questions about Indian European relations and examines how Indian Indian associations were a major factor in the history of the Delawares Drawing extensively upon primary sources including treaty minutes deeds and Moravian mission records Schutt reveals that Delawares approached alliances as a tool for survival at a time when Euro Americans were encroaching on Native lands As relations with colonists were frequently troubled Delawares often turned instead to form alliances with other Delawares and non Delaware Indians with whom they shared territories and resources In vivid detail Peoples of the River Valleys shows the link between the Delawares approaches to land and the relationships they constructed on the land
