rhetoric shows students how to harness those responses into thoughtful arguments about the issues raised by the clusters and the literature Read the preface This anthology is now available with video Learn more about VideoCentral for Literature

The Craft of Research, Fifth Edition Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams, Joseph Bizup, William T. FitzGerald, 2024-06-24 A thoroughly updated edition of a beloved classic that has guided generations of researchers in conducting effective and meaningful research With more than a million copies sold since its first publication *The Craft of Research* has helped generations of researchers at every level from high school students and first year undergraduates to advanced graduate students to researchers in business and government Conceived by seasoned researchers and educators Wayne C Booth Gregory G Colomb and Joseph M Williams this fundamental work explains how to choose significant topics pose genuine and productive questions find and evaluate sources build sound and compelling arguments and convey those arguments effectively to others While preserving the book's proven approach to the research process as well as its general structure and accessible voice this new edition acknowledges the many ways research is conducted and communicated today Thoroughly revised by Joseph Bizup and William T FitzGerald it recognizes that research may lead to a product other than a paper or no product at all and includes a new chapter about effective presentations It features fresh examples from a variety of fields that will appeal to today's students and other readers It also accounts for new technologies used in research and offers basic guidelines for the appropriate use of generative AI And it ends with an expanded chapter on ethics that

addresses researchers broader obligations to their research communities and audiences as well as systemic questions about ethical research practices This new edition will be welcomed by a new and more diverse generation of researchers

SOFTBACK EDITION The Power of Story Joan Wink Ph.D.,2017-11-07 Through this book readers will discover that stories can move the human heart and head in ways that research cannot Stories bring together readers writers librarians teachers students and families in the libraries of today and will continue to do so tomorrow Written for all those lovers of literacy this book links libraries and literacies through the power of stories The book is not filled with data in the form of pie charts graphs and tables Rather the truth of the research is grounded in authentic stories that reflect not only the interpretation of data but also the transformative nature of literacies and libraries The author's primary goal is that readers will come to value and use storytelling in their own professional and personal lives to explain and expand on complex concepts and to make information more accessible for all The book begins by presenting anecdotes and the author's personal story to lay the foundation for what literacies are and what literacy is not An activity Spiral of Literacy allows readers to reflect on their own literacies Chapters that follow each begin with a story that sets the theoretical foundation Each chapter concludes with an action section that demonstrates how to turn theory to practice whether you are in a library a classroom or at home A final chapter envisions what libraries might look like in 10 years through interviews with librarians teachers and others interested in literacy

Meals Matter Michael Symons,2020-06-02 Until the early nineteenth century political philosophy and economics were dining companions Both took up fundamental questions of how we should feed one another But with the rise of corporate capitalism modern economics lost sight of its primary task and turned away from the complexities of real people's sustenance in favor of the single minded pursuit of money In Meals Matter Michael Symons returns economics to its roots in the distribution of food and the labor required Setting the table with vivid descriptions of conviviality he offers a gastronomic rebuttal to the narrow worldview of mainstream economics Engaging with a wide variety of thinkers including Epicurus Enlightenment philosophers such as Thomas Hobbes and John Locke the gastronome Jean Anthelme Brillat Savarin and economic theorists from François Quesnay and Adam Smith through the neoliberals Symons traces how we went astray and how we can find our way back to a more caring sustainable way of life He finds hope for shared table pleasure in institutions like community gardens street markets and banquets and in eating fresh local and slow food An innovative historically based argument at the intersection of food history and social thought Meals Matter challenges us to reject the economics of greed in favor of a community based economics of sharing and gastronomic enjoyment

Making Literature Matter John Schilb,John Clifford,2014-09-26 Students have always responded powerfully to the memorable stories poems plays and essays gathered in distinctive clusters in Making Literature Matter's thematic anthology At the same time the book's chapters on reading writing and research help students harness those responses into persuasive

well supported arguments about the issues raised by the literature As ever the new edition of Making Literature Matter reflects John Schilb and John Clifford s careful attention to emerging pedagogical needs and trends In response to instructor requests they have expanded their treatment of argumentation and research and refined their approach to literary genres Further they read widely to identify some of the most engaging fiction poetry drama and nonfiction published recently and based their new choices for the sixth edition on how well that literature raises and explores issues that matter to students right now *RBI Assistants Guide for Preliminary & Main Exams with 3 Online Tests 5th Edition* Disha Experts,2021-02-04
